

76th Annual Report
2023-2024

Chairman's Statement

My fellow shareholders,

Since my last letter to you, the world has been increasingly challenged by geopolitical uncertainties. The war between Russia and Ukraine continues unabated with countless lives lost. Since early October 2023, we have seen enhanced hostility between Israel and Palestine, which too has led to multiple loss of lives. The continuance of this hostility has now spread to Red Sea transits where ships are being targeted with drone attacks. This stretch is an important artery for global shipping, with between 5% and 20% of trade moving through the year, depending on the sector.

More often than not, this unsettling landscape disrupts shipping routes, often leading to a rise in freight rates. We have seen this happen again, with many maritime sectors benefiting from this disruption.

Specific to us, the financial year 2023-24 was another strong year, and we reported our highest ever consolidated profit of ₹ 2614 crores. For the second consecutive year we reported a return on equity in excess of 20%! We also declared a dividend per share of ₹ 28.80. To commemorate our completion of 75 years in the business, we further declared a special dividend of ₹ 7.50 per share. This makes the total dividend for the year at ₹ 36.30 per share, the highest ever!

A more detailed analysis of the shipping markets, as well as the offshore oil and gas markets, is provided in the management commentary.

The nature of our business compels us to being price takers, and therefore, our performance is determined by extraneous factors beyond our control. So, whilst it is satisfying for me to talk about our highest ever profits for the year, it is eventually determined by reasons I have stated above.

Let me now focus on areas which are directly in our control and help build our brand with our customers. These include our safety record, our unplanned downtime, our maintenance of ships, and our audit record, be it by customers or by multiple regulators. This year, I am particularly happy and proud to report that in each of these areas, we have excelled and provided our best ever performance. I am particularly proud of our teams in our offices as well as on our assets, as this has been achieved on an ageing fleet.

As many of you know, we more often than not buy secondhand ships as opposed to building new ones. To acquire these secondhand vessels, we inspect multiple ships before determining any acquisition. It is this exercise that leads me to believe that our ships are better maintained than most owners in the world. This not only enhances our brand, but importantly shows that an Indian company and Indian seafarers can run the finest ships globally. What is true of our shipping assets is also true of our offshore assets. On the next page, we have shared some of the appreciative letters sent by our customers and others!

A lot of what we are achieving is due to our emphasis on training our seafarers. Towards this, we have created an excellent institute in Lonavala, where every year we train close to 400 boys and girls who wish to pursue a maritime career. In addition, this facility also continuously enhances the skills of the more experienced set of seafarers.

Another area where we are particularly proud is our commitment to enhancing the lives of those who are less fortunate. Since we first set up our corporate social responsibility foundation, we have disbursed about ₹ 94 crores, directly impacting the lives of more than 3 lakh people across the country. Over these years, our efforts have spread from just urban locations to some of the remotest villages of India, particularly the Northeast, an area often neglected. We take this responsibility as seriously as we take the responsibility of maintaining our assets to the highest standards.

Finally, we continue to set the bar higher. It will be upto our Company's resilience, and our thousands of employees, to collectively and individually meet this challenge as we serve our clients and our community.

With warm regards,

K. M. Sheth

Feedback from customers and others

Master, Jag Aalok

8-year-old bulk carrier, after PSC inspection at Rouen, France

"PSC inspectors have appreciated the housekeeping, safety culture and our company's contribution for maintaining such standards. They have stated they were not aware that Indian flag vessels are maintaining such high standards. They took details of our company including no. of ships and our MDs name."

United States Coast Guard on Jag Pooja

19-year-old product oil tanker in New York

"Vessel's hygienic condition, Living condition is excellent and well organised."

Vetting inspector on Jag Pranam

20-year-old product oil tanker at Mumbai Port

"Very impressed with the deck and engine room condition. The vessel defies her age."

Chevron Vetting inspector on Jag Leela

13-year-old crude oil tanker at Cartagena, Spain

"The internal spaces and storerooms were maintained in a tidy condition with a high standard of housekeeping being maintained throughout. The accommodation spaces including the food handling and preparation areas were maintained in a clean and hygienic condition."

Executive Director, EOA/HPHT Assets, ONGC

Re : PSV Greatship Prachi

"Everything maintained in an excellent fashion ; Great Teamwork. Keep up doing the good work for ONGC."

Chief General Manager (Production), ONGC

Re : Jackup Rig Greatdrill Chaaya

"This is the first time in the NH Asset that surface casings have been repaired below the spider deck which gave 3 healthy wells of HS platform. Further it will give a way forward to repair such wells and also a positive impact for cost savings... We are truly delighted by the level of commitment and professionalism demonstrated by your team."

Marine Operations, Chevron

Re: AHTSV Greatship Vimla

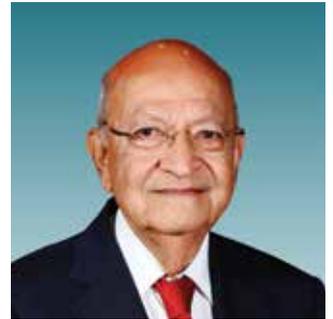

"Operations were performed safely. Handling of tow gear and connections were performed efficiently and as per procedures."

Operations SPV, ENI

Re : WSV Greatship Ramya

"Vessel was requested to be long time in DP while connected and it performed very well despite weather / sea condition changes."

GREAT EASTERN CSR FOUNDATION

The Great Eastern CSR Foundation (GECSRF) was established with the goal of positively addressing various socio-economic and environment issues under the three categories – Education, Health and Livelihood Development, creating maximum value for marginalised populations and underserved communities in India.

The fiscal year 2023-24 marked a significant year for GECSRF, characterised by substantial growth and notable portfolio expansion. This growth was primarily driven by increased funding from the Company, enabling the onboarding of new NGO partners and supporting new projects addressing challenging issues.

Additionally, efforts were made to identify geographies with limited access to CSR funds, leading to expansion into new underserved regions across India.

Here's an overview of our partnerships and activities during the year:

Partners

In FY 2023-24, GECSRF supported a total of **28 NGOs**.

While continuing support for 17 NGO partners working in Rajasthan, Gujarat, Chhattisgarh, Kashmir, Ladakh, Delhi, Assam, Manipur, Arunachal Pradesh, Odisha and Tamil Nadu, 11 new partners were onboarded. This extended our geographical reach to Bihar, Uttar Pradesh, Maharashtra, West Bengal, Meghalaya and Tripura. GECSRF is currently supporting 28 projects in 17 states in India.

Multi-lingual project in government schools to improve learning outcomes for students from tribal families in Dungarpur, Rajasthan.

Building capacities of community health personnel and ASHA workers to detect and reduce malnutrition in women and children in Kargil, Ladakh.

Empowering women weavers and artisans with skills to revive and promote local handloom micro-enterprises in Majuli island, Assam.

Project Field Visits

The team conducted in-person meetings with NGO partners and other stakeholders in the sector. Program monitoring and evaluation field visits were carried out for ongoing projects, along with due diligence visits to identify potential partners. These visits aimed to review project progress, interact with beneficiaries, and understand the impact of interventions.

CSR team field visit in the tribal belt of Mayurbhanj, Odisha.

Collaborative learning and sharing

GECSRF organised its Annual CSR Event on the 9th of February 2024, at Ocean House, Mumbai. The event brought together founders and leaders from partner NGOs, along with the management and senior leadership of Great Eastern Shipping and Greatship (India) Limited. It provided a platform for NGO leaders to share project updates with senior leaders from The GES Group, as well as an opportunity to network, exchange ideas, share best practices, experiences and explore partnerships.

CSR Talk Sessions

1. CSR talk session at Great Eastern Shipping: The first session took place in September 2023 at Ocean House, Mumbai. Mr. S. Balakrishnan, a Senior Leader from Vrutti, was the invited speaker. Since April 2023, GECSRF has partnered with Vrutti to uplift the lives of 3,000 small and marginal farmers in Kanker and Balod districts in Chhattisgarh. Mr. Balakrishnan presented insights on the realities of small farmers, their livelihood practices, and updates on how the project supported by GECSRF can benefit them, including increasing their output, improving produce quality, establishing market linkages, and boosting their incomes. The session concluded with an engaging session of questions and answers with the audience.

2. An online talk session with Asian Games athletes hosted by GESCO HR team: GECSRF funds the Olympic Gold Quest (OGQ) program aimed at training and supporting athletes and para-athletes to win Olympic medals. In November 2024, two OGQ-supported athletes who won in the Asian Games 2023 were invited as inspirational speakers for an online session with GESCO employees.

The session was motivating, as the speakers shared their journey and the challenges they overcame to succeed at the global level. Simran, as a para-athlete with visual impairment, set a remarkable example of self-belief, hard work, dedication, and discipline, proving that with support, one can achieve the seemingly impossible.

Tajinderpal Singh Toor (Athletics),
Gold Medalist in Men's Shot Put.

Simran Sharma, Para athletics (visually
impaired), Silver Medalist in T12 100m.

3. Employee Engagement session: The CSR team conducted a virtual session in March 2024 for all employees from Great Eastern Shipping, Greatship (India) Limited and seafarers to raise awareness about the CSR mandate and GECSRF's journey since 2015. Around 200 employees attended the session, which also highlighted ongoing projects across 17 states in India, focusing on health, education, and livelihoods. This initiative aimed not only to strengthen the company's commitment to social responsibility but also to instil the idea of individual responsibility and encourage active employee participation in future volunteering opportunities.

Key highlights of the year are provided below:

Thematic Areas Of Focus

GECSRF continues to prioritise and focus on three sectors: Education, Health and Livelihood Development.

I. EDUCATION

GECSRF is committed to supporting initiatives that aim to improve the quality of education, with a focus on building capacities of teachers and educators.

Our partners under the Education sector for the year 2023-24 include:

1. Adhyayan Quality Education Foundation (AQEF)
2. Alumni Association of College of Engineering 1990, Guindy (ACEG)
3. ATMA Education
4. Collective Good Foundation in partnership with Erehwon
5. Educational Initiatives/Give India
6. Karadi Cultural Alliance Trust (KCAT)
7. Language and Learning Foundation (LLF)
8. LearnHill Foundation
9. Saajha
10. Ummeed Child Development Center
11. Vision Empower Trust

II. HEALTH

GECSRF aims to improve health outcomes for adolescent girls, pregnant women, infants, and women from marginalised communities at large.

Our partners under the Health sector for the year 2023-24 include:

1. Anushkaa Foundation for Eliminating Clubfoot (AFEC)
2. Basic Healthcare Services (BHS)
3. Cuddles Foundation
4. Every Infant Matters
5. Inga Health Foundation (IHF)
6. Nourishing Schools Foundation (NSF)

III. LIVELIHOOD

GECSRF is committed to enhancing livelihood opportunities for women, children, and youth by supporting organisations focusing on skill-building, women empowerment, sustainable farming practices, and promotion of sports.

Our partners under livelihood development for the year 2023-24 include:

1. Ayang Trust
2. Foundation for Promotion of Sports and Games
3. Impact Foundation (India)
4. iPartner India
5. Mauna Dhvani Foundation
6. Medha Learning Foundation
7. Mrida Heart 'N Soil Foundation
8. Samast Mahajan
9. Sri Arunodayam Charitable Trust
10. Nudge Lifeskills Foundation
11. Vrutti

Annual CSR Event 2024

On February 9th, 2024, GECSRF hosted its 6th Annual CSR event at Ocean House, attended by our NGO partners and colleagues from Great Eastern Shipping and Greatship (India) Ltd. This gathering provided a platform for our partners to showcase their remarkable contributions in Education, Health, and Livelihood Development, highlighting the transformative impact on under-served communities from remote geographies, supported by GECSRF.

The event commenced with an overview of GECSRF, followed by presentations by NGO leaders to highlight the issues they are aim to address, share project updates and achievements, testimonials from the beneficiaries, and challenges they encounter. The evening concluded with a lively exchange of questions, comments, and engaging discussions among all participants.

The breadth of work showcased by the NGOs was inspiring and underscored the effectiveness of the support provided by GECSRF. Projects encompassed a diverse range of issues including nutrition programs for children with cancer, surgeries for skull

GECSRF aims to support organisations across India and will be keen to undertake interventions addressing the needs of vulnerable, marginalised, and low-income populations primarily in rural areas.

and face deformities, smart classrooms for children, and multi-lingual education programs. Capacity building trainings for women weavers, farmers, and caregiving services for intellectually disabled abandoned youth were also highlighted.

The presentations and discussions not only demonstrated the tangible results of ongoing projects but also reinforced the collective commitment to driving positive change.

Annual CSR Event, February 2024.

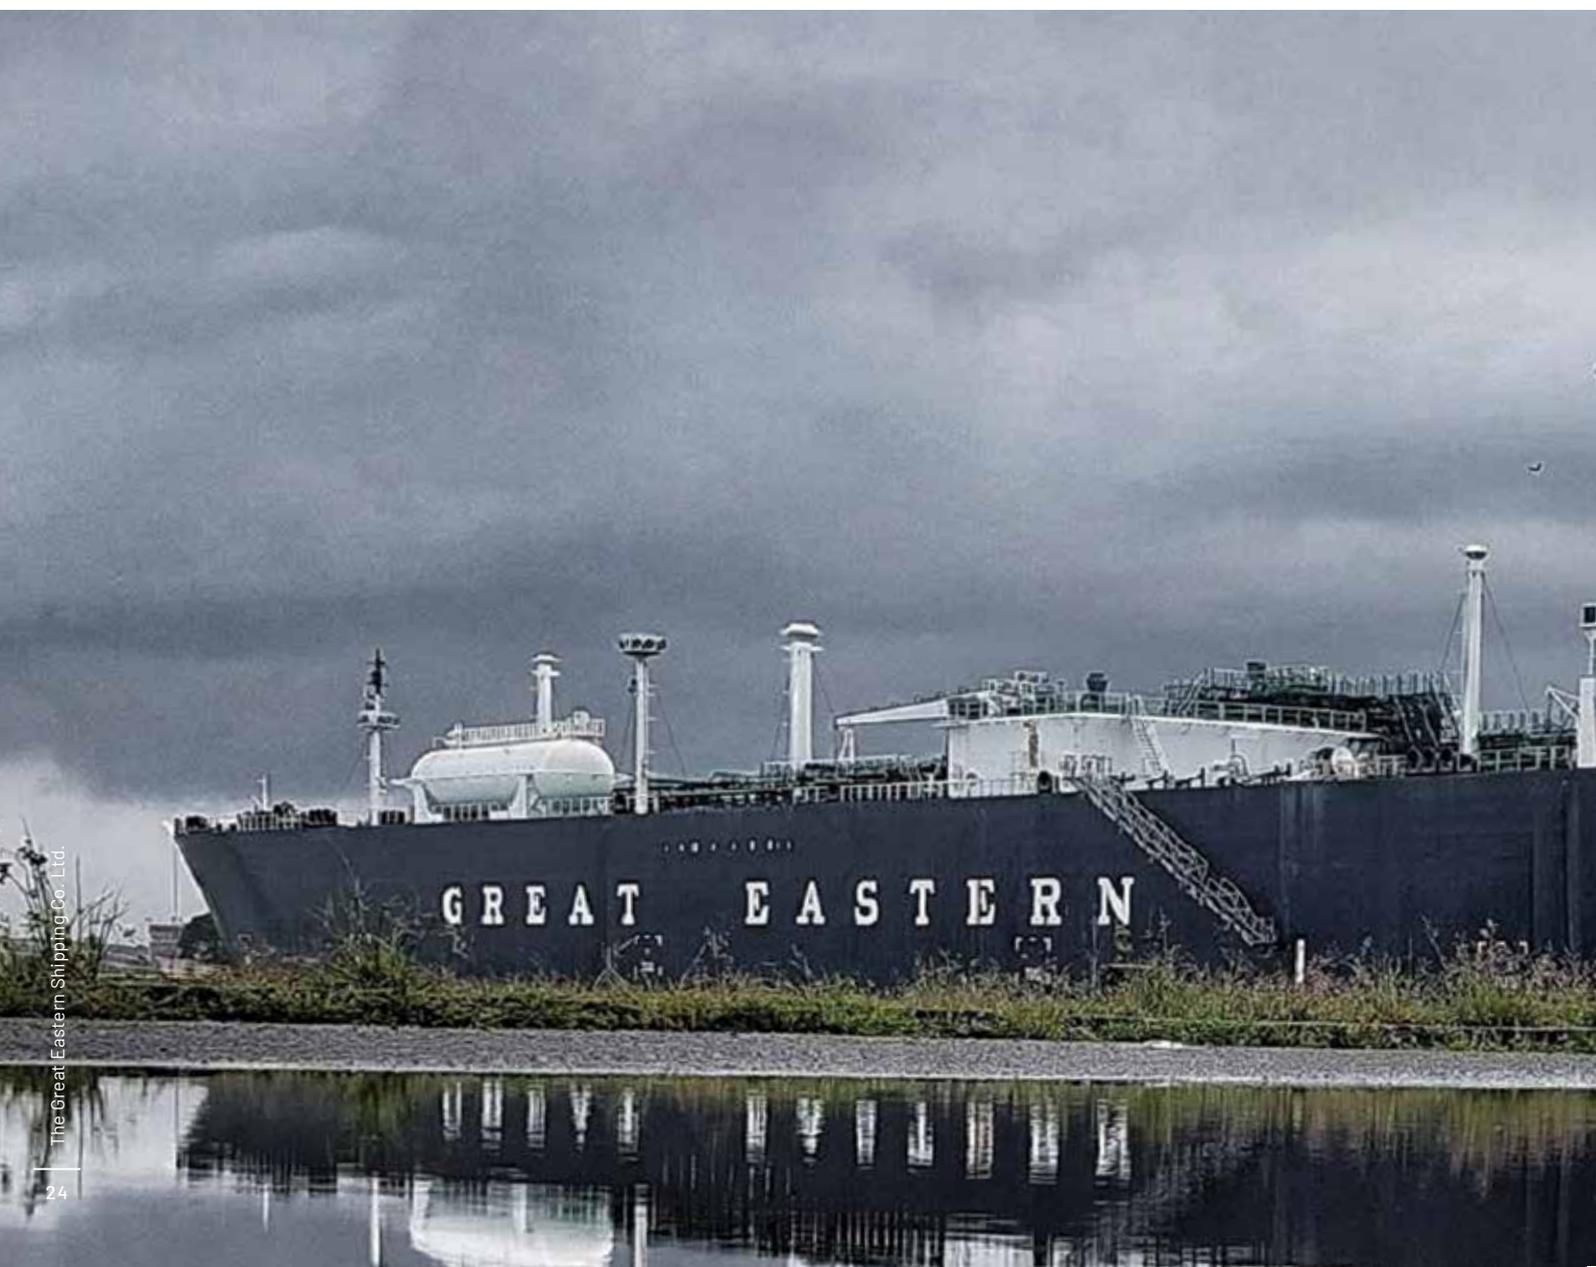

The Road Ahead

In our CSR efforts, we are emphasising the allocation of funds to underserved communities and geographies like the tribal belt in Odisha and far-flung regions in the North-East, where access to resources is limited. Additionally, we are focusing on addressing critical issues that struggle to attract sufficient funding, such as providing care and livelihood support to intellectually disabled and orphaned adults. We are also investing in innovative pilot projects, like the capacity building initiative on Artificial Intelligence and Robotics in Assam ITIs, in collaboration with the Assam government.

While we reinforce our commitment to supporting projects within these priority categories, we also aspire to foster collaboration among our partner organisations – both past and present – to promote collective and long-term, sustainable impact, thereby driving positive change in communities across the length and breadth of the country.

ESG Report

ESG Report

Introduction

Company at a Glance

The Great Eastern Shipping Company Limited (GE Shipping) is India's largest private sector shipping company having a formidable presence in the international maritime industry from past 75 years. Backed by an enviable clientele of customers, the Company strives to be the preferred shipping service provider for transportation of crude oil, petroleum products, gas and dry bulk commodities. With a pulse on the global market and a thorough understanding of the ever-evolving market needs, the Company is well equipped to anticipate the demands of its clients. The Company is currently certified to ISO 9001:2015, 14001:2015 and 45001:2018 standards.

Vision

- To lead our industry in safety standards, environmental protection, energy optimization and quality of operations.
- To be the provider of choice for our customers.

Mission

Consistent with the Company's policy and philosophy of maintaining professional excellence in all spheres of activity involving marine bulk transportation services, including Quality, Health, Safety, Security, Environment and Social Responsibility, our mission shall be:

- To own, operate and manage efficient ships with zero spills to sea, zero incidents, zero tolerance to drugs and alcohol, while protecting the lives of shipboard personnel, cargo and Company's own assets and reducing environmental emissions by employing best management practices;
- To provide a highly efficient and competitive marine bulk transportation service of quality, cost, reliability, delivery and security;
- To achieve excellence in our management systems and standards through continual improvement, by employing best practices through an efficient, responsive management and an empowered and highly motivated work force;
- To create enhanced value for our shareholders and other stake holders.

Core to what we have stated above lies our responsibility to multiple stakeholders. Within this lies the essence of our commitment towards environment, social and governance considerations.

About the report

The report has been prepared for the period from 01-04-2023 to 31-03-2024 in accordance with the maritime framework established by the Sustainable Accounting Standards Board (SASB), incorporating its indicators and related definitions, scope and calculations. This standard has enabled us to identify, manage and report on material ESG factors specific to our industry.

The below report is designed to provide the reader with a more granulated understanding on how we manage a broad range of ESG issues.

Summary

The organization's focus has always been on development and addition of various initiatives relating to Environmental, Social and Governance matters.

Highlights of this year are –

- Fitment of redesigned propellers on selected vessels to reduce overall emissions.
- Continued installation of ESDs like Mewis duct on selected vessels for improvement in energy efficiency and reduction in carbon emissions.
- Preliminary registration done on Gold Standards for generating voluntary market carbon credits for the applicable energy savings initiatives.
- Continued installation of BWTS on selected vessels for prevention of spread of invasive species in marine environment.
- Contracted with a reputed carbon trading company for purchase & management of EU Allowances.
- Enrolled selected ships in Environmental Ship Index (ESI) program.
- Continued flexible working option for shore employees by arranging for remote offices in Mumbai suburbs.
- TPA Services for the benefits of shore employees by providing larger pool of hospitals pan India closer to their homes.
- Providing annual health insurance benefits for senior officers and their spouses.
- Installed with high-speed internet infrastructure onboard selected ships to provide better & speed connectivity.
- Adoption of advanced software for performance monitoring & operations of vessels.

Climate risk and compliance with constantly changing regulations represent a significant challenge for the shipping industry. We monitor these changes closely and adjust our business accordingly. IMO has revised its emission reduction strategy and respective milestones in this year and has set a new ambition for net zero in 2050 for shipping industry. GE Shipping welcomes these new changes that will speed up the decarbonization in shipping industry.

Environment

Air Emissions and Marine Ecology

The most significant environmental and ecological risks posed by the shipping industry are related to emissions, discharges and spills. At GE Shipping, we recognize our responsibility to manage these risks and our overall environmental impact. Reducing emissions, correctly treating discharges, and preventing spills are the key considerations in our environmental Management System.

GE Shipping acknowledges the magnitude of the climate change challenge and the air pollution as a result of human activity, and the key role that the Company can play by achieving sustainable change. The Company aligns its decarbonization pathway with the IMO's revised GHG emission reduction targets of 40% by 2030, 70% by 2040 and net zero by 2050 and also aims to exceed them by exploring the new technologies and systems.

In our efforts to reduce emissions and conserve the environment, the Company has implemented or placed orders for following projects on various vessels during this year. Few of these will help us in complying with new IMO MARPOL Annex VI regulations – EEXI and CII requirements on emission reduction –

- ECGS to reduce SOx emission
- Mewis duct
- Redesigned propellers
- Combustion catalyst fuel additives
- LED lighting
- High performance paints
- BWTS to prevent spread of invasive species
- Hull Cleaning and Propeller polishing
- In-transit hull cleaning Robot
- Ultrasonic equipment for protection of propellers from biofouling

Organisation has always been at the forefront in abiding by the regulations and guidelines set by the IMO on climate change mitigation and protection of marine environment.

In our journey towards decarbonisation, we installed new redesigned propellers on 02 of our LR tankers during the drydocking of the respective vessels in this fiscal and rest of the 02 vessels will be fitted in Q1FY25. These new efficient propellers will help us in reducing emissions by 2-3%.

In Q3 FY24 we inducted a capesize bulk carrier which is fitted with exhaust gas cleaning system (scrubber), it will help us in reducing Sulphur emissions. Total vessels now in fleet having ECGS has gone up to 06. Rest of the fleet is using very low Sulphur fuel (VLSFO).

Towards compliance for the new regulations of Energy Efficiency Existing Ship Index (EEXI) which came into force from 1st Jan 2023, we have completed the installation of Overridable Engine Power Limitation (OPL) on all applicable vessels.

The Company has enrolled one more tanker in the Environmental Ship Index (ESI) program in this fiscal year, presently total 08 tankers are enrolled into ESI.

In our research on decarbonization we conducted trials with two technologies. One vessel we installed ultrasonic equipment for protection of propeller from biofouling, the trial is under progress and the expectation is that this will help us avoid regular propeller polishing and will keep propeller free of fouling thereby assist in emission reduction. The second technology, an In-transit hull cleaning robot was tried out on couple of ships, in this technology vessel staff can carry out hull cleaning of vertical sides during vessel's sea passage saving the cost on stoppage and regular hull cleaning.

The initiatives like installation of Redesigned propeller, MEWIS Duct, ECO-Cap and PBCF are helping us in reduction of underwater noise generated from our ships.

Your Company is tracking and monitoring the Carbon Intensity Indicator (CII) ratings for all its vessels. This will help the organization in timely identifying the vessels which will require improvement and appropriate actions can be planned accordingly. 88% of our ships are rated C or better basis the preliminary assessment.

To meet the new regulations, Emissions Trading System (ETS) from European Union (EU), your Company has contracted with a broker for the purchase and management of EUAs for non-pool vessels and for pool vessels it will be handled by respective pool managers.

Your Company has been assigned Spanish Registry for opening of Maritime Operator Holding Account for holding and submission of EUA allowances by EU. We have already initiated the process for the same and expect the account to be opened in Q1FY25.

All the Company vessels are complying with regulation 12 of IMO MARPOL Annex VI on Ozone Depleting Substance (ODS). Except one all of our fleet vessels do not use any ODS refrigerants in their shipboard machineries.

Spills, Discharges and Ecological Impact

Oil spills may have serious and long-lasting negative impacts on the ecosystem. Our ability to manage such risk is critical to the marine environment, our sector, our customers, and our corporate reputation. GE Shipping has preventive measures and procedures in place to reduce the risk of spills. The Company vessels are managed in accordance with international and local regulations. No oil spills or other types of spills to the environment were reported in FY24.

Ballast water is essential for safe and efficient shipping operations. It reduces stresses on the vessel's hull, substituting weight lost due to consumption of potable water and fuel and changes to cargo load. However, loading and unloading untreated ballast water poses serious ecological, economic and health risks as ships become a vector for the transfer of organisms between ecosystems. A ballast water exchange system involves the substitution of water in a ship's ballast tanks using either a sequential, flow-through, dilution, or other exchange method which is recommended or made obligatory by the IMO. A variety of technologies are used for ballast water treatment; most of our vessels are fitted with a system having combination of filtration and electrolysis technology to ensure that the treated ballast water is compliant with the IMO standards. As of 31st March 2024, only 02 vessels are having exchange systems and rest of the fleet has completed the installation of ballast water treatment systems. We intend to complete installations of treatment systems for remaining 02 vessels by Q1 FY 25, much before the IMO's mandated due date.

Sea life such as algae and molluscs attach themselves to the hull of a vessel, which slows it down and increases ship's fuel consumption. To prevent hull fouling, GE Shipping uses various high performance anti-fouling paints which are applied to the ship's hull. Also, we are continuously working to optimize our fleet for speed through hull and propeller maintenance. Cleaning and polishing routines of the propeller and hull are determined based on close monitoring of the vessel and its fuel performance efficiency. During FY24 we carried out hull cleaning on 29 vessels and propeller polishing of 36 ships.

We are complying with MARPOL's International Convention on the control of Harmful Antifouling systems on ships and maintain Anti-Fouling System Certificates for all our vessels. Additionally, other regional requirements such as New Zealand, Australia, USA etc. are also being complied with. We do not use antifouling paints containing banned substances such as Lead, TBT, Cybutryne, etc. on any of our ships.

GE Shipping is committed to the belief that ship recycling should always be performed according to strict safety, health, and environmental standards. The EU-SRR and IMO's Hong Kong Convention aims to ensure that ships, when recycled after reaching the end of their operational lives, do not pose a risk to safety of workers or to the environment. The Company does not plan to recycle any vessels in the foreseeable future as we have a young fleet of approximately 13.94 years average age. Our vessels are in compliance with the EU-SRR regulations and Hong Kong convention requirements on ship recycling as well as any recommendation from the Indian Flag Administration.

Approximately 8 million metric tons of plastic waste escapes into the ocean each year. The majority of this plastic is carried to sea by major rivers, and once at sea this plastic can be transported around the world. Once in the ocean, plastic waste of all kinds is harmful to birds, fish, and other marine life which can ingest plastics or become entangled in abandoned fishing gear. To reduce our consumption of single use plastic, we have implemented Ship Execution Plan on all our vessels towards compliance with the ban on Single use Plastic by India and Kuwait.

Social

We employ 1830 seafarers and 242 shore staff. Our employees are our most valuable assets, and their health and safety are our topmost priority. Safe working conditions, as well as healthy and motivated employees are key to GE Shipping's long-term success. We support and comply with international and national regulations ensuring human and labour rights throughout our operations and business activities.

Health, Safety and Security

We continuously strive to provide a safe and secure working environment and maintain the necessary safety and security measures to ensure the wellbeing of our crew and the safety of ships.

A detailed analysis of accidents and incidents for the entire fleet is prepared by HSEQ department in accordance with the OCIMF guidelines on Lost Time Injuries (LTIs) and Total Recordable Case (TRC) Frequency. The reports allow us to identify the root causes of these reported incidents and serve as a tool for future improvement.

We have a zero-accident ambition, and we operate by the principle that no serious injury or environmental incident is acceptable. All onboard personnel are appropriately trained ashore and onboard with a training program which includes both computer-based training as well as scheduled and unscheduled drills. All officers and crew members are encouraged to report unsafe acts, unsafe conditions, near misses and incidents. The data from these reports are tracked and used to drive continuous improvement in GE Shipping's safety culture.

We comply with the Maritime Labour Convention adopted by the International Labour Organization (ILO) in 2006. The Convention outlines the minimum requirements for seafarers to work, conditions of employment, facilities while on board and health and welfare protection. The Convention obliges all ships above 500 gross tons in international trade to have a Maritime Labour Certificate and a Declaration of Maritime Labour Compliance. All our vessels and crew are compliant with the Convention.

For the benefits of seafarers, a remote expert counselling service for mental wellbeing, enhanced pre-employment mental examination from the experts, annual health insurance for senior officers and their spouses and a dedicated crew relationship officer for managing their welfare to enhance their relationship with the organization have been implemented.

For benefit of shore employees the Company has arranged for TPA Services, which will give an option of larger pool of hospitals pan India to all employees closer to their homes. It has both cashless and reimbursement facility which can be used as per the convenience of employee.

For recreation, the Company has provided the holiday homes facility for all shore employees. We have tied up with multiple partners for three properties closer to Mumbai.

In view of Mumbai's rising traffic hassles, your Company has provided flexible working option for shore employees – Work from office, home and remote offices at 04 locations in suburbs of Mumbai (Goregaon, Thane, Vikroli & Navi Mumbai). This will help reduce their commute time and increase quality time with family. Company has also provided to and fro bus service between suburban regions of Mumbai and the head office in Worli to ease up the commute stress.

Your company from this year has introduced a facility of providing subsidized lunch for junior level employees working in Ocean House.

Equality and Anti-Discrimination

All recruitment processes at GE Shipping are governed by our Code of Business Conduct and Ethics; under this, we do not tolerate discrimination against any person on the basis of race, religion, colour, gender, age, disability, or any other basis prohibited by law in recruiting, hiring, placement, promotion, or any other condition of employment. Governance

Philosophy

Maintaining high standards of Corporate Governance has been fundamental to the ethos of your Company since its inception.

The Company believes that sound corporate practices based on transparency, credibility and accountability are essential to its long-term success.

These practices will ensure the Company, having regard to competitive exigencies and cyclical business environment, conducts its affairs in such a way that would build the confidence of its various stakeholders in the integrity of the Company and its Board.

Leadership

The Company's Board comprises of directors with an appropriate mix of skills, experience and personal attributes that allow the directors individually, and the Board collectively, to discharge their responsibilities and duties effectively and efficiently. The Board includes a judicious mix of Executive (promoter and professional) and Non-Executive (promoter and professional) directors, with a majority of Independent Directors. thereby maintaining the independence of the Board of Directors.

To focus effectively on the issues and ensure expedient resolution of the diverse matters, the Board has constituted a set of Committees with specific terms of reference/scope. The Committees operate as empowered agents of the Board as per their charter/terms of reference.

Under the supervision and control of the Board of Directors, the management of the Company is handled by the Deputy Chairman & Managing Director and the Executive Directors of the Company.

The Board of Directors is responsible for strategic guidance, taking into consideration interests of various stakeholders.

The functional heads of the Company, all of whom are professionals with requisite qualifications and experience, report to the Deputy Chairman & Managing Director and the Executive Directors.

The Company has a robust performance evaluation system. With a view to bring in objectivity and independence in the process of performance evaluation of the Board, its committees and individual directors, the Company engaged the services of Talentonic HR Solutions Private Limited ('Talentonic') to assist in conducting performance evaluation for FY 2023-24. Talentonic conducted the assessment in line with the regulatory requirements and leading practices in the market.

Governance Systems

The Company has robust internal financial and operational control systems. The policies and procedures adopted by the Company, inter alia, ensure the orderly and efficient conduct of business, safeguarding of assets, prevention and detection of frauds and errors, and accuracy and completeness of the accounting records.

The systems are tested and audited from time to time by the Company and the internal as well as statutory auditors.

Deloitte Haskins & Sells LLP are the statutory auditors of the Company. The internal audit is carried out by Ernst & Young LLP as well as Company's in-house Internal Audit department. The statutory as well as internal auditors report to Audit Committee. The scope of internal auditors is determined by the Audit Committee, comprising of non-promoter and non-executive directors.

The Company continues to adopt best practices to ensure the financial statements with unmodified audit opinion.

In order to meet compliance obligations and monitoring performance, the vessels / office of the Company are subjected to internal as well as external audits such as ISO audit, audit towards DOC, vetting by charterers, inspections by port authorities.

The business of the Company is conducted in compliance with applicable regulations such as shipping laws (including IMO regulations), corporate laws, tax laws, foreign exchange laws, etc. The Company is also subject to securities laws (including governance and disclosure requirements), as the securities of the Company are listed on stock exchanges in India.

The Company has a robust and agile Risk Management system to manage all the potential risks in the areas of business, operations, technical, financial, compliance, information technology, human resources, etc. on an ongoing basis.

Business Conduct and Ethics

The Company has Code of Business Conduct and Ethics which summarises the standards that guide actions of Board of Directors, senior management personnel, as well as all other employees of the Company. The Code helps to foster a culture of ethics, honesty and accountability and to create congenial working environment. The Company believes that everyone has the right to work in an environment that is free from discrimination, intimidation, harassment and abuse. Acts of fraud, corruption and bribery are expressly prohibited. The Code also provides guidance and help in recognizing and dealing with conflict of interest situations.

The policy framework of the Company also includes policy for prohibition of insider trading, sexual harassment policy, policy for related party transactions and whistle blower policy. The framework provides for adequate protection from retaliation to the complainants / whistle blowers acting in good faith.

The Company has also formally adopted the National Guidelines on Responsible Business Conduct as recommended by the Ministry of Corporate Affairs, Govt. of India, which are aligned with Sustainable Development Goals (SDGs) and the United Nations Guiding Principles (UNGP). The guidelines cover the environment, social and governance aspects of the businesses. The Company has always been following the principles as enunciated by the guidelines.

The Company's commitment to responsible business conduct is reflected in all of the Company's business activities and its relationships with shareholders, employees, customers, suppliers, creditors and regulatory authorities.

Industry Organisations

Being the largest private sector shipping company in India, the Company is aware of its responsibility towards the shipping industry. The Company is an active member of Indian National Shipowner's Association (INSA) and Baltic and International Maritime Council (BIMCO). Through its memberships, the Company takes an active role in solving various issues affecting the shipping business at large.

Social Responsibility

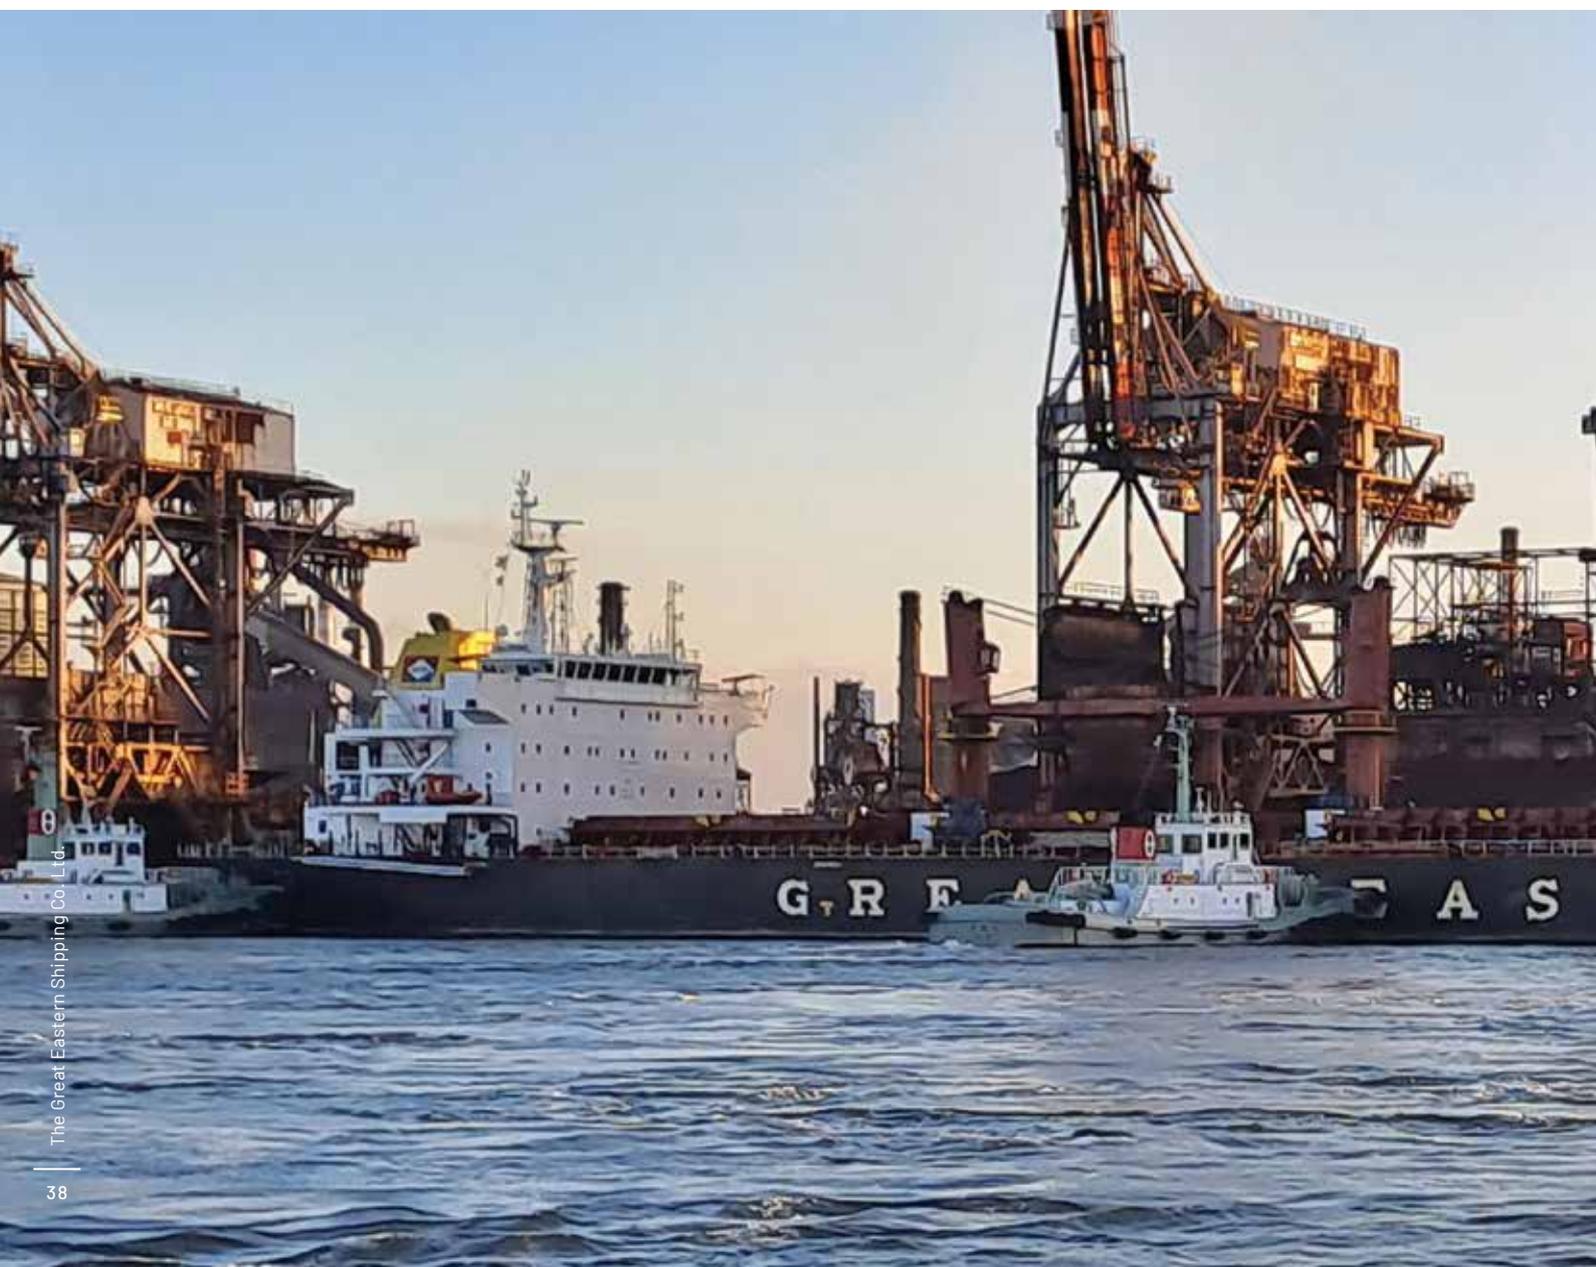

The Company looks at Corporate Social Responsibility ('CSR') activities as significant tool to contribute to the society. The CSR activities of the Company are primarily focused in the areas of education, health and livelihood. Through the Company's wholly owned subsidiary, Great Eastern CSR Foundation, the Company supports the vulnerable, marginalized and low-income population in India through social welfare activities undertaken in partnership with various non-government organisations (NGOs).

Disclaimer & Assumptions for SASB Reporting

	<p>This report was prepared by the Company's inhouse team. Information provided herein is based on the best available data at the time the report was issued. We generated some of this data internally. In cases where actual figures were not available, estimates have been provided. The data in the report is of the Company owned vessels only.</p>
^a CO2 emissions (metric tons (t) CO2-e)	<p>Calculations are based on the IMO emission factors and fuel consumption for the financial year. The financial control approach defined by the GHG Protocol has been applied (Scope 1).</p>
^b Total energy consumption (tj)	<p>Calculation are based on available fuel consumption data, using conversion factors from IMO GHG study.</p>
^c Average energy efficiency design index (EEDI) for new ships	<p>This is based on new ships entering the fleet in FY24. Fleet average EEDI is based on all newer ships in fleet (keel laid after July 2013). As no newly built vessels entered the fleet in FY24, EEDI is currently reported as not applicable (N/A).</p>
^d Particulate matter (pm), NOx, SOx emissions (metric tons)	<p>NOx, SOx and PM emissions from the combustion of fuels from owned vessels have been calculated based on the conversion factors from IMO GHG study, fuel consumed, and distance travelled by the vessels.</p>
^e Shipping duration in marine protected areas or areas of protected conservation status	<p>GE Shipping is currently not reporting on this parameter due to data unavailability.</p>
^f Percentage of fleet implementing ballast water exchange and treatment	<p>Only ships performing ballast water exchange with an efficiency of at least 95 percent volumetric exchange of ballast water have been included. When it comes to treatment, approved systems must discharge (a) less than 10 viable organisms per cubic meter that are greater than or equal to 50 micrometers in minimum dimension and (b) less than 10 viable organisms per milliliter that are less than 50 micrometers in minimum dimension and greater than or equal to 10 micrometers in minimum dimension.</p>
^g Spills and releases to the environment (number, cubic meters (m³))	<p>Any overboard spills and releases – intentional or accidental – shall be reported, even if the quantity is low and i.e. only causes a thin film or slight sheen upon or discoloration of the surface of the water.</p>
^h Lost time incident rate (LTIR)	<p>A lost time incident is an incident that results in absence from work beyond the date or shift when it occurred. The rate is based on: (lost time incidents) / (1,000,000 hours worked). In Company's SMS it is termed as Lost time injury frequency (LTIF).</p>

ⁱ Very Serious Marine Casualties	A marine casualty involving the total loss of the ship, a death, or severe damage to the environment that is not related to oil spill. Any deaths shall be reported. If the death is decisively concluded not to have anything to do with a marine (very serious) casualty such as latent and unknown illness shall be addressed separately for a case-by case discussion. Severe damage to the environment that is not related to oil spill is covered by "Very serious marine casualties".
^j Number of conditions of class or recommendations	Conditions of Class or Recommendations are understood to be interchangeable terms, defined as requirements imposed by the competent authorities that are to be carried out within a specific time limit in order to retain vessel Class. The data is for the vessels present in the fleet at the end of financial year.
^k Port state control	Number of port state control – (1) deficiencies and (2) detentions. Practices of port state controls reporting on deficiencies do not follow an entirely harmonized methodology making it less useful for reporting purposes without further explanations, hence we have chosen to report this number as a rate: number of deficiencies per Port State Control Inspection. Detentions are reported in number of actual cases. A detention is defined as an intervention action by the port state, taken when the condition of a ship or its crew does not correspond substantially with the applicable conventions and that a ship represents an unreasonable threat of harm to the marine environment etc.
Number of shipboard personnel	This figure represents the typical count of crew on board our fleet at any given time, based on standard crew complement. It does not reflect the aggregate number of individual crew members who have worked on board during the year.
Total distance travelled by vessels	The distance (in nautical miles) travelled by all vessels during the reporting period.
Operating days	Total operating days, i.e., total number of vessel-days for active vessels during the reporting year. Active vessels are referring to vessel(s) which were in possession of the company during the reporting year.
Number of vessels in total shipping fleet/dwt	Reported number of active vessels as on 31st March 2024.
Number of vessels port calls	Total number of port calls for the entire fleet during the reporting period.

MANAGEMENT DISCUSSION AND ANALYSIS

Company Performance

In Financial Year 2023-24 (FY 24), the Company recorded a total income of ₹ 4723.59 crores (Previous Year ₹ 5096.18 crores) and earned a PBITD of ₹ 3049.49 crores (Previous Year ₹ 3097.88 crores).

MARKET ANALYSIS

Crude Tanker Market

Crude tanker earnings had surged in FY23 to levels last seen in FY09, mainly propelled by sanctions on Russian crude exports. Earnings softened slightly year-over-year (y/y) in FY24 but still sustained strong levels from a historical perspective.

Global crude oil demand witnessed a growth of 2% y/y in FY24. A large part of the demand growth was contributed by pent-up Chinese demand post-reopening from lockdowns in 2023.

Crude production grew slowly at 1% y/y in FY24 and was mainly driven by the Atlantic basin supply as OPEC+ resorted to voluntary production cuts to defend crude prices.

The Atlantic basin saw sharp growth in crude oil supply (+6% y/y in FY24) driven by US, Brazil and Guyana. US production surprised the markets with nearly a 0.8 million barrels per day growth y/y, facilitating a record surge in US crude exports. Easing US sanctions also facilitated growth in Venezuelan crude exports.

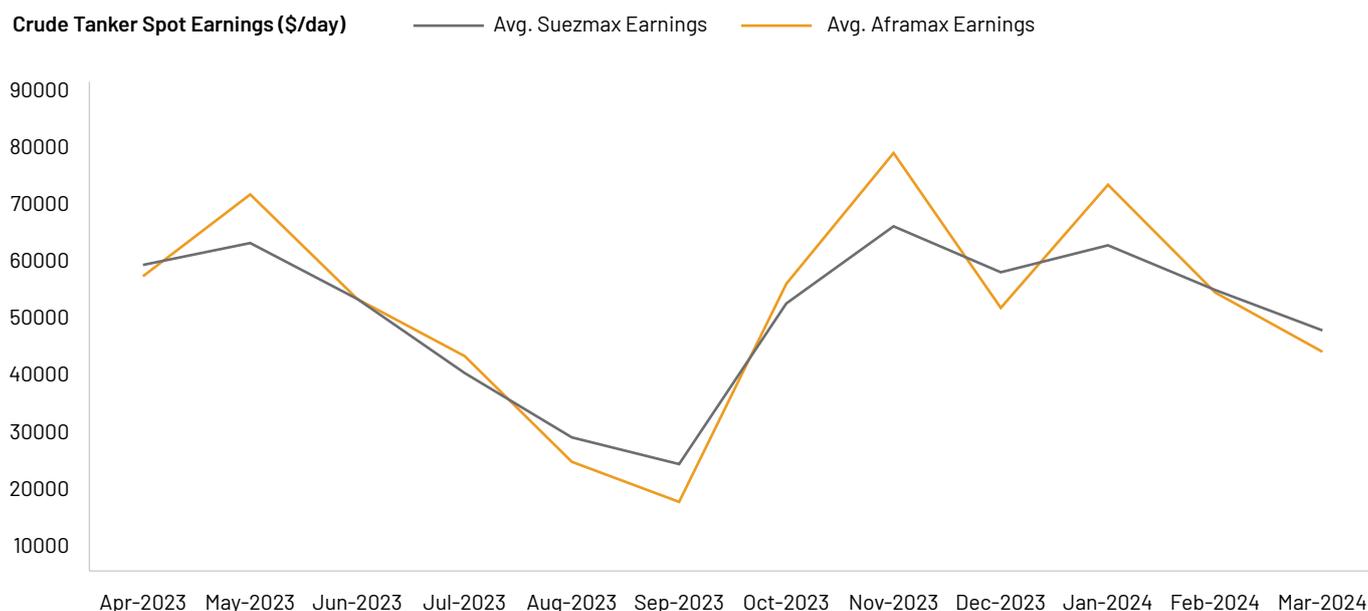

The structural dislocation caused by Russia's invasion of Ukraine in February 2022 continues to benefit the Aframax and Suezmax tanker segments. US and EU's efforts to tighten sanctions on the dark fleet, the lower discount of Urals (vs Brent), and payment issues with India have all made it challenging for Russian crude exports. Yet Russian seaborne exports increased by approximately 2% in FY24.

From early 2024, tanker markets were further buoyed by disruptions as Houthi attacks on ships in the Red Sea prompted a number of vessels to take the longer route around the Cape of Good Hope.

Overall, the global seaborne crude trade grew by approximately 1.9% y/y during FY24, with trade surpassing the levels last seen pre-pandemic. On the other hand, the crude tanker global fleet grew by 2.6% in nominal terms during the year. Additionally, due to the earnings differential between Aframax and LR2 tankers, 40 LR2s switched to dirty trading in FY24, adding to the fleet supply. Scrapping activity was negligible.

The table below captures spot market earnings for the Suezmax and Aframax tanker segments over the financial year (in \$/day).

	FY 24	FY 23	YOY change
Suezmax	49,403	56,713	-13%
Aframax	50,664	65,894	-23%

Product Tanker Market

The product tanker market has been witnessing a prolonged period of firm earnings since early 2022, following the onset of the Russia-Ukraine war. Like crude tankers, product tanker earnings softened y/y in FY24 but continue to be strong from a historical perspective.

Product tanker markets have been aided by strong refinery throughput, shifts in product trade patterns due to impacts from the Russia-Ukraine conflict, and the latest trade disruptions from the conflict in the Red Sea. Seaborne product trade volumes increased by an estimated 3.4% y/y in FY24.

New Middle East refineries in Kuwait, Oman and Iraq have ramped up production, and despite higher y/y maintenance in Saudi Arabia, Middle East product exports grew by 4% in FY24. Chinese product exports declined by 6% in the absence of any significant increase in export quotas.

Markets in the West fared well as North American exports jumped 4% y/y thanks to sustained demand from EU and lower unplanned refinery outages in US. Furthermore, the Panama Canal disruption in the second half of CY 2023 also aided West of Suez product tanker earnings.

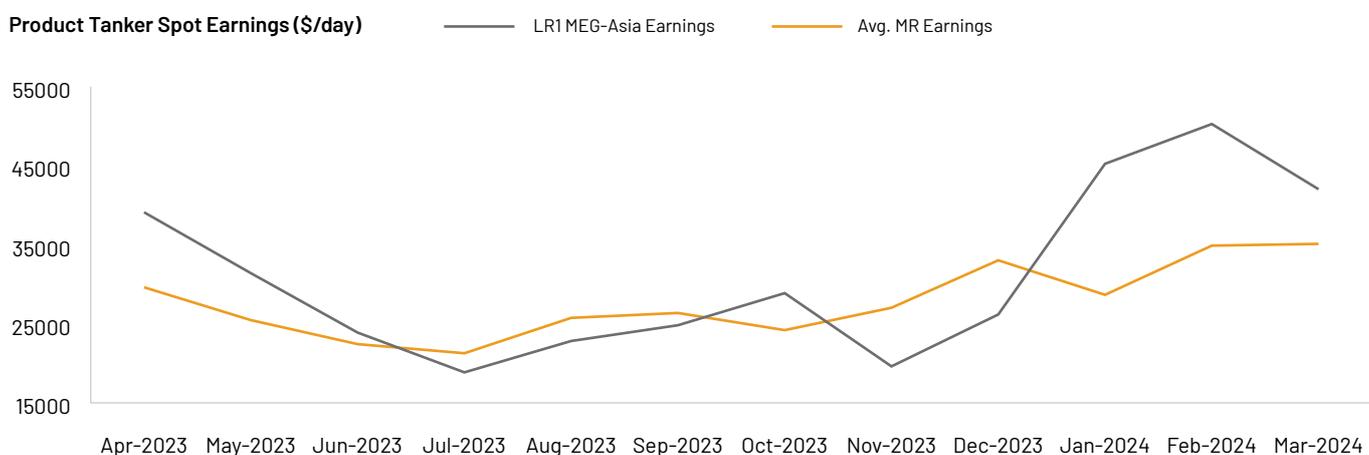

In early 2024, product tanker markets saw further upside from vessels rerouting away from the Red Sea onto longer voyages (via the Cape of Good Hope), which has added additional impetus to an already tight supply-demand balance. Average product tanker transits through the Suez Canal have dropped by 44% in Q4 FY 24.

Product tanker fleet supply grew by 2.3% in nominal terms. As highlighted above, the switching of LR2 vessels from clean trade to dirty trade has curtailed product fleet growth. Scrapping activity was also minimal.

The table below captures the market spot earnings of LR1 and MR product tankers over the financial year (in \$/day).

	FY 24	FY 23	YOY change
MR - Avg. Earnings	27,818	35,909	-23%
LR1 MEG-Asia Earnings*	31,090	39,092	-20%

Asset Values

Both crude and product tanker asset prices remain high. Values have increased anywhere between 5%-15% in FY24 depending upon the age profile and the type of the vessel.

Outlook

Oil demand growth is expected to slow down in FY25 as pent-up demand from the COVID recovery is largely behind us.

Oil balances are expected to tighten significantly in H2 of 2024; this may prompt OPEC+ to reverse some of the voluntary cuts in crude production, resulting in higher exports. Meanwhile, crude supply from Atlantic basin continues to grow at a strong pace which will aid ton-mile growth as these barrels have to travel longer to Asia - the key demand centre. OECD crude inventories remains below historic average levels but high inventory in China remains a key overhang.

Russia continues to remain a wild card due to mounting challenges in sustaining oil exports – threats include a tightening of sanctions and attacks on its energy infrastructure by Ukraine.

Tanker ton-miles will remain supported as long as the vessels continue to divert trade via Cape of Good Hope due to Red sea conflict.

Although the orderbook has built up recently, deliveries will remain under check at least in the coming year. Crude tanker deliveries would be ~1% of the fleet over CY 2024 while Product tanker deliveries would be about 2%. At the same time the current tanker fleet is ageing and this, coupled with new regulations (EEXI/CII), could lead to accelerated scrapping going forward.

LPG Carrier Market

The VLGC markets continued to sustain the momentum built over the last year and recorded robust earnings at levels last seen during FY15.

Chinese VLGC LPG imports increased by 18% y/y in FY24, led by the commissioning of new propane dehydrogenation (PDH) capacities. India and Southeast Asia also recorded healthy import growth of 4-6% in FY24.

While Middle East LPG exports were muted, the US delivered robust LPG export growth of 10% y/y in FY24, led by strong growth in production and weak domestic consumption. Higher US propane inventories and strong China demand meant the US-Far East propane price differential jumped to US\$ 234/T in FY24 (vs US\$ 181/T in FY23), thereby aiding firm VLGC demand for US to Far East (FE) trade.

Moreover, Panama Canal water levels dropped to record low due to severe drought, resulting in curtailment of daily transits through the canal. Consequently, many vessels plying on the US to Far East route avoided the Panama Canal and were diverted to a longer route in both laden and ballast legs, boosting ton-miles growth.

On the supply side, the heavy schedule of new building VLGC deliveries meant that the nominal fleet supply grew by ~11% for FY24. However, market was able to absorb the new fleet supply due to rising US LPG exports and Panama Canal disruptions.

The table below captures the market spot earnings of VLGC over the financial year (in \$/day).

	FY 24	FY 23	YOY change
VLGC - Avg. Earnings	82,992	60,927	36%

Source: Clarksons; Eco/Non-Scrubber earnings

Asset Values

VLGC asset values increased by 10-20% during the year driven by the strong freight market. Asset values are now at the highest level seen in last 20 years.

Outlook

The growth of US LPG production is expected to slow down in 2024 due to lower natural gas prices curtailing natural gas liquids (NGL) output. Utilization at US LPG export terminals remains high, thereby limiting any significant growth in US LPG exports in the near term. While LPG production growth from the Middle East is expected to be subdued in the first half of CY 2024, any reversal of production cuts by OPEC could contribute to increased volumes from the second half of CY 2024 onwards.

LPG demand is likely to sustain, mainly driven by an increase in feedstock demand in the petrochemical sector. LPG continues to remain price competitive compared to naphtha. Additionally, the scheduled commissioning of new PDH plants in China would support an increase in import demand into Asia. Increased allocation of subsidies in India is also expected to maintain firm demand for Indian LPG imports. However, poor global petrochemical margins remain a key risk to petrochemical capacity utilization.

The Panama Canal has gained importance due to the increasing trade between the United States and the Far East. However, water levels at the canal remain uncertain. The Canal Authority anticipates gradually restoring the normal capacity of 36 transits per day by 2025, based on expectations of normal rainfall in 2024. If the water level in the Panama Canal normalizes, it could negatively impact ton-miles.

On the positive side, VLGC fleet supply growth will moderate, with only 21 and 13 deliveries expected in CY 2024 and CY 2025 respectively, compared to 40 in CY 2023.

Dry Bulk Carrier Markets

The dry bulk market witnessed softness in earnings year-over-year (y/y) across all segments during H1 FY24, but experienced improvement during H2 FY24 with Capesizes significantly outperforming the Sub-Capes. Capesize earnings averaged 40% higher year-over-year in FY24, while Kamsarmax and Handymax earnings were down by 21% and 34%, respectively.

Dry bulk demand was strong throughout the year on the back of rising Chinese imports. Chinese hydro-power production suffered due to lower rains in the region, thereby increasing coal-fired electricity demand and consequently coal imports into China. Iron ore imports into China were also strong as rising Chinese steel exports supported domestic steel production despite slowdown in the property sector.

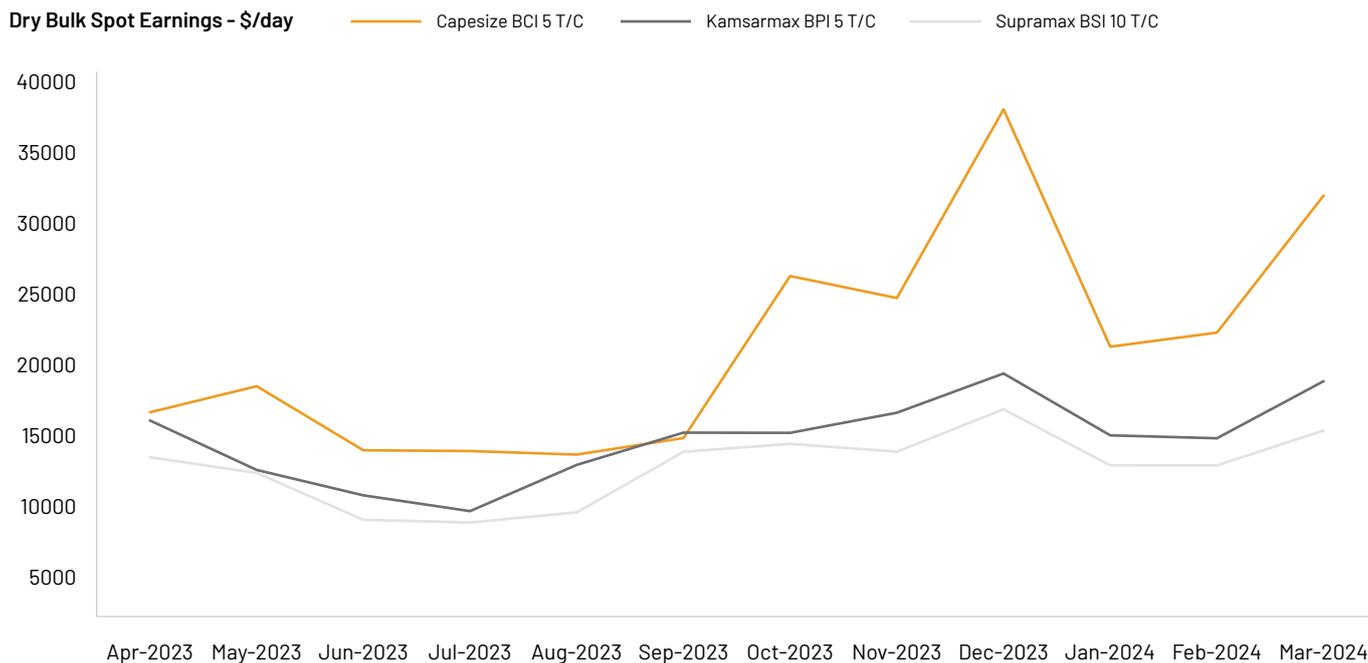

Despite strong trade growth, congestion unwinding in H1 FY24 kept earnings subdued. In Q3 FY24, congestion in Brazil surged as low river water levels impacted dispatch of cargo to ports, resulting in long queue of vessels waiting to load grains. Capesize earnings surged counter seasonally during Dec and Q4 FY24 as Brazil iron ore exports surprised on the upside due to lower weather disruptions.

The conflict in Red Sea meant that a higher proportion of vessels started re-routing through the Cape of Good Hope in Q4 FY24, thus adding to the ton-miles.

The table below shows the market spot earnings of the various categories of dry bulk ships over the financial year (in \$/day):

	FY 24	FY 23	YoY Change
Capesize	20,621	14,760	40%
Kamsarmax	14,041	17,735	-21%
Supramax	12,072	18,339	-34%

Dry Bulk Spot Earnings - \$/day

Source: Clarksons

Asset Values

Asset values across all dry bulk segments have firmed up in line with the strength in freight market. Asset values have increased between 5 – 25 % during FY24 depending on the segment and age profile of the vessel.

Outlook

Overall dry bulk trade is likely to grow in FY25, mainly on the back of rising coal imports into China and India. Chinese domestic coal production declined over last few months due to tighter safety measures. If this decline continues, imports will remain supported. Rising electricity demand and falling hydro electricity generation are likely to ensure increasing coal imports into India.

China's iron ore import growth is likely to slow down in FY25 owing to higher domestic iron ore inventory levels along with slowing steel production. Moreover, weakness in Iron ore prices could restrict the supply from marginal price-sensitive exporters. Grain trade could do well in FY25, however risk of disruption to Black Sea grain exports due to war continues to persist.

The total bulk carrier orderbook stands at 9% of the fleet, with Capesizes being best placed with an orderbook of 6% of the fleet. Fleet is likely to grow at ~3% in CY 2024, in line with fleet growth in CY 2023.

The Red Sea conflict will be a wildcard and continuing disruption will support ton-mile growth as vessels divert away from the Suez Canal.

FLEET SIZE AND CHANGES DURING THE YEAR

As on March 31, 2024, your Company's fleet stood at 42 vessels, comprising 28 tankers (6 crude carriers, 18 product carriers, 4 LPG carriers) and 14 dry bulk carriers (2 Capesize, 8 Kamsarmax, 4 Supramax) with an average age of 13.94 years aggregating 3.36 Mn dwt.

During the financial year, your Company:

- a) took delivery of a Medium Range product carrier 'Jag Parth' and a Kamsarmax dry bulk carrier 'Jag Amaira'.
- b) contracted to buy Medium Range product carriers, 'Jag Priya' and 'Jag Prachi' (delivered to the Company subsequent to the end of the financial year).
- c) sold and delivered to the buyers an Aframax Crude oil carrier 'Jag Lavanya', Supramax Dry bulk carrier 'Jag Rohan' and Medium Range product carrier 'Jag Prabha'.
- d) contracted to sell a Medium Range product carrier, 'Jag Pahel'.

A detailed Asset Profile section forms part of this Annual Report.

KEY FINANCIAL RATIOS

Conventional return ratios are not appropriate to assess the performance or condition of your Company, for the following reasons:

1. A very significant part of the return in shipping comes from the appreciation in the value of the asset itself. This does not enter the Profit and Loss account except at the time of sale.
2. In recent years, due to the change in accounting standards, the Company's profits have been affected very significantly by the movement in exchange rates. This has generally had the effect of increasing the Company's profits when the rupee appreciates against the US Dollar, and of reducing its profits when the rupee depreciates against the US Dollar. In reality, the depreciation of the rupee against the US Dollar improves the profitability of the Company.

Considering the cyclical and highly volatile nature of the shipping industry, the ability to survive weak markets, and if possible, even take advantage of them, is critical to success. The Company therefore believes that the following are the key financial ratios applicable to its business:

1. **Gross and Net Debt:Equity Ratio** – This shows the extent of leverage taken by the business, both at a gross level and net of the cash and cash equivalents held. Net debt:equity is a standard ratio used in assessing a shipping company's creditworthiness.

There has been a significant improvement in these ratios over the course of FY 24, as a result of cash accrual, repayment of debt and increase in net worth during the year.

	FY 24	FY 23
Gross	0.22	0.30
Net	-0.32	-0.20

2. **Cash Debt Service Coverage Ratio** – This represents the Company’s ability to meet its debt servicing obligations. It is the sum of the PBIDT plus the cash and cash equivalents held by the Company divided by the expected debt service payments over the next 12 months.

This ratio stood at 12.76 as of end FY 24 versus 12.82 at the end of the previous financial year. The marginal decrease in the ratio is due to (i) slightly lower PBIDT and (ii) higher repayment in the next 12 months.

3. **Net Debt:PBIDT** – This shows the number of years earnings it would take to cover the repayment of the debt which is not covered by the cash and cash equivalents.

The ratio was -1.07 as of end FY 24 versus -0.54 as at the end of the previous financial year. The level of the ratio is not currently relevant since the net debt is negative in FY 24.

4. **Return on Net Worth** – The ratio was 24.55% for FY 24 vs 31.17% for FY 23. The decrease was due to slightly lower profitability and higher net worth base during the year as against the previous year.

RISKS AND CONCERNS

Your Company has carried out a detailed exercise to identify the various risks faced by your Company, and has put in place mitigation, control and monitoring plans for each of the risks. Risk owners have been identified for each risk, and these risk owners are responsible for controlling the respective risks. The efficacy of these processes is monitored on a regular basis by Risk Committees for the different areas in order to make continuous improvement and is further reviewed by the Risk Management Committee.

The Risk Management Committee currently consists of Mr. Bharat K. Sheth, Chairman, Mrs. Rita Bhagwati, Dr. Shankar N. Acharya, Mr. Shivshankar Menon, Mr. T. N. Ninan, and Mr. G. Shivakumar. Mr. Tapas Icot is a permanent invitee to the meetings of the Risk Management Committee.

The Board of Directors and Audit Committee are regularly briefed on your Company’s risk management process.

The material risks and challenges faced by your Company are as follows:

Economic Risk:

Shipping is a global business whose performance is closely linked to the state of the global economy. Therefore, if global economic growth is adversely impacted, it could have an unfavourable effect on the state of the shipping market.

Geo-Political Risk:

OPEC nations control more than one third of the world oil supply. Therefore, their decision on whether to comply with (or extend) crude production targets can have a material impact on the crude, product and LPG freight markets.

Many of the countries producing and exporting crude oil are politically volatile. Any change in the political situation in these countries may alter the supply-demand scenario. This would have a consequential impact on the tanker market.

Issues such as sanctions and wars may also affect shipping markets.

Trade Barriers:

Trade disputes between countries can turn into trade wars with erection of tariff and non-tariff barriers. The manner in which such barriers are implemented could have significant impact on trade volumes and routes.

Chinese Economy:

China has been a major driver of global growth especially for commodities. If the economy falters or changes its policy towards import of various commodities, the consequential damage to shipping will be significant.

CHALLENGES FACED BY THE SHIPPING BUSINESS

Earnings Volatility:

The shipping industry is a truly global business with a host of issues potentially impacting the supply demand balance of the industry. This results in tremendous volatility in freight earnings and asset values.

Your Company attempts to manage that risk in various ways.

If your Company believes that the freight market could weaken, it may enter into time charter contracts ranging from 6 months to 3 years or use freight derivatives to hedge the risk. Another method of managing risk is by adjusting the mix of assets in the fleet through sale or purchase of ships.

Your Company also ensures that assets are bought at cheap prices as capital cost is a major cost component. Your Company hopes to weather the depressed markets better than most players in the business by having among the lowest fleet break-evens.

Your Company operates ships in different asset classes and different markets. This ensures that your Company's fortunes are not fully dependent upon a single market.

Liquidity Risk:

The sale and purchase market and time charter markets are not always liquid. Therefore, there could be times when your Company is not able to position the portfolio in the ideal manner.

Finance Risk:

Your Company's business is predominantly USD denominated as freight rates are determined in USD and so are ship values. Your Company has its liabilities also denominated in USD. Any significant movement in currency or interest rates could meaningfully impact the financials of your Company.

Shipboard Personnel:

Indian officers continue to be in great demand all over the world. Given the unfavourable taxes on a seafarer sailing on an Indian flagged vessel, it is becoming increasingly difficult to source officers capable of meeting the modern-day challenges of worldwide trading.

Cyber Risk:

A new and worrying threat to the Company's business is cyber risk. Your Company is taking steps to secure its assets and systems from this threat, including by having suitable protection in place and by constant training to employees on how to avoid such issues.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Your Company has instituted internal financial control systems which are adequate for the nature of its business and the size of its operations. The policies and procedures adopted by your Company ensure the orderly and efficient conduct of its business, including adherence to Company's policies, safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of the accounting records, and timely preparation of reliable financial information.

The systems have been well documented and communicated. The systems are tested and audited from time to time by your Company and internal as well as statutory auditors to ensure that the systems are reinforced on an ongoing basis. Significant audit observations and follow up actions thereon are reported to the Audit Committee.

No reportable material weakness or significant deficiencies in the design or operation of internal financial controls were observed during the year.

The internal audit is carried out by a firm of external Chartered Accountants (Ernst & Young LLP) and covers all departments. Your Company also has an independent Internal Audit Department. Apart from facilitating the internal audit by Ernst & Young LLP, the Internal Audit Department also conducts internal audit as per the scope decided from time to time.

Both Ernst & Young LLP and Head (Internal Audit) report to the Audit Committee in their capacity of internal auditors of your Company.

In the beginning of the year, the scope of the internal audit exercise including the key business processes and selected risk areas to be audited are finalised in consultation with the Audit Committee. All significant audit observations and follow up actions thereon are reported to the Audit Committee.

The Audit Committee currently comprises of Mr. T. N. Ninan (Chairman), Mrs. Bhavna Doshi, Mr. Raju Shukla and Mrs. Rita Bhagwati, all of whom are Independent Directors and Mr. Berjis Desai, who is a Non-Executive Director on the Board of your Company.

CONSOLIDATED FINANCIAL STATEMENTS

The Consolidated Financial Statements have been prepared by your Company in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015. The audited Consolidated Financial Statements together with Auditor's Report thereon form part of the Annual Report.

The group recorded a consolidated net profit of ₹ 2614.18 crores for the year under review as compared to net profit of ₹ 2575.01 crores for the previous year. The net worth of the group as on March 31, 2024 was ₹ 12397.45 crores as compared to ₹ 10275.36 crores for the previous year.

SUBSIDIARIES

The statement containing the salient features of the financial statements of your Company's subsidiaries for the year ended March 31, 2024 is attached along with the financial statements of your Company.

The report on performance of the subsidiaries is as follows:

Greatship (India) Limited, Mumbai

Greatship (India) Limited (GIL), wholly owned subsidiary of your Company and one of India's largest offshore oilfield services provider, experienced an improved year of performance in the backdrop of market positivity. In the financial year 2023-24, GIL has recorded a total income of ₹ 888.51 crores (previous year ₹ 804.19 crores) on a standalone basis and ₹ 1,098.07 crores (previous year ₹ 938.23 crores) on a consolidated basis. In the current financial year, GIL has earned a profit before interest, depreciation (including impairment) & tax of ₹ 353.23 crores (previous year ₹ 316.04 crores) and ₹ 481.80 crores (previous year ₹ 346.97 crores) on a standalone and consolidated basis, respectively. GIL's net profit for the current financial year is ₹ 58.56 crores (previous year ₹ 56.32 crores) and ₹ 134.70 crores (previous year ₹ 33.62 crores) on a standalone and consolidated basis, respectively. GIL has been consistently bringing down its net bank debt and the same has for the first time become negative at ₹ 6.67 crores as of the end of FY24 (as compared to ₹ 263.43 crores at end of FY23).

GIL has the following four wholly owned subsidiaries, whose performance during the year is summarised hereunder:

1. **Greatship Global Energy Services Pte. Ltd., Singapore (GGES)**

GGES has earned a net profit of USD 0.27 Mn for the current financial year as against the net profit of USD 0.11 Mn in the previous year. The increase in net profit in the current year has been on account of the higher interest received on bank deposits attributable to higher deposit amounts.

2. **Greatship Global Offshore Services Pte. Ltd., Singapore (GGOS)**

GGOS owns and operates two Multi-purpose Platform Supply and Support Vessels and one R-Class Supply Vessel. GGOS has earned a net profit of USD 13.42 Mn for the current financial year as against the net profit of USD 1.80 Mn in the previous year. The reason for the increase in profit in current financial year is due to higher charter rates and vessel utilization, as well as higher interest received on bank deposits attributable to higher deposit amounts.

3. **Greatship (UK) Limited, United Kingdom (GUK)**

GUK's net loss for the current financial year amounted to USD 0.02 Mn same as in the previous year. The net loss in the current financial year has been on account of certain expenses incurred by GUK.

4. **Greatship Oilfield Services Limited, India (GOSL)**

During the year under review, on account of reversal of certain provisions, GOSL has earned a net profit of less than ₹ 0.01 crore for the current financial year as against the net loss of less than ₹ 0.01 crore in the previous year.

The Greatship (Singapore) Pte. Ltd., Singapore

The Greatship (Singapore) Pte. Ltd. is a wholly owned subsidiary of your Company. The Greatship (Singapore) Pte. Ltd. does shipping agency business for the ships owned by your Company. During the year ended March 31, 2024, there were 101 ship calls at Singapore. The company's profit for the current financial year amounted to S\$ 118,978 as against the loss of S\$ 43,948 in the previous year.

The Great Eastern Chartering LLC (FZC), U.A.E.

The Great Eastern Chartering LLC (FZC) is a wholly owned subsidiary of your Company. During the year ended March 31, 2024, the company made a profit of USD 15.08 Mn (previous year profit of USD 21.48 Mn). The company has invested in shares of some listed shipping companies and these shares were valued at USD 40.91 Mn as of March 31, 2024.

During the year, the company made an investment of USD 2 Mn in equity shares of its wholly owned subsidiary, The Great Eastern Chartering (Singapore) Pte. Limited, Singapore.

The Great Eastern Chartering (Singapore) Pte. Ltd., Singapore

The Great Eastern Chartering (Singapore) Pte. Ltd. is a wholly owned subsidiary of The Great Eastern Chartering LLC (FZC), UAE. During the financial year ended March 31, 2024, the company made a profit of USD 7.83 Mn (previous year profit of USD 3.10 Mn). The company held positions in dry bulk freight futures and fuel oil futures as of March 31, 2024.

During the year, the company received an investment of USD 2 Mn in its equity shares from its parent company, The Great Eastern Chartering LLC (FZC), UAE.

Great Eastern CSR Foundation, India

Great Eastern CSR Foundation (Foundation) is a wholly owned subsidiary of your Company which handles the CSR activities of your Company and its subsidiaries. The Foundation received a total contribution of ₹ 24.73 crores from your Company during the year ended March 31, 2024. The Foundation spent ₹ 18.77 crores on CSR activities during the year.

Details of CSR activities carried out by Great Eastern CSR Foundation are set out in the reports on CSR activities which form part of this Annual Report.

Great Eastern Services Limited, India

Great Eastern Services Limited is a wholly owned subsidiary of your Company. The company has not yet started its commercial operations. The company made a loss of ₹ 42,186 for the year ended March 31, 2024 as compared to a loss of ₹ 41,300 for the year ended March 31, 2023.

GESHIPPING (IFSC) LIMITED, India

GESHIPPING (IFSC) LIMITED was incorporated on May 02, 2024 as a wholly owned subsidiary of your Company in International Financial Services Centre ('IFSC') at Gift City, Gandhinagar, Gujarat with the main object of 'ship leasing' which shall include owning, operating and chartering of vessels and other permissible activities as per the International Financial Services Centres Authority Act, 2019.

DEBT FUND RAISING

During the year, no fresh debt was raised. The gross debt:equity ratio as on March 31, 2024 was 0.22:1 (including effect of currency swaps on rupee debt was 0.26:1) and the debt:equity ratio net of cash and cash equivalents as on March 31, 2024 was -0.32:1 (including effect of currency swaps on rupee debt was -0.27:1). The Company redeemed Non-Convertible Debentures aggregating to ₹ 250.00 crores during the year and also settled the swaps relating to those debentures.

HEALTH, SAFETY, ENVIRONMENT AND QUALITY (HSEQ)

The last couple of years have been very challenging for the shipping industry due to geopolitical instability grappling the economy and the businesses across the globe owing to Russia-Ukraine war and trade disruption in Red Sea due to attacks on merchant ships. Your Company's committed teams on board and ashore ensured the implementation of risk-based plan, helping in minimizing its impact on business operations to a larger extent.

Your Company believes in ensuring clean seas, reducing generation of waste and avoiding pollution at sea. This year also your Company had zero spills to sea. Continuing its quest to decarbonize the fleet, your Company has fitted redesigned efficient propellers on selected ships, conducted trials with an in-transit hull cleaning robot and an ultrasonic equipment for biofouling protection of propeller on two different vessels, and continued with other earlier initiatives like fitment of Mewis Duct, LED lighting and application of high performance hull coatings. Additionally, the Company is in process of generating voluntary market carbon credits for the applicable energy savings devices from Gold Standards and also enrolled selected ships in Environmental Ship Index (ESI) program.

Your Company cares for its employees and have taken enhanced measures towards their health and safety. For the benefits of all shore employees the Company continued arrangements like continued work from home option for junior ranks and remote offices located in Mumbai suburbs. For the benefits of seafarers, a remote expert counselling service for mental wellbeing, enhanced pre-employment mental examination from the experts, annual health insurance for senior officers and their spouses and a dedicated crew relationship officer for managing their welfare to enhance their relationship with the organization are in place.

TRAINING AND ASSESSMENT

Training and Assessment (T&A) department remains committed to your Company's vision and mission of manning your entire fleet with competent and well-trained seafarers. To meet the ever-evolving demands of the maritime industry, the department is engaged in providing high-quality training to the seafarers.

Your Company's Training Centre is regularly audited by Det Norske Veritas (DNV), and based on the positive outcome, it continues to operate as a certified Maritime Training Provider (MTP), offering various trainings that align with the latest industry and regulatory standards. Your Company is dedicated to staying ahead of the curve and equipping professionals with the skills and knowledge needed to thrive in the maritime sector, which will hold your Company in good stead in achieving its goals of operational excellence and sustainability.

Your Company's training centre houses a state-of-the-art simulator and facilitates a range of value-added in-house and external courses, workshops, computer-based trainings and competency assessments for the Company's seafarers. For the training of your Company's seafarers, a Full Mission Engine Room Simulator (FMERS) on the latest electronic marine propulsion engines, incorporating detailed main engine models and auxiliaries for complete operational training, including Ballast Water Treatment and Exhaust Gas Scrubber systems, has been newly installed at the Great Eastern Institute of Maritime Studies, Lonavala.

Recently, your Company launched the SKILL-UP programme to guide career progression and focus on competency management of seafarers. The training and assessments are aligned with industry best practices such as INTERTANKO Competence Management Guidance. The Company has a robust system of competency assessments for all ranks of seafaring officers prior to their recruitment and promotion to the next higher rank. This process ensures that skilled individuals crew your Company's fleet.

The T&A department is involved with various industry regulatory bodies and stays informed about industry changes to ensure that your Company's training programs are in tune with the current regulatory environment and prepared for future challenges.

In addition to competency development, your Company's training matrix comprises environment-related courses such as EEXI, CII & SEEMP III, Environmental Management, Inventory of Hazardous Material (IHM), Environmental Officer Training Course, various courses on different types of Ballast Water Management System and Exhaust Gas Cleaning System (Scrubber), Basic & Advanced Training for Ships Operating in Polar Waters, etc. All these courses have been further customized to suit the needs of various ranks.

Realizing the importance of mental health and emotional well-being of seafarers, the Company has included relevant courses in the Company training matrix.

IT INITIATIVES

In FY 2023-24, the IT department spearheaded several pivotal initiatives that fortified your Company's technological infrastructure and bolstered its operational resilience against cyber threats. These endeavors not only facilitated seamless business operations but also ensured adherence to industry standards, process enhancements and regulatory compliance.

Application and Business Intelligence Initiative

The Company's primary focus has been business enablement using various emerging technologies for enhancement of process standardization and automation within the 'Rise with SAP' framework and with ongoing implementations including Accounts Payable (AP) automation. Also, your Company is currently rolling out Enterprise Analytics initiative for Decision Support System across different departments. These analytics dashboards are designed to enhance Data Visibility and Accessibility, empowering departments to monitor business performance and make informed decisions. Concurrently, the Company is also focusing on identifying process automation opportunities across DOC and Non-DOC functions, legacy platform modernization and establishing data governance processes to support the organization's growing data needs. Through these strategic efforts, the objective is to improve operational efficiency, and enable decision making using integrated data management systems, ultimately driving positive business outcomes and maintaining a competitive edge.

Business Continuity Plan

Great Eastern IT remains steadfast in ensuring the resilience of its systems, with a robust business continuity plan designed to maintain high availability in the face of potential disasters. This approach enables swift responses to disruptions, minimizing downtime and data loss, thereby ensuring the uninterrupted continuity of critical business operations throughout FY 2023-24.

Technology Transformation Initiatives:

Transformational efforts such as modernized infrastructure, a cloud-first strategy and the establishment of a comprehensive Disaster Recovery Site (DR) have positioned the Company to seamlessly operate from any location without compromising employee productivity. These initiatives underscore the Company's commitment to adaptability and resilience in an evolving technological landscape.

Ship IT Management

Significant upgrade initiatives are being undertaken for improving real-time communication with vessels using satellite communication technologies including LEO satellite communication. These new technologies offer enhanced bandwidth, facilitating the implementation of cutting-edge solutions for vessel performance optimization and IoT-based monitoring and management. Concurrently, the implementation of industry-standard products like Stormgeo for vessel performance Management, Harbor Lab for agency operations management and VESON IMOS platform for commercial

management is underway, bolstering ship management capabilities. Additionally, ongoing upgrades to vessel IT infrastructure promise improved performance and user experience across the board.

Cyber Resilience

Cyber resilience remains paramount within the international maritime sector, and our commitment to fortifying cybersecurity measures for both Ships and Shore operations remains unwavering. Through initiatives aimed at safeguarding the integrity of its information and IT assets, the Company has elevated its cybersecurity posture to effectively thwart advanced cyber threats.

The Company has implemented industry-leading technology solutions for end-point protection, ensuring robust defence mechanisms against cyber intrusions. Concurrently, the Company has prioritized fortifying the underlying infrastructure components, continually upgrading solutions to the latest stable versions to bolster overall security posture.

The Company's commitment to continuous improvement is evident through active participation in cyber security transformation initiatives, enabling it to benchmark against industry standards and enhance its cyber resilience iteratively.

To ensure adherence to industry benchmarks, the Company engages in Cyber Program Management with third-party experts and conducts regular Vulnerability Assessments & Penetration Tests to identify and address potential vulnerabilities effectively.

Future Roadmap

Your Company is committed to the continuous modernization of technology, driven by a well-defined IT Strategy and Digital Transformation Roadmap that is being meticulously executed. Within the framework of this strategy, the Company has embarked on a comprehensive transformation of both its processes and technology across all business functions. The Company's agenda includes the adoption of industry-leading practices in Shipping, with a spotlight on automating DOC Process Areas to boost operational efficiency and crafting Strategic and Analytical Dashboards for data-driven decision-making. The Company is also working to continually enhance its Ship IoT capabilities, with the aim to augment efficiency, safety, and reduce the environmental impact of its shipping activities. Furthermore, the Company is charting a course towards the integration of Artificial Intelligence (AI) and Robotic Process Automation (RPA) into the fabric of its daily operations. This approach aims to enhance productivity by automating routine, time-consuming tasks, thereby liberating its talent to delve more deeply into value-adding activities that require strategic thought and decision-making.

HUMAN RESOURCES

The 75th anniversary of the Company was celebrated on the 11th of August, 2023 amidst festivity and zeal with enthusiastic participation from employees and alumni. The event rekindled nostalgic memories and generated optimism and renewed commitment towards building an even brighter future for the organization.

Hybrid models and co-working spaces have enabled employees to attain work-life balance and flexibility without impacting productivity. A combination of online and in-person training methodologies was adopted to impart learning to employees. The Company continued its tie-ups with online learning platforms such as LinkedIn Learning, Harappa and ET Grandmasters. Sessions on Influencing skills, Business Simulations, POSH, Ethics and Governance along with specific functional programs were conducted during the year. Access was provided to all employees for Thrive Cafe, an online wellness portal. Various social events were organized to help improve bonding and fellowship among employees.

The employee engagement score touched a healthy 80% during the year. Shore employee retention was 96%.

Total number of shore staff and ship board personnel was 271 and 1,830 respectively at the end of the year.

THE GREAT EASTERN INSTITUTE OF MARITIME STUDIES (GEIMS)

In the fiscal year 2023-2024, The Great Eastern Institute of Maritime Studies continued to uphold unparalleled standards in maritime training, facilitating substantial opportunities for national visibility and growth.

GEIMS has once again demonstrated its commitment to excellence by receiving the prestigious 'Excellence in Maritime Training' award from the Ministry of Shipping at the 60th National Maritime Day. This recognition reaffirms the institute's dedication to upholding superior training standards.

This year marked significant expansion efforts for GEIMS, including its inaugural roadshow at the Gabit Mahotsav, Sindhudurg, Maharashtra. GEIMS extended guidance to numerous individuals interested in pursuing careers in the merchant navy. Similar roadshows were successfully conducted across 26 colleges and universities in Maharashtra, Assam, Meghalaya and Goa, broadening its reach and fostering greater awareness of maritime career opportunities.

In FY 2023-24, GEIMS proudly graduated 412 cadets from its four pre-sea courses: DNS, GME, ETO and GP Rating. Additionally, GEIMS welcomed 416 new cadets into these esteemed programs, further solidifying its role in shaping the future of maritime professionals.

The highlight of the year was the vibrant celebration of GEIMS's 19th Foundation Day. Notably this was the first time this day was being celebrated. The event, graced by esteemed guests including Shri. Shyam Jagannathan, DG Shipping and Capt. M. P. Bhasin, MD, MSC Crewing Services, honored Cadet Simarleen Kaur with the 'Best Girl Cadet of the Year' award. The event garnered significant media coverage, underscoring GEIMS's prominence in the maritime industry.

GEIMS's commitment to excellence is reflected in its consistent CIP grade of 'A+'. Its CIP points increased from 96.05% to 97.1% this year, a testament to its unwavering dedication to enhancing maritime training standards. These achievements, coupled with its relentless pursuit of improvement, position GEIMS for further success and growth in the years to come.

ENERGY CONSERVATION AND TECHNOLOGY ABSORPTION

Conservation of Energy

In order to align with IMO's GHG revised emission reduction targets and to prepare for a low carbon future, your Company has been undertaking various initiatives about enhancing energy efficiency in its business operations. The same have also been described in detail in the BRSR & ESG Report, which forms part of this Annual Report.

Energy Saving Technologies

In our efforts to reduce emissions, your Company has implemented following energy efficiency projects on various vessels during this financial year. Few of these will help us in complying with IMO's EEXI and CII regulations on emission reduction:

- Redesigned Propellers – Fitted on 02 LR tankers in this fiscal and plan to complete on rest of the 02 tankers in their upcoming respective drydocking in Q1FY25. These propellers are lighter in weight and have an improved design profile which will help in emissions reduction.

- Mewis duct – 01 vessel. It's a device which improves the flow of water on to propeller and thus its efficiency. It also helps in reduction of underwater noise.
- LED lighting – 08 vessels. LED lights are energy efficient as compared to traditional lights such as fluorescent, halogen and incandescent lights.
- High performance paints – For a typical ship loss of energy through hull resistance is around 30% and this increases with growth of hull roughness due to biofouling. To minimize growth of biofouling, your Company has applied superior anti-fouling coatings on 08 vessels during their respective dry dockings in this financial year.
- Research –
 - Conducted trials with an in-transit hull cleaning robot on 02 vessels.
 - Trials in progress with an ultrasonic device for propeller protection from biofouling on 01 vessel.

COMPLIANCE WITH IMO DCS, EU MRV AND EU ETS REGULATIONS

IMO DCS Data for the calendar year 2022 has been submitted to R.O. by the due date for their review. A similar exercise for corresponding requirement of European Union, but applicable to vessels which have made commercial voyages to or from EU for the calendar year 2022, has been completed.

For EU ETS, we have contracted with a broker for the purchase and management of EU allowances for non-pool vessels and for pool vessels it will be handled by respective pool managers.

The Company has been assigned Spanish Registry for opening of Maritime Operator Holding Account for holding and submission of EUA allowances by EU. We have already initiated the process for the same and expect the account to be opened in Q1FY25.

QUANTIFICATION AND REPORTING OF GHG EMISSION

Your Company, since FY 2015-16 has started to capture and quantify GHG emission from its business operations in a transparent and standardized manner for the information of stakeholders of your Company on a voluntary basis. The GHG emission quantification and reporting has been done taking into account:

- ISO 14064-1 (2006) Greenhouse gases – Part 1: Specification with guidance at the organization level for quantification and reporting of greenhouse gas emissions and removals, and
- The Greenhouse Gas Protocol – A Corporate Accounting and Reporting Standard (Revised edition) published by World Business Council for Sustainable Development and World Resources Institute.

COMPLIANCE WITH ENERGY EFFICIENCY EXISTING SHIP INDEX (EEXI) AND CARBON INTENSITY INDICATOR (CII)

Your Company has completed the installation of engine power limitation (EPL) on all applicable vessels except one to meet the EEXI requirements basis the calculations done in last fiscal with the support of Classification Societies.

Your Company is tracking and monitoring the Carbon Intensity Indicator (CII) ratings for all its vessels. This will help the organization in timely identifying the vessels which require improvement and appropriate actions can be planned accordingly. 88% of the Company's ships are rated C or better basis the preliminary assessment.

AUDITORS

Pursuant to the provisions of Section 139 of the Companies Act, 2013, Deloitte Haskins & Sells LLP were re-appointed as the Statutory Auditors of your Company at the Annual General Meeting held on July 29, 2022 to hold office until the conclusion of the 79th Annual General Meeting to be held in the calendar year 2027.

Corporate Social Responsibility Policy

1. Introduction: The Great Eastern Group

The Great Eastern Shipping Company Ltd. is the largest private sector shipping company in India. Over the last 70 years the Company has managed to methodically build its capacity and grow, despite the volatility of international shipping markets. The Great Eastern Group (**GE Group**) includes:

- a) **The Great Eastern Shipping Company Ltd. (GES):** GES is involved in the bulk shipping business i.e. transportation of crude oil, petroleum products, gas and dry bulk commodities.
- b) **Greatship (India) Limited (GIL):** GIL is a wholly-owned subsidiary of GES that provides offshore oilfield services with the principal activity of owning and/or operating offshore supply vessels and mobile offshore drilling rigs.
- c) **Great Eastern CSR Foundation (GECSRF):** The enactment of Section 135 of the Companies Act, 2013, Corporate Social Responsibility (CSR) policy by the Ministry of Corporate Affairs, has marked India as the only country to regulate and make CSR mandatory for eligible companies falling under the Act.

Following this policy, **GECSRF**, a wholly owned not-for-profit subsidiary of GES was incorporated in February 2015 to implement CSR activities of the GE Group. Through GECSRF, the GE Group aims to extend the scope of social welfare activities to the vulnerable, marginalized and low-income population in India.

2. CSR Focus Areas

Conforming to the activities as mentioned under **Schedule VII, Section 135 of the Companies Act** and, aligning our commitment to the globally accepted Sustainable Development Goals (SDGs), **GE Group's focus areas are:**

- a. **Education:** We are committed to support initiatives that aim to improve the quality of education, with a focus on building capacities of teachers and educators.
- b. **Health:** We aim to improve health outcomes for adolescent girls, pregnant women, infants, other women and communities at large.
- c. **Livelihoods:** We aim to enhance livelihood opportunities for women and youth by supporting organisations that focus on skill building, women empowerment and sustainable farming practices.

In addition to the focus areas, GE Group will also be open to consider support to other areas mentioned under Schedule VII of the Companies Act, 2013.

3. Geography

GE Group is open to support organizations across India. However, we will be more keen to support interventions that address needs of vulnerable, marginalized and low-income population in rural areas.

4. CSR Budget

Since the financial year starting 2014-15, GES and GIL have committed to spend **at least 2% of the average net profits over the past three financial years in accordance with the applicable provisions of the Companies Act, 2013 (Act)**, on Corporate Social Responsibility (CSR) causes.

The CSR Committees of GES/GIL will recommend the CSR spend towards CSR cause during the year to their Boards for approval.

In the event any surplus arises out of the CSR activities, it shall not form part of the business profits, and shall be ploughed back into the CSR activities as per applicable provisions of the Act.

5. Governance

The **Corporate Social Responsibility (CSR)** Governance structure at GE Group comprises three levels:

- a. Board of Directors
- b. CSR Committee
- c. CSR Team

a. Board of Directors

The Boards of GES/GIL will be responsible for:

- Approving the CSR policy as formulated and recommended by the CSR Committee.
- Approving the Annual Action Plan and any alterations thereto, as recommended by the CSR Committee.

- Ensuring, through the CSR Committee, that in each financial year GES and GIL spend at least 2% of the average net profits over the past three financial years in accordance with the applicable provisions of the Act.
- Ensuring, through the CSR Committee, that funds committed by the Company for CSR activities are utilized effectively.
- Ensuring that the funds disbursed have been utilised for the purposes and in the manner as approved by it. (Chief Financial Officer shall certify to that effect.)
- Monitoring the implementation of the Ongoing Projects (i.e. multi-year projects having timelines not exceeding 3 years excluding the financial year in which it was commenced) with reference to the approved timelines and year-wise allocation and make modifications, if any, for smooth implementation thereof.
- Ensuring that applicable disclosures on CSR are made in their respective annual report on CSR included in their Board's Report and on their respective websites.
- Ensuring that the administrative overheads (i.e. expenses for general management and administration not including expenses for designing, implementation, monitoring, and evaluation etc. of a particular project) of the CSR functions does not exceed 5% of the total CSR expenditure for the financial year.

b. Corporate Social Responsibility (CSR) Committee

The Board of Directors of GES and GIL have constituted Committees of Directors known as the CSR Committees. The functions of the Committees will be as follows:

- To formulate and recommend the CSR policy.
- To formulate and recommend to the Board an Annual Action Plan as prescribed under the Act and any alterations thereto.
- To recommend CSR budget for each year.
- To review and approve the fund allocation for partners.
- To monitor the CSR activities and report the same.

c. Corporate Social Responsibility (CSR) Team

The CSR team leads the day to day CSR activities of the GE Group. Its functions are as follows:

- Formulate and recommend to CSR Committees, Annual Action Plan (including alterations thereto) which shall include the following:
 - a. details of projects / programmes to be undertaken
 - b. manner of execution
 - c. modalities of utilization of funds and implementation schedules
 - d. monitoring and reporting mechanism
 - e. need for impact assessment, if any.
- Implementation of the approved Annual Action Plan.
- Identify potential partners and facilitate an end to end partner selection process.
- Timely review of the budgets and approved disbursements to the partners.
- Monitoring utilization of funds disbursed to the partners.
- Periodically visit the programmes and evaluate the progress on ground.
- Undertaking impact assessment through independent agencies, if required.
- Share progress updates with CSR Committees / Boards of GES / GIL as and when required.
- Disclosure of details of CSR activities (including projects approved) on website of GES / GIL.
- Monitoring unspent amount as on 31st March every year and recommend its transfer to Unspent CSR Account / government funds as per the requirements of the Act.

6. Onboarding a Partner

a. Identification of a Partner

- **Direct Approach - Open to All:**
 - i. Any NGO registered as a Society/ Public Charitable Trust / company established in India under Section 8 of the Act and having CSR Registration Number from the Ministry of Corporate Affairs whose vision and values are aligned with any of our CSR focus areas or activities under Schedule VII can reach out to GECSRF.
 - ii. It should meet the basic statutory requirements (section 6.d.), including: documents such as the Registration certificate, valid Income Tax exemption certificates and Audited Financial statements for the last three years.
- **Indirect approach:**
 - i. The CSR team may reach out to NGOs based on references from the existing partners, CSR Committee or Board members and other stakeholders.

b. Due Diligence

- Once the NGOs are identified, a due diligence process will be initiated to evaluate organization's operations, programmes and statutory compliances before making any decisions for partnership opportunities.
- A combination of meetings and visits will be conducted to complete the due diligence process.

c. CSR Committees

- Recommendations will be shared with the CSR Committee of GES/GIL for review and approval/recommendation to the Board.
- Once approved, the CSR team will draft a Memorandum of Understanding (MoU) with the selected organization.

d. Partner Statutory Compliances

- Maintain a record of all basic compliance requirement documents:
 - i. 80G certificate
 - ii. Registration Certificate
 - iii. PAN Card
 - iv. 12 A Registration
 - v. Financial statements and Audit reports for the last three years
 - vi. CSR Registration Number from Ministry of Corporate Affairs

e. Memorandum of Understanding (MoU)

- The CSR team under the guidance of GES/GIL Legal and Compliance team and in consultation with the potential partner will finalize the MoU.

7. Monitoring and Evaluation

The CSR Team will periodically monitor and evaluate each project in accordance with the annual action plan to ensure its smooth implementation. This will include review of progress reports and fund utilization (quarterly and annually), project site visits, and meetings with partner organisations.

Any additional third-party evaluation / impact assessment will be conducted as per the requirements for any partner(s) or as may be required under the Act.

8. Employee Engagement

GE Group further aims to provide and facilitate employee engagement opportunities to the employees.

9. Compliance

The GE Group will follow the applicable Accounting, Auditing and Reporting practices.

10. Effective Date

This Policy has been recommended by the Corporate Social Responsibility Committee of the Company at its meeting held on March 05, 2021 and has been adopted by the Board of Directors of the Company at their meeting held on March 05, 2021. This Policy is effective from March 05, 2021 and replaces the existing CSR Policy of the Company.

Annexure 'C' to Board's Report

Policy for Appointment of Directors and Board Diversity

This policy has been recommended by the Nomination and Remuneration Committee of the Company (Committee) at its meeting held on February 05, 2015 and is applicable with effect from the said date.

Purpose

The primary objective of the Policy is to provide a framework and set standards for the appointment of high-quality directors who should have the capacity and ability to lead the Company towards achieving sustainable development. The Company aims to achieve a balance of experience and skills amongst its directors.

Qualifications

The Company believes that its Board membership should comprise directors with an appropriate mix of skills, experience and personal attributes that allow the directors individually, and the Board collectively, to:

- Discharge their responsibilities and duties under the law effectively and efficiently;
- Understand the business of the Company and the environment in which the Company operates so as to be able to agree with management, the objectives, goals and strategic direction which will maximise shareholder value; and
- Assess the performance of management in meeting those objectives and goals.

The candidate for the position of Director in the Company should be a degree holder in any discipline relevant to the business of the Company for e.g., shipping, management, legal, finance, strategic planning, etc. Alternatively, the candidate should be regarded as an industry veteran or specialist in the relevant discipline.

The candidate should have considerable experience as an entrepreneur or of working at a board or senior management level in an organisation/ firm of repute or government agency in India or abroad.

He should have demonstrated ability to work effectively with board of directors of a company.

Attributes

The candidate should possess excellent leadership skills. His interpersonal, communication and representational skills should be par- excellence. He should have extensive team building and management skills. His personality should be influential.

He should possess high standards of ethics, personal integrity and probity.

Independence

In addition to the aforesaid criteria, the candidate for the position of Independent Director should fulfil the criteria as laid down in Section 149 of the Companies Act, 2013 and Regulation 16(b) of the Listing Agreement with Stock Exchanges as may be amended or substituted from time to time.

Diversity

The Company considers that its diversity is a vital asset to the business. Building a diverse and inclusive culture is integral to the success of the Company. An inclusive culture helps the Company to respond to its diverse global customer base.

Ethnicity, age and gender diversity, without compromising on meritocracy, are areas of strategic focus for the composition of the Board. Achieving a balance of experience and skills amongst its Directors is also essential for leading the Company towards sustainable development.

The Committee shall give due regard for maintaining Board diversity while identifying and nominating candidates for appointment to the Board.

Appointment Process

Matching the needs of the Company and enhancing the competencies of the Board are the basis for the Committee to select a candidate for appointment to the Board. In case required, the Committee may also take help from external consultants to identify potential directors.

Recommendations of the Committee shall be placed before the Board of Directors for its consideration. When recommending a candidate for appointment, the Committee shall assess:

- a) The appointee against criteria described as aforesaid.
- b) The skills and experience that the appointee brings with him/ her and how they will add value to the Board as a whole.
- c) The extent to which the appointee is likely to contribute to the overall effectiveness of the Board.
- d) The appointee's ability to exercise independent judgement.
- e) The time commitment required from the appointee to actively discharge his duties to the Company.
- f) Statutory provisions regarding Board composition.
- g) Cultural fit with the existing Board members and empathy to the Company's culture.

After considering the recommendations of the Committee, the decision on the appointment of the Directors shall be taken by the Board of Directors.

The appointment so made shall be subject to the approval of the shareholders.

After the Director is appointed, a formal letter of appointment shall be issued to him/ her by the Company.

Annexure 'D' to Board's Report

Remuneration Policy for the Directors, Key Managerial Personnel and other Employees

This policy has been recommended by the Nomination and Remuneration Committee of the Company at its meeting held on February 05, 2015 and adopted by the Board of Directors of the Company at its meeting held on February 05, 2015 pursuant to Section 178 of the Companies Act, 2013 and is applicable with effect from the said date.

The policy is divided into separate sections for executive directors, non-executive directors and employees.

The remuneration of the executive directors is recommended by the Nomination and Remuneration Committee (the Committee) and approved by the Board of Directors (the Board) and shareholders of the Company within the overall limits as may be prescribed under applicable laws.

The remuneration of the non-executive directors is approved by the Board of Directors and shareholders of the Company within the overall limits as may be prescribed under applicable laws.

This Policy is a forward-looking document. It is hereby clarified that existing obligations of the Company under existing contracts, pension scheme, etc. which are outstanding at the time this Policy is approved shall continue to be honoured by the Company. It is the Company's policy to honour in full any pre-existing obligations that have been entered into prior to the effective date of this Policy.

Whereas, while formulating this Policy, the Company is committed to full and transparent disclosures, certain parameters such as business targets etc. have not been disclosed as the same is not in the interest of the Company.

I. Executive Directors

Key Principles

Attracting and retaining top talent is a key objective of the Company's approach to remuneration. The Company's policy remains largely unchanged from that which it has applied for a number of years and its continuity has been a stabilizing force during the periods of turbulence. The core elements of salary, variable pay, benefits and pension continue to provide an effective, relatively simple, performance-based system that fits well with the nature of Company's business and strategy.

The remuneration policy for the executive directors has been consistently guided by following key principles, which represent the underlying approach of the Board and the Committee:

- a) The remuneration structure of executive directors is designed to reflect the nature of shipping business in which the Company operates. The shipping industry has long term business cycles, is capital intensive, highly regulated and has significant safety and environmental risks requiring specific entrepreneurial skills and experience, which the Company must attract and retain.
- b) A substantial portion of executive directors' remuneration is linked to success in implementing the Company's strategy and varies with performance of the Company.
- c) There is quantitative and qualitative assessment of each executive director's performance.
- d) Total overall remuneration takes account of both the external market and Company's conditions to achieve a balanced and fair outcome.
- e) Ensuring that executive directors are remunerated in a way that reflects the Company's long-term strategy. Consistent with this, a high proportion of executive directors' total remuneration has been, and will always be, strongly linked to the Company's performance.

Flexibility, Judgement and Discretion

This Policy recognises that the Board and Committee shall undertake quantitative and qualitative assessments of performance in reaching its decisions. This involves the use of judgement and discretion within a framework that is approved by shareholders. The Board and Committee also need to be sufficiently flexible to take account of future changes in the industry environment and in directors' remuneration practices generally.

The ability to exercise discretion, upwards or downwards, is important to ensure that a particular outcome is fair in light of the director's own performance and the Company's overall performance.

Key Considerations

A wide range of factors shall be considered when determining the remuneration for executive directors. The competitive market for top executives both within the shipping sector and broader industrial corporations provides an important context. The Company believes that it has a duty to shareholders to ensure that the Company is competitive so as to attract and retain the high calibre executives required to lead the Company.

Decisions regarding remuneration for executive directors is the responsibility of the Committee. Executive directors are not consulted directly by the Committee when making policy decisions. Although the Committee may consider feedback from various sources which provide views on a wide range of points including pay.

Elements Of Remuneration

Executive directors' remuneration shall be divided into following elements:

Consolidated Salary

Consolidated Salary provides base-level fixed remuneration to reflect the scale and dynamics of the business, and to be competitive with the external market.

Consolidated Salary shall include basic salary and Company's contribution to Provident Fund, Superannuation Fund and all other allowances payable from time to time.

While determining Consolidated Salary, salary levels and total remuneration paid by companies of similar size and stature engaged in shipping, offshore and other industries globally shall be considered by the Committee.

Scale of Consolidated Salary shall be fixed for a period of 5 years and shall be reviewed every five years thereafter or such other period as may be decided from time to time.

Actual Consolidated Salary payable every year shall be reviewed annually within the broader scale as aforesaid.

Company's contribution to Provident Fund, Superannuation Fund allowances, etc. shall be as per rules of the Company and determined as per the applicable laws, if any, from time to time.

Benefits

There are certain benefits, such as car-related benefits, insurance and medical benefits, home loan etc. which are made available by the Company to its employees generally in accordance with its rules / terms of employment. Executive directors are entitled to receive those benefits.

Perquisites will be valued as per the provisions of Income-tax Act.

The Company shall provide following benefits to Managing Director(s):

- (i) Transportation/conveyance facilities.
- (ii) Telecommunication facilities at residence.
- (iii) Leave encashment as per the rules of the Company.
- (iv) Reimbursement of medical expenses incurred for himself and his family.
- (v) Insurance cover as per the rules of the Company.
- (vi) Housing Loan as per the rules of the Company.
- (vii) Fees of Clubs, subject to a maximum of two clubs, excluding membership of business clubs.
- (viii) Leave travel allowance as per the rules of the Company.

The Company shall provide following benefits to other Whole-time Directors as per rules of the Company:

- (i) Transportation/conveyance facilities
- (ii) Telecommunication facilities at residence
- (iii) Leave encashment

- (iv) Reimbursement of medical expenses incurred for himself and his family
- (v) Insurance cover
- (vi) Housing Loan
- (vii) Membership fees of Clubs
- (viii) Gratuity
- (ix) ⁵Leave travel allowance
- (x) ⁷Post-retirement medical benefits
- (xi) Other benefits as may be applicable to their respective grades

Reimbursement

Reimbursement of expenses incurred by the Managing Director(s) during business trips for travelling, boarding and lodging, including for their respective spouses.

Reimbursement of expenses incurred by other Whole-time Directors during business trips for travelling, boarding and lodging.

⁶Variable Pay

It provides a variable level of remuneration dependent on short-term performance of the individual as well as the Company vis a vis industry performance globally. The test of performance by the Company is whether it is able to increase its profits when the industry environment is favourable and whether it is able to minimise its losses when the environment is harsh. The Company believes that performance of each and every employee of the Company contributes to its overall performance and hence should be rewarded suitably. Hence, the Company follows the policy of making payment of variable pay to its executive directors annually.

Variable pay is decided based on performance of executive directors as well as the Company. Where possible, the Company uses quantifiable, hard targets that can be factually measured and objectively assessed. The Company also reviews the underlying performance of the group in light of the annual plan, competitors results, etc.

Variable pay may vary from time to time but shall be maximum four times of the Consolidated Salary. Executive directors with bigger operating responsibilities may be entitled to more variable pay as compared to others.

Pension

Pension recognises and appreciates the experience, expertise, advice, efforts and contribution provided and made by executive directors to the Company during their long years of service with the Company and/or its wholly owned subsidiaries, whether in their capacity as executive directors or otherwise.

The Company may provide pension (which includes providing perquisites) to its eligible executive directors upon their ceasing to hold office in the Company in recognition of their past services in accordance with a scheme formulated by the Board of Directors.

Review

Salary reviews consider both external competitiveness and internal consistency when determining if any increases should be applied. Salary increases will be generally in line with all employee increases within the Company and other companies based in India and abroad.

Salaries are compared against other shipping and offshore majors, but the Company also monitors market practice among companies of a similar size, geographic spread and business dynamic to the Company.

Salary increases are not directly linked to performance. However a base-line level of personal contribution is needed in order to be considered for a salary increase and exceptional sustained contribution may be grounds for accelerated salary increases.

Specific measures and targets may be determined each year by the Committee. The principal measures of increments / bonus will be based on value creation and may include financial measures such as operational efficiency, operating cash flow, operating profit, cost management, project delivery, etc.

II. Non-Executive Directors

The principle which underpins the Board's policy for the remuneration of NEDs is that the remuneration should be sufficient to attract, motivate and retain world-class non-executive talent. The remuneration practice should also be consistent with recognized best practice standards for NED remuneration.

Elements

Sitting fees

The NEDs are paid sitting fees for attending meetings of the Board of Directors. It is presently ¹ ₹ 1 lakh per meeting.

The NEDs are also paid sitting fees for attending meetings of the Audit Committee, Nomination and Remuneration Committee, ⁹Risk Management Committee and Stakeholders' Relationship Committee. ⁴It is presently ₹ 1 lakh per meeting. ¹⁰Sitting fees of ₹ 25,000 per meeting is paid to the Non-Wholetime Directors for attending Buyback Committee meeting.

Commission

It provides a variable level of remuneration dependent on short-term performance of the Company, i.e. net profits every year. Quantum of basic Commission is determined by the Board on a year to year basis.

Audit Committee Chairman is paid an additional Commission of ₹ 9 lakhs p.a.¹¹ over and above the Commission payable to him as a Director. The other members of the Audit Committee are paid an additional Commission of ₹ 4 lakhs p.a.¹² over and above the Commission payable as a Director.

Nomination and Remuneration Committee Chairman is paid an additional Commission of ₹ 5 lakhs p.a.¹³ over and above the Commission payable to him as a Director. The other members of the Nomination and Remuneration Committee are paid an additional Commission of ₹ 2 lakhs p.a.¹⁴ over and above the Commission payable as a Director.

Stakeholders Relationship Committee Chairman is paid an additional Commission of ₹ 1 lakh p.a.¹⁵ over and above the Commission payable to him as a Director. The other members of the Stakeholders Relationship Committee are paid an additional Commission of ₹ 50,000¹⁶ p.a. over and above the Commission payable as a Director.

¹⁷Risk Management Committee Chairman is paid an additional Commission of ₹ 5 lakhs p.a. over and above the Commission payable to him as a Director. The other members of the Risk Management Committee are paid an additional Commission of ₹ 3 lakhs p.a. over and above the Commission payable as a Director,

Reimbursements

All reasonable out of pocket expenses incurred by NEDs in carrying out their duties are reimbursed. Outstation directors are paid city compensatory allowance.

The Company does not provide share options or retirement benefits to NEDs.

SECRETARIAL AUDIT REPORT
for the Financial Year ended March 31, 2024

[Pursuant to section 204(1) of the Companies Act, 2013 and rule no. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Greatship (India) Limited,
One International Center,
Tower 3, 23rd Floor, Senapati Bapat Marg,
Elphinstone Road (West), Mumbai - 400013

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Greatship (India) Limited** (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Auditor's Responsibility:

Our responsibility is to express an opinion on the compliance of the applicable laws and maintenance of records based on audit. We have conducted the audit in accordance with the applicable Auditing Standards issued by The Institute of Company Secretaries of India. The Auditing Standards requires that the Auditor shall comply with statutory and regulatory requirements and plan and perform the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the financial year ended on March 31, 2024 (hereinafter called the 'Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2024 according to the provisions of:

- c) Commodity risks faced by the Company during the year and how they have been managed.

The Company manages this risk by bunker hedging and reduces the exposure to fluctuating bunker costs using swaps.

Foreign exchange fluctuation risk

Foreign exchange fluctuation risk arises from having revenues, expenses, assets or liabilities in a currency other than the reporting currency. In the case of the Company, a large part of revenues are denominated in US Dollars. Some part of this risk is compensated by having expenses, interest costs and loan repayments also in US Dollars. For the remaining, the Company hedges its risk using various instruments such as plain forward sales and range forwards.

Financial Year 2022-23

During the year, 5 of the Company's vessels were retrofitted with Mewis Duct, a device which improves the flow of water on to propeller and thus its efficiency. It also helps in reduction of underwater noise.

During the year, the Company replaced traditional lighting such as fluorescent, halogen and incandescent lights onboard its vessels with energy efficient LED lights on 5 vessels.

For a typical Bulk Carrier or Tanker, loss of energy through hull resistance is around 25-30% and this increases with growth of hull roughness due to bio-fouling. To minimize growth of bio-fouling, the Company has applied superior anti-fouling coatings on 04 vessels during their respective dry dockings. Hull cleaning was carried out in 28 ships and propeller polishing on 34 ships.

Research & Development –

The trials with sustainable biofuel blended VLSFO completed successfully in this fiscal and a complete report from IRS Class was submitted to Flag administration.

Financial Year 2023-24

During the year, 01 of the Company's vessel was retrofitted with Mewis Duct, a device which improves the flow of water on to propeller and thus its efficiency. It also helps in reduction of underwater noise.

02 LR1 tankers were fitted with redesigned propellers which are more efficient than the existing ones.

During the year, the Company replaced traditional lighting such as fluorescent, halogen and incandescent lights onboard its vessels with energy efficient LED lights on 8 vessels.

For a typical Bulk Carrier or Tanker, loss of energy through hull resistance is around 25-30% and this increases with growth of hull roughness due to bio-fouling. To minimize growth of bio-fouling, the Company has applied superior anti-fouling coatings on 08 vessels during their respective dry dockings. Hull cleaning was carried out in 29 ships and propeller polishing on 36 ships.

Research & Development –

- We carried out trials with an in-transit hull cleaning robotic equipment on two of our vessels.
- Also conducting a trial with an ultrasonic equipment for protection of propeller from biofouling on one of our vessels.

2. a. Does the entity have procedures in place for sustainable sourcing?

The Company is into a business of marine transportation of bulk commodities which does not involve sourcing of raw materials as an input for manufacturing any end product. Most of the Company's supplies to vessels are finished products, for example engine spares which are procured from maker or licensee, consumables from reputed oil majors, paint and chemical from manufacturers, general stores from ship chandlers who procure multiple line items from the market, consolidate and deliver them on board. So, in essence, the Company does not procure any raw material as input to our business activities. However, the Company looks for following criteria while selecting its vendor for a prospective business –

- 1) Sourcing from reputable suppliers known in the industry.
- 2) Vendors are maintaining registration under local/ regional laws.
- 3) Vendors are complying to National and International applicable legislations.
- 4) Vendors are maintaining management systems under ISO 9001 and 14001 or any other equivalent systems wherever applicable.
- 5) Suppliers are requested to meet following Company requirements additionally:
 - a) In accordance with SOLAS Chapter 11-1/ Reg 3-5 supplies of materials which contain asbestos are prohibited on all ships and "asbestos free declaration" must be provided with every supply made to the vessel.
 - b) The seller shall guarantee that no hazardous material identified under MEPC269(68) and EUSRR have been used in the supplies.
 - c) The seller shall complete and provide Appendix A1: Supplier's Declaration of conformity and Appendix A2: Material Declaration form along with the items and other technical documentation as per the standard format provided under business associates on www.greatship.com
 - d) Avoid use of plastic for the purpose of packing material. In lieu of which environment friendly packing material to be used. Whenever possible assist vessel in collecting back the packing material if the vessel so requests.

b. If yes, what percentage of inputs were sourced sustainably? **Not Applicable.**

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging)(b) E-waste (c) Hazardous waste and (d) other waste.

The Company is into a business of marine transportation of bulk commodities and do not manufacture any product for sale. However, waste generated on board during normal operation of ship are handled as per vessel specific garbage management plan and landed ashore to approved reception facilities for further processing. Besides last financial year, we supplied 16 more vessels with shredder to improve the management of wastes onboard, taking the total figure to 32 ships. For the e-waste generated at shore offices, the Company has tied up with an approved local recycler. The Company tries to re-use the old laptops as far as possible before opting for disposal to recycler.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.
Not Applicable

LEADERSHIP INDICATORS

1. Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format? **Not Applicable.**

NIC Code	Name of Product/ Service	% of Total Turnover Contributed	Boundary for which the life cycle perspective / assessment was conducted (Yes/No)	Whether conducted by Independent External Agency (Yes/No)	Results communicated in public domain (Yes/No) If Yes, provide the web-link.

2. If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.

The Company is into marine transportation of bulk commodities where the shipping service has impact on Emissions, Ballast water and Domestic discharges. Below table describes the action taken by the organization to minimize the impact on each of these.

Name of Product/ Service	Description of Risk/ Concern	Action Taken
Shipping	Emissions	<p>The Company abides by the existing regulations and guidelines set by the IMO regarding climate change mitigation and air pollution. It supports their revised climate strategy towards 2050, which aims to reduce CO2 emissions per transport work, as an average across international shipping, by at least 40% by 2030, pursuing efforts towards total GHG emission reduction by 70% by 2040, compared to 2008 levels; and to achieve net zero by 2050 compared to 2008 levels.</p> <p>The Company complies with the International Maritime Organization (IMO) - MARPOL Convention Annex VI which specifically addresses the prevention of air pollution from ocean-going ships. This MARPOL Convention seeks to control airborne emissions from ships including Sulphur oxides (SOx), nitrogen oxides (NOx), ozone depleting substances (ODS), volatile organic compounds (VOC) and shipboard incineration. To reduce emissions, the Company has implemented following:</p> <ul style="list-style-type: none"> • In order to improve air quality and protect the environment, from 1 January 2020, the IMO limit for sulphur in fuel oil used by ships operating outside of emission control areas ("ECAs") was reduced from 3.50% to 0.50%. This dramatic reduction in SOx emitted from ships will provide significant health and environmental benefits around the world, particularly for coastal populations and those living near ports. The Company has reduced the Sulphur oxide (SOx) emissions by following a mixed strategy of using low Sulphur fuel and installation of exhaust gas cleaning systems (EGCS) to comply with the above IMO regulation. • The Company's applicable vessels are in compliance with NOx emission requirements as per MAPROL Annex VI and maintains NOx technical file. • Since 2014, the Company has a dedicated department responsible for vessel performance management. They helped in enhancing fuel efficiency of vessels through advising on retro fitment of energy saving devices and operational measures. The Company's list of emission reduction measures includes installation of Redesigned Propellers, Mewis duct, Propeller Boss Cap fins (PBCF), ECO Cap, LED lighting, use of low friction hull coatings and onboard sensors driven data collection systems in order to enable fuel consumption optimization in real time on selected vessels. • Over the years, the Company has been consistently following fleet renewal program, selling some of our oldest and least efficient vessels and by acquiring modern and efficient ships. This has been an important contributor towards enhancing the energy efficiency of the Company's fleet and reducing its GHG emissions. • For EEXI regulation compliance, company carried out calculation of EEXI values and approvals of EEXI technical file for all company vessels. The vessels for which overridable power limitations were to be installed to meet this EEXI requirements, company contracted with makers and has completed installation on all expect one vessel.

Name of Product/ Service	Description of Risk/ Concern	Action Taken
		<ul style="list-style-type: none"> In our research on decarbonization we conducted trials with two technologies. One vessel we installed ultrasonic equipment for protection of propeller from biofouling, the trial is under progress and the expectation is that this will help us avoid regular propeller polishing and will keep propeller free of fouling thereby assist in emission reduction. The second technology, an In-transit hull cleaning robot was tried out on couple of ships, in this technology vessel staff can carry out hull cleaning of vertical sides during vessel's sea passage saving the cost on stoppage and regular hull cleaning. Use of combustion catalysts fuel additives on Company vessels All the Company vessels are complying with regulation 12 of IMO MARPOL Annex VI on Ozone Depleting Substance (ODS). Applicable Company vessels are complying with regulation 15 of IMO MARPOL Annex VI on Volatile Organic Compound (VOC) and have implemented Class approved VOC management plan. <p>To meet the new regulations, Emissions Trading System (ETS) from European Union (EU), your company has contracted with a broker for the purchase & management of EUAs for non-pool vessels and for pool vessels it will be handled by respective pool managers.</p> <p>Our company has been assigned Spanish Registry for opening of Maritime Operator Holding Account for holding and submission of EUA allowances by EU. We have already initiated the process for the same and expect the account to be opened in Q1FY25.</p>
	Ballast water	<p>Ballast water is essential for safe and efficient shipping operations. It reduces stress on the vessel's hull, substituting weight lost due to consumption of potable water and fuel and changes to cargo load. However, loading and unloading untreated ballast water poses serious ecological, economic and health risks as ships become a vector for the transfer of organisms between ecosystems.</p> <p>A ballast water exchange system involves the substitution of water in a ship's ballast tanks using either a sequential, flow-through, dilution or other exchange method which is recommended or made obligatory by the IMO. A variety of technologies are used for ballast water treatment, these include: Filtration (physical); Chemical Disinfection (oxidizing and non-oxidizing biocides); Ultraviolet treatment; Deoxygenation treatment; Heat (thermal treatment) or Magnetic Field Treatment. A typical ballast water treatment system on board ships use two or more technologies to ensure that the treated ballast water is compliant with the IMO standards.</p> <p>As of 31st March 2024, 5% of the Company's vessels are fitted with exchange systems and 95% have installed treatment technology. The Company intends to complete remaining 02 installation of treatment systems by respective vessel's IMO mandated due date.</p>
	Domestic Discharges	<p>Sewage: The discharge of sewage from ships into the sea, can create a health hazard and contribute to marine pollution. Sewage can also lead to oxygen depletion and can be an obvious visual pollution in coastal areas - a major problem for countries with tourism industry.</p> <p>It is generally considered that on the high seas, the oceans are capable of assimilating and dealing with raw sewage through natural bacterial action. Therefore, the regulations in Annex IV of MARPOL prohibit the discharge of sewage into the sea within a specified distance from the nearest land, unless otherwise provided.</p> <p>All the Company vessels are fitted with Flag approved Sewage Treatment System in compliance with IMO's MAPROL Annex IV requirements. Additionally, some ships have holding arrangements to meet the local restriction with respect to discharge of treated sewage.</p>

- Whether an occupational health and safety management system has been implemented by the entity?(Yes/No)If yes, the coverage of such system? **(Yes)**
- What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?
- Whether you have processes for workers to report the work related hazards and to remove themselves from such risks. **(Not Applicable)**
- Do the employees/ worker of the entity have access to non-occupational medical and healthcare services? **(Yes)**

Office:

Our workplace is certified by DNV for adherence to OSHAS norms. The building is manned by security on a 24x7 basis and is supported by surveillance cameras. Water and food quality is tested periodically at accredited labs. We have tied up with prominent hospitals and diagnostic centers for annual health checkups for employees. A doctor visits the premises for everyday consultation for employees. Fire safety drills are conducted twice a year to familiarize staff on evacuation protocols. Fire detectors and alarms are placed at all floors of the building and tested regularly.

To improve the quality of life for shore employees, besides having hybrid working arrangement from office & home, the Company has provided remote offices at four locations in suburbs of Mumbai, this initiative will help employees to reduce their commute time and spend the quality time with their families.

Ships:

Besides meeting the requirements under ISM code and MLC, all ships are certified for ISO 45001:2018 standard which takes care of Occupational, Health and Safety aspect on board. All seafarers are provided with good quality food, safe drinking water, hygienic living quarters, safe working environment, control on work hours, onboard recreational facilities, insurance covers and adequate internet access to stay connected with family and friends. Additionally, seafarers can avail 24x7 remote medical support for illnesses and injuries, shore doctor consultancy in foreign ports wherever necessary and remote counselling service to maintain mental wellbeing. Ships are fitted with adequate lifesaving and fire-fighting appliances which are maintained at all times, periodically inspected and tested. Seafarers are trained to use them in case of emergencies.

LEADERSHIP INDICATORS

- Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.
There is no formal direct consultation process between various stakeholders and the Board. The senior management of the Company maintains a constant and proactive engagement with the stakeholders on various matters including economic, environmental and social matters. Key outcomes of such engagement, if any, are placed before the Board and its Committees from time to time.
- Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.
Following feedbacks from various stakeholders were used for improvements in the Company's procedures & practices:
 - Basis the feedback from P&I circulars, media reports and agent's feedback, the document List of ports banning Open Loop Scrubbers was updated in procedures for the new countries which have imposed the restrictions.
 - Basis the feedback from local agents local sewage discharge requirements of Netherlands and Qatar were added into the Company procedures.
 - Basis the SIRE 2.0 GAP Analysis & new requirements following were added into the Company procedures :-
 - Mediterranean Sea SOX emission area
 - ODS record book guidance & sample entries.
 - Arctic waters requirements for the use & carriage of oils as fuel.
 - California's new At Berth regulations

- d) Changes implemented on account of Chevron TMSA audits conducted. Below are the few examples:-
- What constitutes a sailing inspection for technical inspection – At least 48 hours on board during which operation of main engine & shipboard machinery is observed.

8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

Yes. The Company abides by the existing regulations and guidelines set by the IMO regarding climate change mitigation and air pollution. The Company supports their climate strategy towards 2050, which aims to reduce CO₂ emissions per transport work, as an average across international shipping by at least 40% by 2030, pursuing efforts towards total GHG emission reduction by 70% by 2040, compared to 2008 levels; and to achieve net zero by 2050 compared to 2008 levels.

Since 2014, Company has a dedicated department responsible for Vessel Performance Management. They helped in enhancing fuel efficiency of vessels through advising on retro-fitment of energy saving devices and operational measures which in turn reduced GHG emissions.

Following projects are being planned in future on our ships for reduction in GHG emissions:-

- a) MEWIS Duct
- b) Fitment of redesigned propellers on selected ships
- c) MAN B&W ECO Cam
- d) Use of combustion catalysts fuel additives
- e) LED lighting
- f) Voyage optimization software
- g) High Performance Paints
- h) Periodical hull & propeller cleaning.

9. Provide details related to waste management by the entity, in the following format:

These details are not monitored considering the nature of business of the Company.

Parameter	FY 2023-24 Current Financial Year	FY 2022-23 Previous Financial Year
Total Waste Generated (in metric tonnes)		
Plastic waste (A)

LEADERSHIP INDICATORS

1. Water withdrawal, consumption and discharge in areas of water stress (in kilolitres):

Not Applicable

For each facility/ plant located in areas of water stress, provide the following information:

- (i) Name of the area.
- (ii) Nature of operations.
- (iii) Water withdrawal, consumption and discharge in the following format:

Parameter	FY 2023-24 Current Financial Year	FY 2022-23 Previous Financial Year
Water withdrawal by source (in kilolitres)

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency?(Y/N) If yes, name of the external agency.

2. Please provide details of total Scope 3 emissions & its intensity, in the following format:
These details are not monitored considering the nature of the business of the Company.

Parameter	Unit	FY 2023-24 Current Financial Year	FY 2022-23 Previous Financial Year
Total Scope 3 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent		
Total Scope 3 emissions per rupee of turnover			
Total Scope 3 emission intensity (optional)– the relevant metric may be selected by the entity			

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

3. With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities. **Not Applicable**
4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Sr. No.	Initiative Undertaken	Details of the initiative (web-link, if any, may be provided along with summary)	Outcome of the Initiative
1	In our efforts to reduce emissions and conserve the environment, the Company has implemented 84 energy saving & emission reduction initiatives in this financial year on various vessels which includes – 1. Fitment of Mewis duct – 01 2. Fitment of Redesigned Propellers – 02 3. LED lighting – 08 4. High performance hull coatings – 08 5. Hull Cleaning – 29 6. Propeller polishing – 36		Reduction in emissions and improvement in energy efficiency
2	Use of Sewage treatment plant and collection in holding tank within port limits based on local requirements.		Reduction in sea water pollution
3	1. Use of Ballast Water Treatment and Exchange Systems. 2. Use of low friction hull coatings. 3. Hull cleaning & propeller polishing basis the continuous monitoring of ships performance.		Protection of bio-diversity
4	Use of Incinerators, Compactors, Communiter, Shredders and Food waste freezer.		Waste management

4. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.
The BCMS (Business Continuity Management System) was put in place to outline the intent of the Company and its responsibilities and arrangements to ensure continuity of its vital services and critical functions in the event of an emergency or crisis.

Independent Auditor's Report

To The Members of The Great Eastern Shipping Company Limited Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of The Great Eastern Shipping Company Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity, the Statement of Cash Flows for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SAs") specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements Section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report, Corporate Governance Report, Business Responsibility Report, The Year at a Glance, Financial Highlights and 5 Years at a glance, but does not include the consolidated financial statements, standalone financial statements and our auditor's reports thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- (1) As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for matters stated in (i)(vi) below.

- (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of Section 164(2) of the Act.
- (f) The modification relating to the maintenance of accounts and other matters connected therewith, is as stated in paragraph (b) above.
- (g) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note 36 to the standalone financial statements.
 - (ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts. - Refer Note 18 and 37(D) to the standalone financial statements;
 - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - (iv) (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the Note 44 to the financial statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the Note 44 to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- (v) The fourth interim dividend for the previous year, declared and paid by the company during the year is in accordance with Section 123 of the Act, as applicable.

The first, second and third interim dividends declared and paid by the Company during the year and until the date of this report are in accordance with Section 123 of the Companies Act 2013. The fourth interim dividend relating to the financial year 2023-24, declared by the Company is in accordance with Section 123 of the Companies Act 2013 to the extent it applies to declaration of dividend. However, the said forth interim dividend was not due for payment on the date of this audit report.

- (vi) Based on our examination, which included test checks, the Company has used accounting software(s) for maintaining its books of account for the year ended March 31, 2024, which have a feature of recording audit trail (edit log) facility and the same have operated throughout the year for all relevant transactions recorded in the software(s), except that:
 - (a) in respect of an accounting software, maintained by a third-party service provider, in the absence of an independent auditor's system and organisation controls report covering the requirement of audit trail, we are unable to comment whether audit trail feature was enabled at database level and operated throughout the year to log any direct data changes or whether there were any instances of the audit trail feature been tampered with, and

(b) in respect of other accounting software(s), audit trail was not enabled at the database level to log any direct data changes.

Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with, in respect of accounting software(s) for the period for which the audit trail feature was operating.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the year ended March 31, 2024.

- (2) As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure “A” To The Independent Auditor’s Report

(Referred to in paragraph 1(g) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to standalone financial statements of The Great Eastern Shipping Company Limited (“the Company”) as at March 31, 2024 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A Company’s internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to standalone financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

- (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
 - (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.
- (xi) In respect of Fraud,
- (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
 - (b) To the best of our knowledge, no report under sub-section (12) of Section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
 - (c) As presented to us by the Management, there were no whistle blower complaints received by the Company during the year (and upto the date of this report).
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) In respect of Internal Audit,
- (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
 - (b) We have considered, the internal audit reports issued to the Company for the year (and upto the date of this report) and covering the period under audit.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) In respect of Section 45-IA

Notes to the Financial Statements for the Year Ended March 31, 2024

Note 1 : Corporate Information

The Great Eastern Shipping Company Limited (the Company) is a public limited company registered in India under the provisions of the Companies Act, 1913 and has its registered office in Mumbai, Maharashtra, India. Its shares are listed on the BSE Ltd. and the National Stock Exchange of India Ltd. The Company is a major player in the Indian Shipping industry.

The financial statements for the year ended March 31, 2024 were approved by the Board of Directors and authorised for issue on May 10, 2024.

Note 2 : Material Accounting Policies

(a) Statement of Compliance :

These financial statements are the separate financial statements of the Company (also called standalone financial statements) and have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards), Rules, 2015 and relevant amendments and rules issued thereafter.

(b) Basis of Preparation and presentation :

The Financial Statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period.

(c) Current/Non-Current Classification :

Any asset or liability is classified as current if it satisfies any of the following conditions :

- (i) the asset/liability is expected to be realised/settled in the Company's normal operating cycle;
- (ii) the asset is intended for sale or consumption;
- (iii) the asset/liability is held primarily for the purpose of trading;
- (iv) the asset/liability is expected to be realised/settled within twelve months after the reporting period;
- (v) the asset is cash and cash equivalent or other bank balances unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- (vi) in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date;
- (vii) All other assets and liabilities are classified as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months.

(d) Use of Estimates :

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management of the Company to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, disclosures of contingent assets and contingent liabilities as at the date of financial statements and the reported amounts of income and expenses during the period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in future periods which are affected.

Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of property, plant and equipment, useful lives of property, plant and equipment, provision, contingent liabilities.

Impairment of Property, plant and equipment :

Determining whether a ship is impaired requires an estimation of value in use and fair value less cost of disposal. The key estimates made in the value in use calculation include discount rates, revenue (having regard to past trend), operating profit growth rates and deployment of vessels. The discount rate is estimated using pre-tax rates that reflect current market assessments of the time value of money. The fair values are estimated based on valuations provided by independent valuers considering latest transactions of similar assets.

Useful lives and residual values of Property, plant and equipment :

Useful lives and residual values of property, plant and equipment are reviewed at each year end based on the best available information. The lives are based on historical experience with similar assets as well as anticipation of future events. Residual value of Fleet is estimated having regard to, inter alia, past trend of steel scrap prices.

Provisions and Contingent Liabilities :

The Company is a party to certain legal disputes, the outcomes of which cannot be assessed with a high degree of certainty. A provision is recognised where, based on the legal views and advice, it is considered probable that an outflow of resources will be required to settle a present obligation that can be measured reliably. Contingent liabilities are disclosed in Note 36 unless the possibility of a loss arising is considered remote. Management applies its judgement in determining whether a provision should be recorded or contingent liability should be disclosed.

(e) Property, plant and equipment :

Property, plant and equipment (PPE) are stated at acquisition cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenses related to acquisition, installation of the concerned assets and any attributable cost of bringing the asset to the condition of its intended use.

The Company identifies and determines cost of each part of an item of property, plant and equipment separately, if the part has a cost which is significant to the total cost of that item of property, plant and equipment and has a useful life that is materially different from that of the remaining item. Borrowing costs attributable to the acquisition or construction of a qualifying asset are also capitalised as part of the cost of the asset.

Capital work-in-progress and Capital advances :

Cost of assets not ready for intended use as on the Balance Sheet date, is shown as capital work-in-progress. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

Depreciation on Property, Plant and Equipment :

- (i) Depreciation is recognised on Straight Line Method basis so as to write off the original cost of the asset less its estimated residual value over the estimated useful life. The estimated useful life of the assets is as under :

Property, plant and equipment :	Estimated Useful Life
Fleet (Main)	
- Crude Oil Tankers	20 years
- Product Tankers *	23 years
- Dry Bulk Carriers *	23 years
- Gas Carriers *	27 years
- Speed Boats	13 years
Fleet (Component)	
- Grabs *	10 years
- Dry Dock *	Period from survey certificate date till the estimated date for next special survey
Leasehold Land	Lease period
Ownership Flats and Buildings	60 years
Furniture & Fixtures, Office Equipment *	5 years
Computers	
- Servers and Networks	6 years
- End User Devices	3 years
Vehicles *	4 years
Mobiles *	2 years
Plant and Equipment *	10 years
Leasehold improvements	Lease period

* For this class of assets, based on internal technical assessment and past experience, the Management believes that the useful lives as given above, best represent the period over which the Management expects the use of the assets. The useful lives of these assets are different from the useful lives as prescribed under Part C of Schedule II to the Companies Act, 2013.

- (ii) Estimated useful life of the Fleet and Ownership Flats and Buildings is considered from the year of built. Estimated useful life in case of all other assets is considered from the date of acquisition by the Company.

- (iii) The estimated useful lives and residual values are reviewed at the end of each reporting period based on the conditions of the vessels, market conditions and other regulatory requirements, with the effect of any changes in estimate being accounted for on a prospective basis.

Derecognition :

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

(f) Intangible Assets :

Intangible assets are stated at acquisition cost less accumulated amortisation and accumulated impairment losses, if any. An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses on derecognition measured at difference between net disposal proceeds and the carrying amount of the asset, are recognised in the Statement of Profit and Loss.

Amortisation :

Intangible Assets with finite lives are amortised on a Straight Line basis over the estimated useful economic life. The amortisation expense on intangible assets with finite lives is recognised in the Statement of Profit and Loss. The estimated useful life of intangible assets is mentioned below :

Intangible Assets :	Estimated Useful Life
Software	5 years

The amortisation period and the amortisation method for an intangible asset with finite useful life are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

(g) Asset classified as held for sale :

An item of property, plant and equipment is classified as asset held for sale at the time when the Management is committed to sell/dispose off the asset as per Memorandum of Agreement entered into with the customer and the asset is expected to be sold/disposed off within one year from the date of classification.

Assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

(h) Impairment :

The carrying amounts of the Company's property plant and equipment and intangible assets are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amounts are estimated in order to determine the extent of impairment loss, if any. An impairment loss is recognised whenever the carrying amount of an asset or its cash generating unit (CGU) exceeds its recoverable amount. The impairment loss, if any, is recognised in the Statement of Profit and Loss in the period in which impairment takes place.

Assessment of recoverable amount of the vessels is based on higher of fair value less cost to sell and its value in use calculations, with each vessel being regarded as one cash generating unit. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of a vessel and from its disposal at the end of its useful life. For calculating present value, future cash flows are discounted using a pre-tax discount rate that reflects current market rates and the risk specific to the vessel. Fair value less cost to sell is the best estimate of the amount obtainable from the sale of a vessel in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal based on independent third-party broker valuations.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, however subject to the increased carrying amount not exceeding the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior accounting periods.

(i) Investments in subsidiaries :

Non-current Investments in equity shares in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

Non-current Investments in preference shares of subsidiary is measured at amortised cost as it is held within a business model whose objective is to hold this investment in order to collect the contractual cash flows and the contractual cash flows are solely payment of principal and interest on the principal amount outstanding.

(j) Inventories :

Inventories of fuel oil (includes returnable fuel oil from charterer as per terms of the time charter agreement), stores and spares at warehouse are carried at lower of cost and net realisable value. Stores and spares delivered on board the vessels are charged to Statement of Profit and Loss. Cost is ascertained on first-in-first-out basis. Net realisable value represents the estimated selling price for inventories less all costs necessary to make the sale or expected amount to be realised from use as estimated by the management, as applicable.

(k) Borrowing Costs :

Borrowing costs include interest, ancillary cost incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings availed on or after April 01, 2016, to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are directly attributable to the acquisition/construction of the qualifying assets are capitalised as part of the cost of the asset, upto the date of acquisition/completion of construction. Other borrowing costs are recognised in profit and loss in the period in which they are incurred.

(l) Revenue Recognition :

Revenue is recognised upon transfer of control of promised services to customers at an amount that reflects the consideration which the Company expects to receive in exchange for those services.

The Company earns revenue from time and voyage charter.

Time Charter hire earnings are accrued on time proportion basis except where the charter party agreements have not been renewed/finalised, in which case it is recognised on provisional basis.

Revenue from voyage charters is recognised as income, by reference to the voyage progress on load-to-discharge basis, which has been assessed by management to be an appropriate measure of progress towards complete satisfaction of the performance obligations over time under Ind AS 115. Judgement is involved in estimating days to reach the load port and discharge port destinations impacting the calculation of income to be accrued for incomplete voyage. Management uses its judgement in estimating the total number of days of a voyage based on historical trends, the operating capability of the vessel (speed and fuel consumption) and the distance of the trade route.

Demurrage revenue is recognised as the performance obligations under the contract is satisfied.

Pool revenue is recognised as the performance obligation is satisfied over time in accordance with the pooling agreement. Training fees included in other operating income are accounted on accrual basis.

Revenue is measured based on the consideration to which the Company expects to be entitled in contract with customer. The consideration is determined based on the price specified in the contract, net of address commission. Revenue excludes any taxes or duties collected on behalf of the Government which are levied on sales such as Goods and Services tax.

There is no significant financing component in any transaction.

(m) Expenses :

- (i) Fuel oil is charged to the Statement of Profit and Loss on consumption basis.
- (ii) Stores and spares delivered on board the ships are charged to the Statement of Profit and Loss.
- (iii) Expenses on account of general average claims/damages to ships are charged to the Statement of Profit and Loss in the year in which they are incurred. Claims against the underwriters are accounted for on acceptance of average adjustment by the adjustors.

(n) Leases :

Company as a Lessee

The Company's lease asset classes primarily consist of leases for office premises, warehouse and equipment rental. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether : (1) the contract involves the use of an identified asset (2) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over useful life of the underlying asset.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are remeasured with a corresponding adjustment to the related right-of-use assets if the Company changes its assessment of either exercising an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Company as a Lessor

Leases can be classified as finance or operating leases. In making the assessment, certain indicators, such as whether the substantial risks and rewards of ownership of the underlying asset continue with the Company, and whether the contract is for a major part of the economic life of the asset, are considered.

Based on the aforementioned assessment, the time charter contracts for vessels of the Company contain operating lease component for the purpose of Ind AS 116, Leases - Refer Note 33.

(o) Employee Benefits :

(i) Short-Term Employee Benefits :

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, performance incentives, etc., are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the employee renders the related service.

(ii) Post-Employment Benefits :

Liability is provided for retirement benefits of Provident Fund, Superannuation, Gratuity, Post Retirement Medical Benefit Scheme and Compensated Absences in respect of all eligible employees and for pension benefit to eligible Whole-time Directors of the Company.

(a) Defined Contribution Plan

Employee benefits in the form of Superannuation Fund and other Seamen's Welfare Contributions are considered as defined contribution plans and the contributions are charged to the Statement of Profit and Loss of the period when the contributions to the respective funds are due.

(b) Defined Benefit Plan

Retirement benefits in the form of Provident Fund administered by the Company, Gratuity, Post Retirement Medical Benefit scheme for all eligible employees and Pension plan for eligible Whole-time Directors are considered as defined benefit obligations and are provided for on the basis of actuarial valuations, using the projected unit credit method, as at the date of the Balance Sheet.

(iii) Other Long-Term Benefits

Long-term compensated absences are provided for on the basis of an actuarial valuation, using the projected unit credit method, as at the date of the Balance Sheet.

Actuarial gain/loss, comprising of experience adjustments and the effects of changes in actuarial assumptions is recognised in the Statement of Other Comprehensive Income except for Long-term compensated absences where the same is immediately recognised in the Statement of Profit and Loss.

(p) Foreign Exchange Transactions :

(i) Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in 'Indian Rupees' (INR), which is also the Company's functional currency.

(ii) The transactions in currencies other than the entity's functional currency (foreign currencies) are recorded at the rate of exchange that approximates the actual rate at the date of transaction. Non-monetary items, which are measured in terms of historical costs denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currency, remaining unsettled at the year end are translated at closing rates. The difference in translation of long-term monetary assets acquired and liabilities incurred prior to April 01, 2016 and gains and losses on foreign currency transactions relating to acquisition of

depreciable capital assets are added to or deducted from the cost of the asset and depreciated over the balance life of the asset; and in other cases, accumulated in a Foreign Currency Monetary Item Translation Difference Account and amortised over the balance period of such long-term asset/liability, by recognition as income or expense but not beyond March 31, 2020. The difference in translation of all other monetary assets and liabilities and realised gains and losses on other foreign currency transactions are recognised in the Statement of Profit and Loss.

(q) Financial Instruments :

Initial Recognition :

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

Subsequent measurement :

Financial Assets :

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value through profit or loss (FVTPL) or fair value through other comprehensive income (FVTOCI), depending on the classification of the financial assets. The purchase and sale of financial assets are accounted for at trade date.

Cash and Cash Equivalents :

Cash and cash equivalents include cash in hand, demand deposits with banks, other short-term highly liquid financial instruments which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less.

Fixed deposit having residual maturity upto twelve months from the reporting period is considered as part of bank balances other than cash and cash equivalent. Fixed deposit with residual maturity more than twelve months from reporting period is classified under other non-current assets.

Debt Instruments :

Debt instruments are initially measured at amortised cost, fair value through other comprehensive income (FVTOCI) or fair value through profit or loss (FVTPL) till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

(i) Measured at Amortised Cost :

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate (EIR) method less impairment, if any. The amortisation using EIR and loss arising from impairment, if any, is recognised in the Statement of Profit and Loss.

Under the effective interest method, the future cash receipts are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortisation using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial asset over the relevant period of the financial asset to arrive at the amortised cost at each reporting date. The corresponding effect of the amortisation under effective interest method is recognised as interest income over the relevant period of the financial asset. The same is recognised in the Statement of Profit and Loss.

(ii) Measured at Fair value through Other Comprehensive Income (FVTOCI) :

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest and the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognised in the Other Comprehensive Income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified to profit or loss.

Further, the Company, through an irrevocable election at initial recognition, has measured certain investments in equity instruments at FVTOCI. The Company has made such election on an instrument by instrument basis. These equity instruments are neither held for trading nor are contingent consideration recognised under a business combination. Pursuant to such irrevocable election, subsequent changes in the fair value of such equity instruments are recognised in OCI. However, the Company recognises dividend income from such instruments in the Statement of Profit and Loss.

On derecognition of such financial assets, cumulative gain or loss previously recognised in OCI is not reclassified from the equity to Statement of Profit and Loss. However, the Company may transfer such cumulative gain or loss into retained earnings within equity.

(iii) Measured at Fair value through Profit or Loss (FVTPL) :

A financial asset not classified at either amortised cost or FVTOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Impairment of Financial Assets :

Expected credit losses (ECL) are recognised for all financial assets subsequent to initial recognition other than financials assets in FVTPL category. The Company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to lifetime expected losses i.e. expected cash shortfall. The impairment losses and reversals are recognised in the Statement of Profit and Loss.

In case of other assets, the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognised as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognised as loss allowance.

ECL impairment loss allowance recognised during the period is recognised in the Statement of Profit and Loss.

Derecognition of Financial Assets :

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. On derecognition of a financial asset, (except as mentioned above for financial assets measured at FVTOCI), the difference between the carrying amount and the consideration received is recognised in the Statement of Profit and Loss.

Financial liabilities and Equity Instruments :

Classification as Debt or Equity :

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity Instruments :

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial Liabilities :

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or it is designated as at FVTPL.

For financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. The remaining amount of change in the fair value of liability is recognised in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognised in other comprehensive income are not subsequently reclassified to profit or loss; instead, they are transferred to retained earnings upon derecognition of the financial liability.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

Derecognition of Financial Liabilities :

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. A substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

Offsetting Financial Instruments :

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Derivative Financial Instruments :

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks, including foreign exchange forward contracts, interest rate swaps, currency swaps, commodity swaps etc. Further details of derivative financial instruments are disclosed in Note 37.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in the Statement of Profit and Loss depends on the nature of the hedging relationship and the nature of the hedged item. The gains or losses on derivative contracts related to the acquisition of depreciable capital assets are added to or deducted from the cost of the assets and not recognised in the Statement of Profit and Loss.

Embedded Derivatives :

Derivatives embedded in non-derivative host contracts that are not financial instruments within the scope of Ind AS 109 are treated as separate derivatives when their risks and characteristics are not closely related to those of the host contracts and the host contracts are not measured at FVTPL.

Hedge Accounting :

The Company designates certain hedging instruments, which include derivatives and non-derivatives in respect of foreign currency risk, as either fair value hedges or cash flow hedges.

At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Company documents whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk. Note 37 sets out details of the fair values of the derivative instruments used for hedging purposes.

Fair Value Hedges :

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in the Statement of Profit and Loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. The change in the fair value of the designated portion of hedging instrument and the change in the hedged item attributable to the hedged risk are recognised in the Statement of Profit and Loss in the line item relating to the hedged item.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. The fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortised to the Statement of Profit and Loss from that date.

Cash Flow Hedges :

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in Other Comprehensive Income and accumulated under the heading of Cash Flow Hedging Reserve. The gain or loss relating to the ineffective portion is recognised immediately in the Statement of Profit and Loss.

Amounts previously recognised in Other Comprehensive Income and accumulated in equity (relating to effective portion as described above) are reclassified to the Statement of Profit and Loss in the periods when the hedged item affects profit or loss, in the same line as the recognised hedged item. However, when the hedged forecast transaction results in the recognition of a non-financial asset or a non-financial liability, such gains and losses are transferred from equity (but not as a reclassification adjustment) and included in the initial measurement of the cost of the non-financial asset or non-financial liability.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in Other Comprehensive Income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in the Statement of Profit and Loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in the Statement of Profit and Loss.

(r) Taxation :

Tax expense for the year comprises current and deferred tax. The tax currently payable is based on taxable profit for the year. The Company's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. In contrast, deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Current and deferred tax are recognised as an expense or income in the Statement of Profit and Loss, except when they relate to items credited or debited either in other comprehensive income or directly in equity, in which case the tax is also recognised in other comprehensive income or directly in equity respectively.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights to set off current tax assets and current tax liabilities within that jurisdiction. Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws which is likely to give future economic benefits in the form of availability of set off against future income tax liability.

(s) Provisions and Contingent Liabilities :

Provisions are recognised in the financial statement in respect of present obligations (legal or constructive) as a result of past events if it is probable that the Company will be required to settle the obligation, and which can be reliably estimated. Provisions are measured at the best estimate of the consideration required to settle the present obligation at the Balance Sheet date. In case of onerous contract present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation or penalties arising from failure to fulfil it, if applicable. The cost of fulfilling a contract comprises the costs that relate directly to the contract. Costs that relate directly to a contract consist of both the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

Contingent liabilities are not recognised but disclosed unless the probability of an outflow of resources is remote. Contingent assets are disclosed where inflow of economic benefits is probable.

(t) Earnings Per Share :

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events, such as bonus issue, bonus element in a rights issue and shares split that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating Diluted Earnings per share, the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

(u) Government Grants :

Government grants are not recognised until there is a reasonable assurance that the Company will comply with the conditions attached to them and that the grants will be received. Government grants are recognised in the Statement of Profit and Loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate. Government grants used to acquire non-current asset are recognised as deferred revenue in the Balance Sheet and transferred to the Statement of Profit and Loss on a systematic basis over the useful lives of the related assets.

Applicability of new and revised Ind AS :

New and amended standards adopted by the Company

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

Less : Allowance for doubtful receivables (expected credit loss allowance)	(14.65)	(24.52)
	437.82	443.73

Notes :

Trade receivables are initially recognised at their original invoiced amounts i.e. the transaction price. Trade receivables are considered to be of short duration, and hence, not discounted. The customers generally have stable financial standings and high credit quality, and historical experience of collection of receivables also indicates that credit risk is low. All trade receivables are reviewed and assessed for recoverability on a regular basis. The trade receivables overdue for one year and above are provided for as expected credit loss. It is ensured that provision for expected credit loss is not less than the amount derived as per the provision matrix which is based on historically observed default rates over the expected life of trade receivables and forward looking estimates. Besides, specific evaluation is done mainly for demurrage receivable which is based on expected outcome of ongoing negotiations with counterparties. While there is no standard credit period offered, the average recovery period for trade receivables is up to 90 days.

The movement in expected credit loss during the year is as follows :

(₹ in crores)

	Current Year	Previous Year
Opening Balance	24.52	15.97
Add : Allowance during the year	4.43	17.09

The Company has opted for computation of its income from shipping activities under Tonnage Tax Scheme as per Section 115VA of the Income-tax Act, 1961. Thus, income from the business of operating ships is assessed on the basis of the Deemed Tonnage Income of the Company and no deferred tax is applicable to such income as there are no temporary differences.

The Company, with effect from financial year 2019-20, has chosen to exercise the option of lower tax rate of 25.17% (inclusive of surcharge and cess) under Section 115BAA of the Income-tax Act, 1961 as introduced by The Taxation Laws (Amendment) Ordinance, 2019.

The contingent liability includes liability for matters arising out of disallowance under Section 14A of the Income-tax Act, 1961 upto assessment year 2020-21. Similar claims have been made by the Company for subsequent assessment years for which assessments are pending.

The contingent liabilities include the liability pertaining to the disallowance under Section 14A of the Income-tax Act, 1961 upto assessment year 2020-21. The Tribunal has decided this issue in favour of the Company upto assessment year 2015-16. Post assessment year 2020-21 there is no such disallowance possible in the hands of the Company.

(ii) General description of Defined Contribution Plans :

Superannuation Fund :

In addition to gratuity benefits, employees have the option to become a member of the Superannuation Fund Trust set up by the Company and receive benefits thereunder. It is a defined contribution plan. The Company makes contributions to the trust in respect of the said employees until their retirement or resignation. The Company recognises such contributions as an expense when incurred. The Company has no further obligation beyond its contribution.

National Pension Scheme (NPS) :

NPS is an additional option for offering retirement benefits to the employees. NPS is designed on defined contribution basis wherein the Company contributes to the employees account.

There is no defined benefit that would be available at the time of exit from the system and the accumulated wealth depends on the contributions made and the income generated from the investment of such wealth. The Company recognises such contributions as an expense when incurred. The Company has no further obligation beyond its contribution.

Seamen's Provident Fund :

The Company's contribution towards Provident Fund in respect of seamen i.e. crew who sail on Company's ships is paid to the Seamen's Provident Fund as per the National Maritime Board Agreement binding on the Company.

Seamen's Annuity Fund :

The Company's contribution towards Annuity in respect of seamen is paid to the Seamen's Annuity Fund as per the National Maritime Board Agreement binding on the Company.

Seamen's Rehabilitation Fund :

The Company's contribution towards rehabilitation in respect of seamen is paid to the National Maritime Board Rehabilitation and Welfare Trust as per the National Maritime Board Agreement binding on the Company.

Seamen's Gratuity Fund :

The Company's contribution towards Gratuity in respect of seamen is paid to the Seafarer's Welfare Fund Society as per the National Maritime Board Agreement binding on the Company.

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation as recognised in the Balance Sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

(ix) The defined benefit obligations shall mature after year ended March 31, 2024 as follows :

(x) **General description of Defined Benefit Plans :**

Gratuity Plan :

Gratuity is payable to all eligible employees of the Company on superannuation, death, permanent disablement or resignation in terms of the provisions of the Payment of Gratuity Act or as per the Company's scheme whichever is more beneficial. Benefit would be paid at the time of separation based on the last drawn basic salary.

The defined benefit plan is administered by a separate fund that is legally separated from the Company. The Company's investment strategy in respect of its funded plan is implemented within the framework of the applicable statutory requirements.

The plan exposes the Company to a number of actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.

- Investment/Interest Rate Risk

The Company is exposed to investment/interest rate risk if the return on the invested fund falls below the discount rate used to arrive at present value of the benefit.

- Longevity Risk

The Company is not exposed to risk of the employees living longer as the benefit under the scheme ceases on the employee separating from the employer for any reason.

- Salary Risk

The Company is exposed to higher liability if the future salaries rise more than assumption of salary escalation.

The Company does an Asset - Liability matching study each year in which the consequences of the strategic investment policies are analysed in terms of risk and return profiles.

Retirement Benefit Scheme including Pension Plan :

Under the Company's Retirement Benefit Scheme for the eligible Whole-time Directors, all the eligible Whole-time Directors are entitled to the benefits of the scheme only after attaining the age of 62 years, except for retirement due to physical disability or death while in office, in which case, the benefits shall start on his retirement due to such physical disability or death. The benefits are in the form of monthly pension @ 50% of his eligible salary subject to maximum of ₹ 1.25 crores p.a. during his lifetime. If he predeceases the spouse, she will be paid monthly pension @ 50% of eligible pension during her lifetime. Benefits include reimbursement of medical expenses for self and spouse, overseas medical treatment upto ₹ 0.50 crore for self/spouse, office space including office facilities in the Company's office premises. Benefits also include use of Company's car including reimbursement of driver's salary and other related expenses during his lifetime and in the event of his demise, his spouse will be entitled to avail the said benefit during her lifetime.

Post Retirement Medical Benefit Scheme for Executive Directors and Senior Management Employees:

As per the Company's Post Retirement Medical Benefit Scheme for Executive Directors and Senior Management Employees ('Scheme'), selected employees who fulfil the conditions for eligibility and entitlement as prescribed in the Scheme shall be eligible for the benefits of the Scheme upon retirement. The benefits are in the form of reimbursement/payment of hospitalisation (including domiciliary hospitalisation) expenses incurred in India or abroad for the selected employee and his/her spouse for life, pre and post hospitalisation expenses and annual preventive health check-up package, subject to the annual limit not exceeding ₹ 0.50 crore. If either of the selected employee or his/her spouse passed away, the limit will continue for eligible survivor. Selected employee, who has been Executive Director of the Company, will also be entitled to reimbursement of all other medical expenses for himself/herself and his/her spouse.

Compensated Absences :

All eligible union grade employees had an option to freeze the accumulated leave balance as on June 30, 2008. Such frozen accumulated leave balance will be encashed as per the last drawn basic salary at the time of superannuation, death, permanent disablement, resignation or promotion to the non-union category.

With effect from April 1, 2012, all eligible non-union employees have an option to freeze their leave accumulation days on 30th June every year and such frozen accumulated leave balance will be encashed as per the basic salary for the month of June of the relevant year for which leave was frozen at the time of superannuation, death, permanent disablement or resignation.

For all union and non-union grade employees, maximum leave that can be carried forward is 15 days.

The leave over and above 15 days is encashed and paid to employees on an annual basis.

Provident Fund :

Eligible employees of the Company receive benefits from a provident fund, which is a defined benefit plan. Both the eligible employee and the Company make monthly contributions to the provident fund plan equal to a specified percentage of the covered employee's salary. The Company contributes a portion to the Provident Fund Trust and the remaining portion is contributed to the government administered pension fund. The trust invests in specific designated instruments as permitted by Indian law. The rate at which the annual interest is payable to the beneficiaries by the trust is being administered by the Government. The Company has an obligation to make good the shortfall, if any.

Valuations in respect of Provident Fund have been carried out by an independent actuary as at the Balance Sheet date as per the Deterministic Cashflow Approach based on the following assumptions :

Actuarial assumptions	Provident Fund	
	Funded	
	As at 31/03/2024	As at 31/03/2023
Rate of discounting (p.a.)	7.21%	7.45%

Fair value of plan assets at the end of the year	284.41	256.68
(Deficit)/Surplus of plan assets over obligation	(5.99)	1.87

The plan assets have been invested in government securities, private and public sector bonds.

The Company contributed ₹ 8.31 crores to the Provident Fund Trust during the current year (Previous Year : ₹ 7.53 crores), and the same has been recognised in the Statement of Profit and Loss under the head Employee Benefits Expense.

During the current year, the Company has made a provision of ₹ 0.13 crore (Previous Year : ₹ 0.42 crore), being the change in remeasurement of the defined benefit plans due to impairment in the value of certain investments made in securities by the trusts managing the defined benefit plans of the Company.

Note 32 : Segment Reporting

The Company is engaged only in shipping business segment and there are no separate reportable segments as per Ind AS 108, 'Operating Segments'.

(b) Substantial assets of the Company are ships, which are operating across the world, in view of which they can not be identified by any particular geographical area.

(c) Information about major customers :

Included in revenue from operations of ₹ 4102.33 crores (Previous Year : ₹ 4808.55 crores) are revenues of ₹ 1165.76 crores which arose from sales to the Company's two major customers (Previous Year : ₹ 551.55 crores from single largest customer). No other customer contributed 10% or more to the Company's revenue for both current year and previous year.

Note 33 : Right-of-use Assets (ROU) and Lease Liabilities

The Company's lease assets primarily consist of leases for buildings and IT equipments. The Company has elected to apply recognition exemption as per Ind AS 116 for leases which are expiring within 12 months from the date of transition by class of assets and leases for which the underlying asset is of low value on a lease by lease basis. The Company has also used the practical expedient provided by the standard when applying Ind AS 116 to leases. The Company has used a single discount rate to a portfolio of leases with similar characteristics.

- The Company does not expect any reimbursements in respect of the above contingent liabilities.
- The Company's pending litigations comprise of claims pertaining to proceedings pending with Income Tax, Custom, Sales Tax/VAT, Service Tax and other authorities. The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions were required and disclosed as contingent liabilities where applicable, in its financial statements. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial statements.

Note 37 : Financial Instruments

A. Capital Management :

The Company's capital management is intended to create value for shareholders by facilitating the meeting of long-term and short-term goals of the Company.

The capital structure of the Company consists of net debt (borrowings as detailed in Note 16 and offset by cash and bank balances and current investments) and total equity of the Company.

The Company is not subject to any externally imposed capital requirements.

The Company's risk management committee reviews the capital structure of the Company on a regular basis considering the cyclicity of business.

The gearing ratio was as follows:

	(₹ in crores)	
	As at 31/03/2024	As at 31/03/2023
Debt *	2340.83	2650.36
Less : Cash and bank balances (other than margin money deposits and unpaid dividend account) including current investments	(5499.68)	(4208.36)
Net debt	(3158.85)	(1558.00)
Total equity	10346.41	8520.25
Net debt to equity ratio	(0.31)	(0.18)

* Debt includes redeemable non-convertible debentures, term loans from banks and accrued interest.

B. Financial Assets and Liabilities :

The material accounting policies, including the criteria for recognition, the basis of measurement and the basis on which incomes and expenses are recognised, in respect of each class of financial asset, financial liability and equity instruments are disclosed in Note 2(q) to the financial statements.

The carrying amounts of financial instruments by categories are as follows :

Total	3085.78	3357.65

* The fair values of the financial assets and financial liabilities are not materially different (difference being in range of 5% of the carrying amounts) from their carrying amounts.

C. Fair Value Hierarchy :

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels :

> Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

> Level 2 - Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

> Level 3 - Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The following table presents assets and liabilities measured at fair value and classified by the level of the following fair value measurements hierarchy :

	As at 31/03/2024	As at 31/03/2023
(₹ in crores)		
Financial Assets :		
Measured at Level 2		
- Investments in Mutual Funds	1624.39	1267.89
- Derivative Contracts	89.12	111.96
Total	1713.51	1379.85
Financial Liabilities :		
Measured at Level 2		
- Derivative Contracts	357.42	411.48
Total	357.42	411.48

Valuation technique and key inputs :

Investments in mutual funds are valued at the net asset value of the respective units. Derivative instruments are fair valued at the discounted cash flows. Future cash flows are estimated based on forward exchange/interest rates and contract forward/interest rates discounted at a rate that reflects the credit risk of various counterparties.

D. Derivative Financial Instruments and Risk Management :

The Company uses foreign exchange forward contracts and interest rate swaps to hedge its exposure to the movements in foreign exchange and interest rates. The use of these reduces the risk to the Company arising out of movement in exchange and interest rates. The Company does not use foreign exchange forward contracts and interest rate swaps for trading purpose. The Company has also entered into cross currency swaps to swap its INR borrowings into US dollars to mitigate the exchange risk arising out of foreign currency receivables. The interest rate swap component in the cross currency swap reduces the effective interest costs to the Company. The Company also uses commodity futures contracts for hedging the exposure to bunker price risk.

(i) Derivative instruments in hedging relationship (Cash Flow Hedges) :

(a) Interest Rate Swap Contracts :

Details	As at 31/03/2024	As at 31/03/2023
Total no. of contracts outstanding	3	3
Principal notional amount (USD in million)	24.267	28.976
Fair value gain/(loss)- net (₹ in crores)(Excluding interest accrued)	18.33	23.80
Maturity period	Upto 4 Years	Upto 5 Years

(b) Bunker Swap Contracts :

Details	As at 31/03/2024		As at 31/03/2023	
	Purchase	Sale	Purchase	Sale
Total no. of contracts outstanding	6	-	3	-
No. of units in MT under above contracts	14800	-	11700	-
Fair value gain/(loss)- net (₹ in crores)	6.71	-	(2.85)	-
Maturity period	Upto 2 Years	-	Upto 2 Years	-

The interest rate swaps are entered to hedge interest payments from floating to fixed on borrowings. The bunker swaps are entered to hedge the bunker price risk. Fair value gains/(losses) on the interest rate swap contracts and bunker swap contracts recognised in Cash Flow Hedging Reserve are transferred to the Statement of Profit and Loss as part of interest expense and fuel oil and water expense on settlement. The fair value on reporting date is reported under "Other financial assets" and "Other financial liabilities".

The hedging gain recognised in other comprehensive income during the year is ₹ 16.19 crores (Previous Year : loss of ₹ 44.58 crores) of which gain of ₹ 12.10 crores (Previous Year : loss of ₹ 5.21 crores) has been reclassified to Statement of Profit and Loss.

(ii) Derivative instruments not in hedging relationship :

Forward Exchange Contracts :

Details	As at 31/03/2024		As at 31/03/2023	
	Purchase	Sale	Purchase	Sale
Total no. of contracts outstanding	-	43	-	36
Foreign currency value (USD in million)	-	53.750	-	45.000
Fair value gain/(loss)- net (₹ in crores)	-	1.43	-	(2.90)
Maturity period	-	Upto 1 Year	-	Upto 1 Year

Forward exchange contracts mentioned under (ii) above economically hedge the underlying exposures but hedge accounting is not opted for the same. The gains/(losses) on such are recognised in the Statement of Profit and Loss.

Forward exchange contracts were entered into to hedge existing transactions/firm commitments denominated in foreign currency.

(iii) Currency Swap Contracts :

Currency Swap Contracts (INR to USD) :

Details	Currency	As at 31/03/2024	As at 31/03/2023
Total no. of contracts outstanding		28	32
Principal notional amount (₹ in crores)	INR/USD	1900.00	2150.00
Fair value gain/(loss)- net (₹ in crores)		(294.76)	(317.57)
Maturity period		Upto 5 Years	Upto 6 Years

The mark-to-market loss on above mentioned currency swap contracts is recognised in the Statement of Profit and Loss.

E. Market Risk :

(i) Foreign currency risk management :

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuation arise.

The Company's exposure to unhedged foreign currency is listed as under :

Details	Currency	As at 31/03/2024	As at 31/03/2023	As at 31/03/2024	As at 31/03/2023

	USD	341.901	280.535	2851.80	2305.16

Sensitivity analysis :

A 5% strengthening/weakening of Indian Rupee against key currencies to which the Company is exposed (net of hedge), with all other variables being held constant, would have led to approximately a gain/loss of ₹ 16.45 crores (Previous Year : ₹ 20.52 crores) in the Statement of Profit and Loss.

(ii) Interest rate risk :

The Company has mix of fixed and floating rate loans and generally uses interest rate swaps as cash flow hedges of future interest payments, which have economic effect of converting the borrowings from floating to fixed interest rate loans. Under the interest rate swaps, the Company agrees with other parties to exchange, at specified intervals, the difference between fixed contract rates and floating rate interest amounts calculated by reference to the agreed notional principal amounts.

Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rate. The borrowings of the Company are principally denominated in rupees and US dollars with a mix of fixed and floating rates of interest. The Company hedges its US dollar interest rate risk through interest rate swaps to reduce the floating interest rate risk. The Company has exposure to interest rate risk, arising principally on changes in base lending rate and SOFR/LIBOR rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings, and by the use of interest rate swap contracts.

The following table provides a breakup of the Company's fixed and floating rate borrowings :

	(₹ in crores)	
	As at 31/03/2024	As at 31/03/2023
Fixed Rate Borrowings	1900.00	2150.00
Floating Rate Borrowings	330.86	386.32
Total Borrowings (Gross)	2230.86	2536.32

Sensitivity analysis :

The sensitivity analysis has been determined based on the exposure to interest rates for unhedged floating rate liabilities. A 0.50% decrease in interest rates and other variables held constant, would have led to approximately gain of ₹ 0.68 crore (Previous Year : ₹ 1.76 crores) in the Statement of Profit and Loss. A 0.50% increase in interest rate would have led to an equal but opposite effect.

(iii) Price risk :

The Company is mainly exposed to the price risk due to its investment in debt mutual funds. The price risk arises due to uncertainties about the future market values of these investments.

Sensitivity analysis :

A 1% increase in prices would have led to approximately an additional gain of ₹ 16.24 crores (Previous Year : ₹ 12.68 crores) in the Statement of Profit and Loss. A 1% decrease in prices would have led to an equal but opposite effect.

(iv) Credit risk management :

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in financial loss to the Company. The major class of financial asset of the Company is trade receivables. For credit exposures to customer, the management assesses the credit quality of the customer, taking into account its financial position, past experience and other factors.

As the Company does not hold any collateral, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the statement of financial position.

Cash and Cash Equivalents, derivatives and mutual fund investments :

Credit risk on cash and cash equivalents is limited as the Company invests in deposits with banks with high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investments in liquid mutual funds units from reputed funds. For derivative and financial instruments, the Company attempts to limit the credit risk by only dealing with reputable banks having high credit ratings assigned by credit rating agencies.

Trade receivables :

Trade receivables consist of a large number of various types of customers, spread across geographical areas. Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. Ongoing credit evaluation is performed on these trade receivables and where appropriate, allowance for losses are provided.

Exposure to credit risk :

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹ 6591.56 crores as at March 31, 2024 (as at March 31, 2023 : ₹ 5217.82 crores), being the total of the carrying amount of investment in subsidiaries (other than investments in equity instruments of subsidiaries), cash and cash equivalents, other bank balances, trade receivables, investments in mutual funds and other financial assets including derivatives instruments.

The ageing analysis of the trade receivables (excluding unbilled receivables) of the Company that are past due but not provided as doubtful debts is as follows :

	(₹ in crores)	
	As at 31/03/2024	As at 31/03/2023
Overdue		
- Less than 180 days	148.80	195.74
- More than 180 days	22.76	31.15
	171.56	226.89

The carrying amounts of trade receivables (excluding unbilled receivables) provided as doubtful debts are as follows :

	(₹ in crores)	
	As at 31/03/2024	As at 31/03/2023
Overdue		
- Less than 180 days	3.25	7.58
- More than 180 days	11.40	16.94
Less : Allowance for doubtful debts	(14.65)	(24.52)
	-	-

(v) Liquidity risk management :

Liquidity risk may arise from inability to meet financial obligations, including loan repayments and payments for vessel acquisitions. This is dealt with by keeping low leverage, as a result of which the Company is able to borrow even in challenging markets. It is also mitigated by keeping substantial liquidity at all times, which enables the Company to capitalise on any opportunities that may arise.

The following table shows the maturity analysis of the financial liabilities based on contractually agreed undiscounted cash flows :

	(₹ in crores)			
	Payable within 1 year	Payable within 2 - 5 years	More than 5 years	Total
As at March 31, 2024

Note 41 : Contract Balances

(₹ in crores)		
Particulars	As at 31/03/2024	As at 31/03/2023
Trade Receivables	171.56	226.89
Contract Assets	316.21	243.43
Contract Liabilities	29.99	38.56

(₹ in crores)		
Particulars	Current Year	Previous Year
Revenue recognised in the reporting period included in opening contracted liabilities	38.56	28.17

Contract assets include mainly unbilled revenue. Contract liabilities are towards charter hire received in advance and part of the freight amount received for incomplete voyages which will be recognised as per progress of the voyage.

Applying the practical expedient as given in Ind AS 115, 'Revenue from Contracts with Customers', the Company has not disclosed the remaining performance obligation related to contracts as the original expected duration of these contracts is one year or less.

Payment terms differ for each charter party contract. In case of time charter, the amounts receivable from customers become due in advance on raising of invoice and in case of voyage charter, on expiry of credit period which on an average is a maximum of 90 days.

Note 42 : Time Charter

The Company has entered into time charter agreements for vessels.

Future charter hire receivables under these time charter arrangements are as follows :

(₹ in crores)		
Particulars	As at 31/03/2024	As at 31/03/2023
Total Future Time Charter Receivables *		
- Less than 1 year	558.97	430.10
- More than 1 year and less than 2 years	200.04	-
- More than 2 years and less than 3 years	-	-
- More than 3 years and less than 4 years	-	-
- More than 4 years and less than 5 years	-	-
- More than 5 years	-	-

* the receivables (undiscounted) are calculated on full term employment basis at operating days rates as per time charter agreements (excluding vessels under pool arrangement).

Note :

The Company's operations include deployment of vessels on time charter basis for short-term. The operation and maintenance of the vessels given on time charter, which includes specialised activities, is responsibility of the Company under the contract. Accordingly, the Company deploys trained and skilled crew to run the vessels for providing logistics services or for shipment of cargo, and ensures maintenance of these assets including dry docking, as per applicable regulatory standards. The charterer does not deploy its crew for these activities. The time charter rate negotiated with the charterer for provision of services which, inter-alia, involves all the above activities is a lumpsum day rate as per the industry practice, and hence, it is not possible to segregate any lease component embedded in the time charter rate for the purposes of the Ind AS 116, 'Leases'.

Independent Auditor's Report

To The Members of The Great Eastern Shipping Company Limited Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of The Great Eastern Shipping Company Limited ("the Parent") and its subsidiaries, (the Parent and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2024, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity, the Consolidated Statement of Cash Flows for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of the subsidiaries referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act ('Ind AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2024, and their consolidated profit, their consolidated total comprehensive income, their consolidated changes in equity and their consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing ("SAs") specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report, Corporate Governance Report, Business Responsibility Report, The Year at a Glance, Financial Highlights and 5 years at a Glance, but does not include the consolidated financial statements, standalone financial statements and our auditor's reports thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries, is traced from their financial statements audited by the other auditors.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including Ind AS specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intend to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of 6 subsidiaries, whose financial statements reflect total assets of ₹ 1415.06 crores as at March 31, 2024, total revenues of ₹ 439.19 crores and net cash inflows amounting to ₹ 72.80 crores for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors

These subsidiaries are located outside India whose financial statements have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Parent's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Parent's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the reports of the other auditors and the conversion adjustments prepared by the management of the Parent and audited by us.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

- (1) As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements of the subsidiaries referred to in the Other Matters section above we report, to the extent applicable that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors except for matters in paragraph (vi).
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors of the Parent as on March 31, 2024 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) The modification relating to the maintenance of accounts and other matters connected therewith, is as stated in paragraph (b) above.
 - (g) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Parent and subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to consolidated financial statements of those companies.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the auditor's reports of subsidiary companies incorporated in India, the remuneration paid by the Parent/ and such subsidiary companies to their respective directors during the year is in accordance with the provisions of Section 197 of the Act.
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- (i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group - Refer Note 39 to the consolidated financial statements.
 - (ii) Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts. - Refer Note 20 and Note 40(D) to the consolidated financial statements
 - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Parent. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the subsidiary companies incorporated in India.
 - (iv) (a) The respective Managements of the Parent and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiaries that, to the best of their knowledge and belief, as disclosed in the Note 47 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The respective Managements of the Parent and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, other than as disclosed in the Note 47 to the consolidated financial statements, no funds have been received by the Parent or any of such subsidiaries from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - (v) The fourth interim dividend and preference dividend of previous year, declared and paid by the Parent and a subsidiary company respectively, during the year is in accordance with Section 123 of the Act, as applicable.
- The first, second and third interim dividends declared and paid by the Parent during the year and until the date of this report are in accordance with Section 123 of the Companies Act 2013. The fourth interim dividend relating to the financial year 2023-24, declared by the Parent is in accordance with Section 123 of the Companies Act 2013 to the extent it applies to declaration of dividend. However, the said forth interim dividend was not due for payment on the date of this audit report.
- (vi) Based on our examination which included test checks, except for the instances mentioned below, the Parent Company and its subsidiary companies incorporated in India have used accounting software(s) for maintaining their respective books of account for the year ended March 31, 2024, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software(s) :

(A) In respect of the Parent Company:

- (a) for an accounting software, maintained by a third-party service provider, in the absence of an independent auditor's system and organisation controls report covering the requirement of audit trail, we are unable to comment whether audit trail feature was enabled at database level and operated throughout the year to log any direct data changes or whether there were any instances of the audit trail feature been tampered with, and

(b) for other accounting software(s), audit trail was not enabled at the database level to log any direct data changes.

(B) In respect of two subsidiaries, audit trail was not enabled at the database level to log any direct data changes.

Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with, in respect of accounting software(s) for the period for which the audit trail feature was operating.

Two other subsidiaries, being companies incorporated in India, whose financial statements are audited under the Act, have not used any accounting software for maintaining their respective books of account for the year ended March 31, 2024; accordingly reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable to those companies.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the year ended March 31, 2024.

- (2) With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/ "the Order") issued by the Central Government in terms of Section 143 (11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us on the companies included in the consolidated financial statements to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said companies included in the consolidated financial statements.

Annexure “A” To The Independent Auditor’s Report

(Referred to in paragraph 1(g) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as at and for the year ended March 31, 2024, we have audited the internal financial controls with reference to consolidated financial statements of The Great Eastern Shipping Company Limited (hereinafter referred to as “Parent”) and its subsidiary companies, which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal control with reference to consolidated financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Parent and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Parent and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls with reference to consolidated financial statements

A Company’s internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Parent and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control with reference to consolidated financial statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Consolidated Financial Statements for the Year Ended March 31, 2024

Note 1 : Corporate Information :

The Great Eastern Shipping Company Limited (the Holding Company) is a public limited Company registered in India under the provisions of the Companies Act, 1913 and has its registered office in Mumbai, Maharashtra, India. Its shares are listed on the BSE Ltd. and the National Stock Exchange of India Ltd. The Company along with its subsidiaries is a major player in the Indian Shipping and Oil drilling services industry.

The consolidated financial statements comprise financial statements of The Great Eastern Shipping Company Limited, the Holding Company and its subsidiaries (collectively the Group). The consolidated financial statements for the year ended March 31, 2024 were approved by the Board of Directors and authorised for issue on May 10, 2024.

Note 2 : Material Accounting Policies

(a) Statement of Compliance :

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 (the Act) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendments and rules issued thereafter.

(b) Basis of Preparation and Presentation :

The Financial Statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period.

(c) Current/Non-Current Classification :

Any asset or liability is classified as current if it satisfies any of the following conditions :

- (i) the asset/liability is expected to be realised/settled in the Group's normal operating cycle;
- (ii) the asset is intended for sale or consumption;
- (iii) the asset/liability is held primarily for the purpose of trading;
- (iv) the asset/liability is expected to be realised/settled within twelve months after the reporting period;
- (v) the asset is cash and cash equivalent or other bank balances unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- (vi) in the case of a liability, the Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date;
- (vii) All other assets and liabilities are classified as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Group has ascertained its normal operating cycle as twelve months.

(d) Use of Estimates :

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management of the Group to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, disclosures of contingent assets and contingent liabilities as at the date of financial statements and the reported amounts of income and expenses during the period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in future periods which are affected.

Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of property, plant and equipment, useful lives of property, plant and equipment, provision, contingent liabilities.

Impairment of Property, plant and equipment :

Determining whether a ship, support vessel or a rig is impaired requires an estimation of value in use and fair value less cost of disposal. The key estimates made in the value in use calculation include discount rates, revenue (having regard to past trend), operating profit growth rates and deployment of ships, support vessels or rigs. The discount rate is estimated using pre-tax rates that reflects current market assessments of the time value of money. The fair values are estimated based on valuations provided by independent valuers considering latest transactions of similar assets.

Useful lives and residual values of Property, plant and equipment :

Useful lives and residual values of property, plant and equipment are reviewed at each year end based on the best available information. The lives are based on historical experience with similar assets as well as anticipation of future events. Residual value of Fleet is estimated having regard to, inter alia, past trend of steel scrap prices.

Provisions and Contingent Liabilities :

The Group is a party to certain legal disputes, the outcomes of which cannot be assessed with a high degree of certainty. A provision is recognised where, based on the legal views and advice, it is considered probable that an outflow of resources will be required to settle a present obligation that can be measured reliably. Contingent liabilities are disclosed in Note 39 unless the possibility of a loss arising is considered remote. Management applies its judgement in determining whether or not a provision should be recorded or contingent liability should be disclosed.

(e) Property, plant and equipment :

Property, plant and equipment (PPE) are stated at acquisition cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenses related to acquisition, installation of the concerned assets and any attributable cost of bringing the asset to the condition of its intended use.

The Group identifies and determines cost of each part of an item of property, plant and equipment separately, if the part has a cost which is significant to the total cost of that item of property, plant and equipment and has a useful life that is materially different from that of the remaining item. Borrowing costs attributable to the acquisition or construction of a qualifying asset are also capitalised as part of the cost of the asset.

Capital work-in-progress and Capital advances :

Cost of assets not ready for intended use as on the Balance Sheet date, is shown as capital work-in-progress. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

(f) Depreciation on Property, Plant and Equipment :

- (i) Depreciation is recognised on Straight Line Method basis so as to write off the original cost of the asset less its estimated residual value over their estimated useful life. The estimated useful lives of the assets are as under :

Property, Plant And Equipment :	Estimated Useful Life
Fleet (Main)	
- Crude Oil Tankers	20 years
- Product Tankers *	23 years
- Dry Bulk Carriers *	23 years
- Gas Carriers *	27 years
- Speed Boats	13 years
- Offshore support vessels	20 years
Modern Rigs	30 years
Fleet (Component)	
- Grabs *	10 years
- Dry Dock *	Period from survey certificate date till the estimated date for next special survey
Leasehold Land	Lease period
Ownership Flats and Buildings	60 years
Furniture & Fixtures, Office Equipment *	5 years
Computers	
- Servers and Networks	6 years
- End User Devices	3 years
Vehicles *	4 years
Mobiles *	2 years
Plant and Equipment *	3 to 10 years
Leasehold improvements	Lease period

* For this class of assets, based on internal technical assessment and past experience, the Management believes that the useful lives as given above, best represent the period over which the Management expects the use of the assets. The useful lives of these assets are different from the useful lives as prescribed under Part C of Schedule II to the Companies Act, 2013.

- (ii) Estimated useful life of the Fleet, Rigs and Ownership Flats and Buildings is considered from the year of built. Estimated useful life in case of all other assets is considered from the date of acquisition by the Group.
- (iii) The estimated useful lives and residual values are reviewed at the end of each reporting period based on the conditions of the vessels, market conditions and other regulatory requirements, with the effect of any changes in estimate being accounted for on a prospective basis.

Derecognition :

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

(g) Intangible Assets :

Intangible assets are stated at acquisition cost less accumulated amortisation and accumulated impairment losses, if any. An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses on derecognition measured at difference between net disposal proceeds and the carrying amount of the asset, are recognised in the Statement of Profit and Loss.

Amortisation :

Intangible Assets with finite lives are amortised on a Straight Line basis over the estimated useful economic life. The amortisation expense on intangible assets with finite lives is recognised in the Statement of Profit and Loss. The estimated useful life of intangible assets is mentioned below :

Intangible Assets :	Estimated Useful Life
Software	5 years

The amortisation period and the amortisation method for an intangible asset with finite useful life are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

(h) Asset classified as held for sale :

An item of property, plant and equipment is classified as asset held for sale at the time when the Management is committed to sell/dispose off the asset as per Memorandum of Agreement entered into with the customer and the asset is expected to be sold/disposed off within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

(i) Inventories :

Inventories of fuel oil (includes returnable fuel oil from charterer as per terms of the time charter agreement), stores and spares on rigs and at warehouse are carried at lower of cost and net realisable value. Stores and spares delivered on board the vessels are charged to Statement of Profit and Loss. Stores and spares of Rigs are charged to Statement of Profit and Loss on consumption basis. Cost is ascertained on first-in-first-out basis for fuel oil and on weighted average basis for stores and spares on Rigs. Net realisable value represents the estimated selling price for inventories less all costs necessary to make the sale or expected amount to be realised from use as estimated by the management, as applicable.

(j) Borrowing Costs :

Borrowing costs include interest, ancillary cost incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings availed on or after April 01, 2016, to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are directly attributable to the acquisition/construction of the qualifying assets are capitalised as part of the cost of the asset, upto the date of acquisition/completion of construction. Other borrowing costs are recognised in profit and loss in the period in which they are incurred.

(k) Revenue Recognition :

Revenue from shipping activities : Revenue in shipping business is recognised upon transfer of control of promised services to customers at an amount that reflects the consideration which the Group expects to receive in exchange for those services. The Group earns revenue from time and voyage charter. Time Charter hire earnings are accrued on time proportion basis except where the charter party agreements have not been renewed/finalised, in which case it is recognised on provisional basis. Revenue from voyage charters is recognised as income, by reference to the voyage progress on a load-to-discharge basis, which has been assessed by management to be an appropriate measure of progress towards complete satisfaction of the performance obligations over time under Ind AS 115. Judgement is involved in estimating days to reach the load port and discharge port destinations impacting the calculation of income to be accrued for incomplete voyage. Management uses its judgement in estimating the total number of days of a voyage based on historical trends, the operating capability of the vessel (speed and fuel consumption) and the distance of the trade route.

Demurrage revenue is recognised as the performance obligations under the contract is satisfied. Pool revenue is recognised as the performance obligation is satisfied over time in accordance with the pooling agreement. Training fees included in other operating income are accounted on accrual basis.

Revenue from offshore activities : The Group earns revenue from drilling and offshore support services performed by deploying rigs and support vessels under contracts with customers. Revenue from drilling services is earned on performance of activity which are paid on a day rate basis over the period of the contract as and when specified services are rendered, which may vary depending upon the nature of operations of rigs during the day. Such daytime consideration is attributed to the distinct time period to which it relates within the contract term, and therefore, is recognised as the services are performed. Revenue from offshore support services is earned on a day rate basis as per the terms of the contract and is recognised accordingly. Revenue is measured based on the consideration to which the Group expects to be entitled in contract with a customer. The consideration is determined based on the price specified in the contract, net of address commission, liquidated damages, off-hire and downtime rebates.

Revenue is recognised to the extent that it is probable that economic benefits will flow to the Group and the revenue can be reliably measured. Revenue in excess of invoicing is classified as contract assets (unbilled revenue). Revenue excludes any taxes or duties collected on behalf of the government which are levied on such services such as goods and services tax.

(l) Expenses :

- (i) Fuel oil is charged to the Statement of Profit and Loss on consumption basis.
- (ii) Stores and spares delivered on board the ships/offshore support vessels are charged to the Statement of Profit and Loss. Stores and spares of rigs are charged to revenue on consumption basis.
- (iii) Expenses on account of general average claims/damages to ships are charged to the Statement of Profit and Loss in the year in which they are incurred. Claims against the underwriters are accounted for on acceptance of average adjustment by the adjustors.

(m) Leases :

Group as a Lessee :

The Group's lease assets classes primarily consist of leases for office premises, warehouse and equipment rental. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether : (1) the contract involves the use of an identified asset (2) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over useful life of the underlying asset.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are remeasured with a corresponding adjustment to the related right-of-use assets if the Group changes its assessment of either exercising an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Group as a Lessor :

Leases can be classified as finance or operating leases. In making the assessment, certain indicators, such as whether the substantial risks and rewards of ownership of the underlying asset continue with the Group, and whether the contract is for a major part of the economic life of the asset, are considered.

Based on the aforementioned assessment, the time charter contracts for ships, support vessels and rigs of the Group contain operating lease component for the purpose of Ind AS 116, Leases - Refer Note 36.

(n) Employee Benefits :

(i) Short-Term Employee Benefits :

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, performance incentives, etc., are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the employee renders the related service.

(ii) Post-Employment Benefits :

Liability is provided for retirement benefits of Provident Fund, Superannuation, Gratuity, Post Retirement Medical Benefit Scheme and Compensated Absences in respect of all eligible employees and for pension benefit to eligible Whole-time Directors of the Group.

(a) Defined Contribution Plan :

Employee benefits in the form of Superannuation Fund, Government administered Provident Fund and other Seamen's Welfare Contributions are considered as defined contribution plans and the contributions are charged to the Statement of Profit and Loss for the period when the contributions to the respective funds are due.

(b) Defined Benefit Plan :

Retirement benefits in the form of Provident Fund administered by the Group, Gratuity, Post Retirement Medical Benefit Scheme for all eligible employees and Pension plan for eligible Whole-time Directors are considered as defined benefit obligations and are provided for on the basis of actuarial valuations, using the projected unit credit method, as at the date of the Balance Sheet.

(iii) Other Long-Term Benefits :

Long-term compensated absences are provided for on the basis of an actuarial valuation, using the projected unit credit method, as at the date of the Balance Sheet.

Actuarial gain/loss, comprising of experience adjustments and the effects of changes in actuarial assumptions is recognised in the Statement of Other Comprehensive Income except for Long-term compensated absences where the same is immediately recognised in the Statement of Profit and Loss.

Employee Share Based Payments :

Equity settled stock options granted under the Group's Employee stock option (ESOP) schemes are accounted as per the accounting treatment prescribed by SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and the Guidance Note on Accounting for Employee Share based payments issued by ICAI. Consequent to the introduction of the encashment scheme, the liability in respect of outstanding options is measured at fair value as per the scheme and the difference in the fair value and the exercise price is amortised over the vesting period as employee compensation with a credit to provisions.

(o) Impairment :

The carrying amounts of the Group's property, plant and equipment are reviewed annually or more frequently to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amounts are estimated in order to determine the extent of impairment loss, if any. An impairment loss is recognised whenever the carrying amount of an asset or its cash generating unit (CGU) exceeds its recoverable amount. The impairment loss, if any, is recognised in the Statement of Profit and Loss in the period in which impairment takes place.

Assessment of recoverable amount of the vessels/rigs is based on higher of fair value less cost to sell and its value in use calculations, with each vessel/rig being regarded as one cash generating unit. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of a vessel/rig and from its disposal at the end of its useful life. For calculating present value, future cash flows are discounted using a pre-tax discount rate that reflects current market rates and the risk specific to the vessel/rig. Fair value less cost to sell is the best estimate of the amount obtainable from the sale of a vessel/rig in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal based on independent third-party broker valuations.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, however subject to the increased carrying amount not exceeding the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior accounting periods. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss.

(p) Foreign Exchange Transactions :

Items included in the financial statements of the Group are measured using the currency of the primary economic environment in which each entity of the Group operates ('the functional currency'). The financial statements are presented in 'Indian Rupees' (INR), which is also the Holding Company's functional currency.

The transactions in currencies other than each entity's functional currency (foreign currencies) are recorded at the rate of exchange that approximates the actual rate at the date of transaction. Non-monetary items, which are measured in terms of historical costs denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currency, remaining unsettled at the year-end are translated at closing rates. The difference in translation of long-term monetary assets acquired and liabilities incurred prior to April 01, 2016 and gains and losses on foreign currency transactions relating to acquisition of depreciable capital assets are added to or deducted from the cost of the asset and depreciated over the balance life of the asset; and in other cases, accumulated in a Foreign Currency Monetary Item Translation Difference Account and amortised over the balance period of such long-term asset/liability, by recognition as income or expense but not beyond March 31, 2020. The difference in translation of all other monetary assets and liabilities and realised gains and losses on other foreign currency transactions are recognised in the Statement of Profit and Loss.

Translation of financial statements of foreign entities :

For the purpose of consolidation, the assets and liabilities of the foreign operations are translated to Indian rupees at the exchange rate prevailing on the Balance Sheet date, and the income and expenses at the average rate of exchange. Exchange differences arising on such translation are recognised as currency translation reserve under equity. Exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in the foreign operation) are recognised initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items. Exchange differences arising from the translation of a foreign operation previously recognised in currency translation reserve in equity are not reclassified from equity to profit or loss until the disposal of the operation.

(q) Financial Instruments :**Initial Recognition :**

Financial assets and financial liabilities are recognised when a Group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

Subsequent Measurement :**Financial Assets :**

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value through profit or loss (FVTPL) or fair value through other comprehensive income (FVTOCI), depending on the classification of the financial assets. The purchase and sale of financial assets are accounted for at trade date.

Cash and Cash Equivalents :

Cash and cash equivalents include cash in hand, demand deposits with banks, other short-term highly liquid financial instruments which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less.

Fixed deposit having residual maturity upto twelve months from the reporting period is considered as part of bank balances other than cash and cash equivalent. Fixed deposit with residual maturity more than twelve months from reporting period is classified under other non-current assets.

Debt Instruments :

Debt instruments are initially measured at amortised cost, fair value through other comprehensive income (FVTOCI) or fair value through profit or loss (FVTPL) till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

(i) Measured at Amortised Cost :

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate (EIR) method less impairment, if any. The amortisation using EIR and loss arising from impairment, if any, is recognised in the Statement of Profit and Loss.

Under the effective interest method, the future cash receipts are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortisation using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial asset over the relevant period of the financial asset to arrive at the amortised cost at each reporting date. The corresponding effect of the amortisation under effective interest method is recognised as interest income over the relevant period of the financial asset. The same is recognised in the Statement of Profit and Loss.

(ii) Measured at Fair value through Other Comprehensive Income (FVTOCI) :

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest and the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are subsequently measured at fair value through Other Comprehensive Income. Fair value movements are recognised in the Other Comprehensive Income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified to profit or loss.

Further, the Group, through an irrevocable election at initial recognition, has measured certain investments in equity instruments at FVTOCI. The Group has made such election on an instrument by instrument basis. These equity instruments are neither held for trading nor are contingent consideration recognised under a business combination. Pursuant to such irrevocable election, subsequent changes in the fair value of such equity instruments are recognised in OCI. However, the Group recognises dividend income from such instruments in the Statement of Profit and Loss.

On derecognition of such financial assets, cumulative gain or loss previously recognised in OCI is not reclassified from the equity to Statement of Profit and Loss. However, the Group may transfer such cumulative gain or loss into retained earnings within equity.

(iii) Measured at Fair value through Profit or Loss (FVTPL) :

A financial asset not classified at either amortised cost or FVTOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Impairment of Financial Assets :

Expected credit losses (ECL) are recognised for all financial assets subsequent to initial recognition other than financials assets in FVTPL category. The Group's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to lifetime expected losses i.e. expected cash shortfall. The impairment losses and reversals are recognised in the Statement of Profit and Loss.

In case of other assets, the Group determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognised as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognised as loss allowance.

ECL is recognised in the Statement of Profit and Loss.

Derecognition of Financial Assets :

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. On derecognition of a financial asset, (except as mentioned above for financial assets measured at FVTOCI), the difference between the carrying amount and the consideration received is recognised in the Statement of Profit and Loss.

Financial Liabilities and Equity Instruments :

Classification as Debt or Equity :

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity Instruments :

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

Financial Liabilities :

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or it is designated as at FVTPL.

For financial liabilities that are designated as at FVTPL, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is recognised in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. The remaining amount of change in the fair value of liability is recognised in profit or loss. Changes in fair value attributable to a financial liability's credit risk that are recognised in other comprehensive income are not subsequently reclassified to profit or loss; instead, they are transferred to retained earnings upon derecognition of the financial liability.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

Derecognition of Financial Liabilities :

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. A substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

Offsetting Financial Instruments :

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

Derivative Financial Instruments :

The Group enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks, including foreign exchange forward contracts, interest rate swaps, currency swaps, commodity swaps etc. Further details of derivative financial instruments are disclosed in Note 40.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in the Statement of Profit and Loss depends on the nature of the hedging relationship and the nature of the hedged item. The gains or losses on derivative contracts related to the acquisition of depreciable capital assets are added to or deducted from the cost of the assets and not recognised in the Statement of Profit and Loss.

Embedded Derivatives :

Derivatives embedded in non-derivative host contracts that are not financial instruments within the scope of Ind AS 109 are treated as separate derivatives when their risks and characteristics are not closely related to those of the host contracts and the host contracts are not measured at FVTPL.

Hedge Accounting :

The Group designates certain hedging instruments, which include derivatives and non-derivatives in respect of foreign currency risk, as either fair value hedges or cash flow hedges.

At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Group documents whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk. Note 40 sets out details of the fair values of the derivative instruments used for hedging purposes.

Fair Value Hedges :

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in the Statement of Profit and Loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. The change in the fair value of the designated portion of hedging instrument and the change in the hedged item attributable to the hedged risk are recognised in the Statement of Profit and Loss in the line item relating to the hedged item.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. The fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortised to the Statement of Profit and Loss from that date.

Cash Flow Hedges :

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under the heading of Cash Flow Hedging Reserve. The gain or loss relating to the ineffective portion is recognised immediately in the Statement of Profit and Loss.

Amounts previously recognised in other comprehensive income and accumulated in equity (relating to effective portion as described above) are reclassified to the Statement of Profit and Loss in the periods when the hedged item affects profit or loss, in the same line as the recognised hedged item. However, when the hedged forecast transaction results in the recognition of a non-financial asset or a non-financial liability, such gains and losses are transferred from equity (but not as a reclassification adjustment) and included in the initial measurement of the cost of the non-financial asset or non-financial liability.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in the Statement of Profit and Loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in the Statement of Profit and Loss.

(r) Taxation :

Tax expense for the year comprises current and deferred tax. The tax currently payable is based on taxable profit for the year. The Group's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. In contrast, deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Current and deferred tax are recognised as an expense or income in the Statement of Profit and Loss, except when they relate to items credited or debited either in other comprehensive income or directly in equity, in which case the tax is also recognised in other comprehensive income or directly in equity respectively.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights to set off current tax assets and current tax liabilities within that jurisdiction. Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws which is likely to give future economic benefits in the form of availability of set off against future income tax liability.

(s) Provisions and Contingent Liabilities :

Provisions are recognised in the financial statement in respect of present obligations (legal or constructive) as a result of past events if it is probable that the Group will be required to settle the obligation, and which can be reliably estimated. Provisions are measured at the best estimate of the consideration required to settle the present obligation at the Balance Sheet date. In case of onerous contract present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation or penalties arising from failure to fulfil it, if applicable. The cost of fulfilling a contract comprises the costs that relate directly to the contract. Costs that relate directly to a contract consist of both the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

Contingent liabilities are not recognised but disclosed unless the probability of an outflow of resources is remote. Contingent assets are disclosed where inflow of economic benefits is probable.

(t) Earnings Per Share :

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events, such as bonus issue, bonus element in a rights issue and shares split that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating Diluted Earnings per share, the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

(u) Government Grants :

Government grants are not recognised until there is a reasonable assurance that the Group will comply with the conditions attached to them and that the grants will be received. Government grants are recognised in the Statement of Profit and Loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate. Government grants used to acquire non-current asset are recognised as deferred revenue in the Balance Sheet and transferred to the Statement of Profit and Loss on a systematic basis over the useful lives of the related assets.

Applicability of new and revised Ind AS :

New and amended standards adopted by the Group

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Group.

Note 3 : Basis of Consolidation

The consolidated financial statements relate to The Great Eastern Shipping Company Limited (GESCO), the Holding Company and its subsidiaries (collectively referred to as the Group). The consolidated financial statements of the Holding Company with its subsidiaries have been prepared in accordance with the requirements of Ind AS 110, 'Consolidated Financial Statements'. The financial statements of the Holding Company and its subsidiaries are combined on a line by line basis and intra group balances, intra group transactions and unrealised profits/(losses) are fully eliminated.

In case of foreign subsidiaries, revenue items are consolidated at an average rate prevailing during the year. All assets and liabilities are converted at the rates prevailing at the end of the year. Exchange gains/(losses) arising on conversion are recognised under Foreign Currency Translation Reserve.

In the consolidated financial statements, 'Goodwill' represents the excess of the cost to the Group of its investment in the subsidiaries over its share of equity, at the respective dates on which the investments are made. Alternatively, where the share of equity as on the date of investment is in excess of cost of investment, it is recognised as 'Capital Reserve' in the consolidated financial statements.

Note 4 :

The financial statements of the subsidiaries used in the consolidation are drawn upto the same reporting date as that of the Holding Company i.e. March 31, 2024.

Note 5 :

Less : Allowance for doubtful receivables (expected credit loss allowance)	(32.68)	(42.27)
	646.89	577.02

Notes :

Trade receivables are initially recognised at their original invoiced amounts i.e. the transaction price. Trade receivables are considered to be of short duration, and hence, not discounted. The customers generally have stable financial standings and high credit quality, and historical experience of collection of receivables also indicates that credit risk is low. All trade receivables are reviewed and assessed for recoverability on a regular basis. The trade receivables overdue for one year and above are provided for as expected credit loss. It is ensured that provision for expected credit loss is not less than the amount derived as per the provision matrix which is based on historically observed default rates over the expected life of trade receivables and forward looking estimates. Besides, specific evaluation is done mainly for demurrage receivable which is based on expected outcome of ongoing negotiations with counterparties. While there is no standard credit period offered, the average recovery period for trade receivables is up to 90 days.

The movement in expected credit loss during the year is as follows :

(₹ in crores)

	Current Year	Previous Year

(i) Foreign Currency Translation Reserve	919.49	902.03
	12254.68	10132.59

B. Nature of Reserves :

- (i) **Capital Reserve** : Capital Reserve was created on cancellation of convertible warrants during the year ended March 31, 2009.
- (ii) **Securities Premium Reserve** : Securities Premium Reserve is used to record the premium on issue of securities of the Group. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.
- (iii) **General Reserve** : General Reserve is used from time to time to transfer profits from Retained Earnings for appropriation purposes and for transfer from Tonnage Tax Reserve.
- (iv) **Capital Redemption Reserve** : As per the Companies Act, 2013, Capital Redemption Reserve is created when the Group purchases its own shares out of free reserves or securities premium. A sum equal to the nominal value of the shares so purchased is transferred to capital redemption reserve. The reserve is utilised in accordance with the provisions of Section 69 of the Companies Act, 2013.
- (v) **Tonnage Tax Reserve** : Tonnage Tax Reserve is created as per the provisions of the Section 115VT of the Income-tax Act, 1961, whereby a minimum of 20% of book profits from the tonnage tax activities is to be utilised for acquiring new ships within 8 years.
- (vi) **Statutory Reserve** : Statutory Reserve is created by appropriating 10% of the profit of subsidiary company, The Great Eastern Chartering LLC (FZC), as required by the implementing regulations of Sharjah Airport International Free Zone Authority. The said subsidiary company can discontinue such annual transfers when the reserve totals 50% of the paid up share capital. The reserve is not available for distribution except as provided in the Federal Law. No such transfer was made during the year as the minimum requirement of the reserve at 50% of the share capital has been reached.
- (vii) **Retained Earnings** : Retained Earnings are the profits that the Group has earned till date, less any transfers to reserves and dividend distributions to the shareholders.

The Board of Directors has -

- paid the fourth interim dividend for financial year 2022-23 of ₹ 9.00 per equity share of ₹ 10/- each during the year. The outgo on this account was ₹ 128.49 crores.
- for nine months period ended December 31, 2023, declared and paid three interim dividends totalling to ₹ 18.00 per equity share of ₹ 10/- each. In addition, a special dividend of ₹ 7.50/- per equity share of ₹ 10/- each to commemorate the 75th anniversary of the Holding Company was declared and paid in August 2023. The total outgo on this account was ₹ 364.05 crores.
- declared fourth interim dividend for financial year 2023-24 of ₹ 10.80 per equity share of ₹ 10/- each. The outgo on this account will be ₹ 154.19 crores.

The total dividend declared for financial year 2023-24 aggregates to ₹ 36.30 per equity share. The total outgo on this account will be ₹ 518.24 crores.

Retained Earnings comprise of gain on remeasurement of defined employee benefit plans (net of tax) amounting to ₹ 5.66 crores (Previous Year : loss of ₹ 5.15 crores) and loss on fair value changes relating to own credit risk of financial liabilities designated at fair value through profit or loss amounting to ₹ 8.03 crores (Previous Year : gain of ₹ 0.03 crore).

- (viii) **Cash Flow Hedging Reserve** : The Cash Flow Hedging Reserve is the cumulative effective portion of gains or losses arising on changes in fair values of designated portion of hedging instruments entered into for cash flow hedges. The gains or losses arising thereon are transferred to the Statement of Profit and Loss when hedged transaction affects the profit or loss.
- (ix) **Foreign Currency Translation Reserve** : Exchange differences relating to the translation of the results and net assets of the Group's foreign operations from their functional currencies to the Group's presentation currency (i.e. Indian Rupees) are recognised directly in Other Comprehensive Income and accumulated in the Foreign Currency Translation Reserve. Exchange differences previously accumulated in the Foreign Currency Translation Reserve (in respect of translating the net assets of foreign operations) are reclassified to the Statement of Profit and Loss on the disposal of the foreign operation.

	(13.03)	-

Note :

The Group carried out review of recoverable amount of rigs and support vessels based on higher value of fair value less cost to sell and value in use (present value of the estimated future cash flows expected from an asset) as per Ind AS 36, 'Impairment of Assets'. The discount rate used for estimation of net present value was 8.52% p.a. (Previous Year : 6.63% p.a.).

During the year, the Group has recognised reversal of impairment loss recognised in earlier years of ₹ 13.03 crores in relation to a vessel considering the long-term time charter contract entered during the year which covers substantially the balance useful life of said vessel.

The market value of the fleet and rigs is based on valuations provided by independent valuers considering the recent market prices of assets with similar age, obsolescence, transactions in the market, general market trends and quotes from owners.

Provision for Current Tax, Reversal of taxes for earlier years and Deferred Tax as per Books	80.20	(21.47)

* The Group has reversed provision for tax relating to earlier years based on the favourable orders received, time barred assessments, etc.

The Group has opted for computation of its income from shipping activities under Tonnage Tax Scheme as per Section 115VA of the Income-tax Act, 1961. Thus, income from the business of operating ships is assessed on the basis of the Deemed Tonnage Income of the Group and no deferred tax is applicable to such income as there are no temporary differences.

The Holding Company and its Indian subsidiary company have chosen to exercise the option of lower tax rate of 25.17% (inclusive of surcharge and cess) under Section 115BAA of the Income-tax Act, 1961 as introduced by The Taxation Laws (Amendment) Ordinance, 2019.

The contingent liability includes liability for matters arising out of disallowance under Section 14A of the Income-tax Act, 1961 upto assessment year 2020-21. Similar claims have been made by the Holding Company for subsequent assessment years for which assessments are pending.

Deferred income tax is not provided on undistributed earnings of the subsidiaries amounting to ₹ 717.95 crores (Previous Year : ₹ 365.64 crores) as it is probable that the temporary differences will not reverse in the foreseeable future.

Contribution to Seamen's Annuity Fund	1.16	0.75
Contribution to Seamen's Rehabilitation Fund	0.17	0.14
Contribution to Seamen's Gratuity Fund	0.32	0.43

(ii) General description of Defined Contribution Plans :

Provident Fund :

In accordance with the Indian law, all eligible employees of the subsidiary company, Greatship (India) Limited (GIL), are entitled to receive benefits under the provident fund, a defined contribution plan in which both the employee and employer (at a determined rate) contribute monthly. GIL contributes as specified under the law to the Government administered provident fund plan. A part of the GIL's contribution is transferred to the Government administered pension fund. This plan is a defined contribution plan as the obligation of the employer is limited to the monthly contributions made to the fund. The contributions made to the fund are recognised as an expense in the Statement of Profit and Loss under Employee Benefits Expense.

In accordance with the Singapore law, all eligible employees (Singapore citizens and Permanent Residents in Singapore) of GIL are entitled to receive benefits under the Central provident fund, a defined contribution plan, based on age brackets, in which both the employee and employer (at a determined rate) contribute monthly. GIL contributes as specified under the law to the Government administered provident fund plan. This plan is a defined contribution plan as the obligation of the employer is limited to the monthly contributions made to the fund. The contributions made to the fund are recognised as an expense in the Statement of Profit and Loss under Employee Benefits Expense.

Superannuation Fund :

In addition to gratuity benefits, employees have the option to become a member of the Superannuation Fund Trust set up by the Group and receive benefits thereunder. It is a defined contribution plan. The Group makes contributions to the trust in respect of the said employees until their retirement or resignation. The Group recognises such contributions as an expense when incurred. The Group has no further obligation beyond its contribution.

National Pension Scheme (NPS) :

NPS is an additional option for offering retirement benefits to the employees. NPS is designed on defined contribution basis wherein the Group contributes to the employees account.

There is no defined benefit that would be available at the time of exit from the system and the accumulated wealth depends on the contributions made and the income generated from the investment of such wealth. The Group recognises such contributions as an expense when incurred. The Group has no further obligation beyond its contribution.

Seamen's Provident Fund :

The Group's contribution towards Provident Fund in respect of seamen i.e. crew who sail on Group's ships is paid to the Seamen's Provident Fund as per the National Maritime Board Agreement binding on the Group.

Seamen's Annuity Fund :

The Group's contribution towards Annuity in respect of seamen is paid to the Seamen's Annuity Fund as per the National Maritime Board Agreement binding on the Group.

Seamen's Rehabilitation Fund :

The Group's contribution towards rehabilitation in respect of seamen is paid to the National Maritime Board Rehabilitation and Welfare Trust as per the National Maritime Board Agreement binding on the Group.

Seamen's Gratuity Fund :

The Group's contribution towards Gratuity in respect of seamen is paid to the Seafarer's Welfare Fund Society as per the National Maritime Board Agreement binding on the Group.

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

(ix) The defined benefit obligations shall mature after year ended March 31, 2024 as follows :

(x) **General description of Defined Benefit Plans :**

Gratuity Plan :

Gratuity is payable to all eligible employees of the Group on superannuation, death, permanent disablement or resignation in terms of the provisions of the Payment of Gratuity Act or as per the Group's scheme whichever is more beneficial. Benefit would be paid at the time of separation based on the last drawn basic salary.

The defined benefit plan is administered by a separate fund that is legally separated from the Group. The Group's investment strategy in respect of its funded plan is implemented within the framework of the applicable statutory requirements.

The plan exposes the Group to a number of actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.

- Investment/Interest Rate Risk

The Group is exposed to investment/interest rate risk if the return on the invested fund falls below the discount rate used to arrive at present value of the benefit.

- Longevity Risk

The Group is not exposed to risk of the employees living longer as the benefit under the scheme ceases on the employee separating from the employer for any reason.

- Salary Risk

The Group is exposed to higher liability if the future salaries rise more than assumption of salary escalation.

The Group does an Asset - Liability matching study each year in which the consequences of the strategic investment policies are analysed in terms of risk and return profiles.

Retirement Benefit Scheme including Pension Plan :

Under the Group's Retirement Benefit Scheme for the eligible Whole-time Directors of the Holding Company and Managing Director for Greatship (India) Limited are entitled to the benefits of the scheme only after attaining the age of 62 years, except for retirement due to physical disability or death while in office, in which case, the benefits shall start on his retirement due to such physical disability or death. The benefits are in the form of monthly pension @ 50% of his eligible salary subject to maximum of ₹ 1.25 crores p.a. during his lifetime. If he predeceases the spouse, she will be paid monthly pension @ 50% of eligible pension during her lifetime. Benefits include reimbursement of medical expenses for self and spouse, overseas medical treatment upto ₹ 0.50 crore for self/spouse, office space including office facilities in the Group's office premises. Benefits also include use of Group's car including reimbursement of driver's salary and other related expenses during his lifetime and in the event of his demise, his spouse will be entitled to avail the said benefit during her lifetime.

Post Retirement Medical Benefit Scheme for Executive Directors & Senior Management Employees:

As per the Group's Post Retirement Medical Benefit Scheme for Executive Directors & Senior Management Employees ('Scheme'), selected employees who fulfil the conditions for eligibility and entitlement as prescribed in the Scheme shall be eligible for the benefits of the Scheme upon retirement. The benefits are in the form of reimbursement/payment of hospitalisation (including domiciliary hospitalisation) expenses incurred in India or abroad for the selected employee and his/her spouse for life, pre and post hospitalisation expenses and annual preventive health check-up package, subject to the annual limit not exceeding ₹ 0.50 crore. If either of the selected employee or his/her spouse passed away, the limit will continue for eligible survivor. Selected employee, who has been Executive Director of the Company, will also be entitled to reimbursement of all other medical expenses for himself/herself and his/her spouse.

Compensated Absences :

All eligible union grade employees had an option to freeze the accumulated leave balance as on June 30, 2008. Such frozen accumulated leave balance will be encashed as per the last drawn basic salary at the time of superannuation, death, permanent disablement, resignation or promotion to the non-union category.

With effect from April 1, 2012, all eligible non-union employees have an option to freeze their leave accumulation days on 30th June every year and such frozen accumulated leave balance will be encashed as per the basic salary for the month of June of the relevant year for which leave was frozen at the time of superannuation, death, permanent disablement or resignation.

For all union and non-union grade employees, maximum leave that can be carried forward is 15 days.

The leave over and above 15 days is encashed and paid to employees on an annual basis.

Provident Fund :

Eligible employees of the Holding Company receive benefits from a provident fund, which is a defined benefit plan. Both the eligible employee and the Holding Company make monthly contributions to the provident fund plan equal to a specified percentage of the covered employee's salary. The Holding Company contributes a portion to the Provident Fund Trust and the remaining portion is contributed to the government administered pension fund. The trust invests in specific designated instruments as permitted by Indian law. The rate at which the annual interest is payable to the beneficiaries by the trust is being administered by the Government. The Holding Company has an obligation to make good the shortfall, if any.

Valuations in respect of Provident Fund have been carried out by an independent actuary as at the Balance Sheet date as per the Deterministic Cashflow Approach based on the following assumptions :

If the matter goes against the said subsidiary, there would be reduction in carried forward losses which have been set off against the taxable profits of the subsequent years.

Note 40 : Financial Instruments

A. Capital Management :

The Group's capital management is intended to create value for shareholders by facilitating the meeting of long-term and short-term goals of the Group.

The capital structure of the Group consists of net debt (borrowings as detailed in Note 18 and offset by cash and bank balances and current investments) and total equity of the Group.

The Group is not subject to any externally imposed capital requirements.

The Group's risk management committee reviews the capital structure of the Group on a regular basis considering the cyclicality of business.

The gearing ratio was as follows:

	(₹ in crores)	
	As at 31/03/2024	As at 31/03/2023
Debt *	3153.68	3747.56

Total equity	12397.45	10275.36
Net debt to equity ratio	(0.29)	(0.14)

* Debt includes redeemable non-convertible debentures, term loans from banks and accrued interest.

B. Financial Assets and Liabilities :

The material accounting policies, including the criteria for recognition, the basis of measurement and the basis on which incomes and expenses are recognised, in respect of each class of financial asset, financial liability and equity instruments are disclosed in Note 2(q) to the financial statements.

The carrying amounts of financial instruments by categories are as follows :

Total	4041.76	4585.10

* The fair values of the financial assets and financial liabilities are not materially different (difference being in range of 5% of the carrying amounts) from their carrying amounts.

C. Fair Value Hierarchy :

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels :

> Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

> Level 2 - Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

> Level 3 - Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The following table presents assets and liabilities measured at fair value and classified by the level of the following fair value measurements hierarchy :

(₹ in crores)

	As at 31/03/2024	As at 31/03/2023
Financial Assets :		
Measured at Level 1		
- Investments in Quoted Equity Shares	341.20	220.98
Measured at Level 2		
- Investments in Mutual Funds	1628.49	1288.63
- Derivative Contracts	124.72	146.68
Total	2094.41	1656.29
Financial Liabilities :		
Measured at Level 2		
- Derivative Contracts	357.54	415.12
Total	357.54	415.12

Valuation technique and key inputs :

Investments in mutual funds are valued at the net asset value of the respective units. Derivative instruments are fair valued at the discounted cash flows. Future cash flows are estimated based on forward exchange/interest rates and contract forward/interest rates discounted at a rate that reflects the credit risk of various counterparties. Quoted equity shares are valued at bid prices in an active market.

D. Derivative Financial Instruments and Risk Management :

The Group uses foreign exchange forward contracts and interest rate swaps to hedge its exposure to the movements in foreign exchange and interest rates. The use of these reduces the risk to the Group arising out of movement in exchange and interest rates. The Group does not use foreign exchange forward contracts and interest rate swaps for trading purpose. The Group has also entered into cross currency swaps to swap its INR borrowings into US dollars to mitigate the exchange risk arising out of foreign currency receivables. The interest rate swap component in the cross currency swap reduces the effective interest costs to the Group. The Group also uses commodity futures contracts for hedging the exposure to bunker price risk. The Group has also entered into freight forwarding agreements to hedge cash flow risk from freight prices.

(i) Derivative instruments in hedging relationship (Cash Flow Hedges) :**(a) Interest Rate Swap Contracts :**

The interest rate swaps are entered to hedge interest payments from floating to fixed on borrowings. The bunker swaps are entered to hedge the bunker price risk. Fair value gains/(losses) on the interest rate swaps contracts and bunker swap contracts recognised in Cash Flow Hedging Reserve are transferred to the Statement of Profit and Loss as part of interest expense and fuel oil and water expense on settlement. The fair value on reporting date is reported under "Other financial assets" and "Other financial liabilities".

The hedging gain recognised in other comprehensive income during the year is ₹ 19.00 crores (Previous Year : loss of ₹ 26.51 crores) of which gain of ₹ 40.14 crores (Previous Year : ₹ 1.50 crores) has been reclassified to Statement of Profit and Loss.

During the year, one of the subsidiaries of the Group has cancelled the interest rate swap and interest rate collar contracts on account of refinancing of underlying foreign currency borrowings and the corresponding balance in hedging reserve pertaining to interest rate swaps has been recycled to profit and loss statement. The impact of the aforementioned resulted in gain ₹ 10.20 crores, which has been recognised in loss/(gain) on derivatives transactions (net) at Group level.

(ii) Derivative instruments not in hedging relationship :

(a) Forward Exchange Contracts :

Forward exchange contracts, interest rate collar contracts, freight forwarding agreement and bunker swap contracts mentioned under (ii) above economically hedge the underlying exposures but hedge accounting is not opted for the same. The gains/(losses) on such are recognised in the Statement of Profit and Loss.

Forward exchange contracts, freight forwarding agreement and bunker swaps contracts were entered to hedge existing transactions/firm commitments denominated in foreign currency.

(iii) **Currency Swap Contracts :**

Currency Swap Contracts (INR to USD) :

Details	Currency	As at 31/03/2024	As at 31/03/2023

* Amount less than ₹ One Lakh

Sensitivity analysis :

A 5% strengthening/weakening of Indian Rupee against key currencies to which the Group is exposed (net of hedge), with all other variables being held constant, would have led to approximately a gain/loss of ₹ 43.59 crores (Previous Year : ₹ 58.20 crores) in the Statement of Profit and Loss.

(ii) Interest rate risk :

The Group has mix of fixed and floating rate loans and generally uses interest rate swaps as cash flow hedges of future interest payments, which have economic effect of converting the borrowings from floating to fixed interest rate loans. Under the interest rate swaps, the Group agrees with other parties to exchange, at specified intervals, the difference between fixed contract rates and floating rate interest amounts calculated by reference to the agreed notional principal amounts.

Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rate. The borrowings of the Group are principally denominated in rupees and US dollars with a mix of fixed and floating rates of interest. The Group hedges its US dollar interest rate risk through interest rate swaps to reduce the floating interest rate risk. The Group has exposure to interest rate risk, arising principally on changes in base lending rate and SOFR/LIBOR rates. The risk is managed by the Group by maintaining an appropriate mix between fixed and floating rate borrowings, and by the use of interest rate swap contracts.

The following table provides a breakup of the Group's fixed and floating rate borrowings :

	(₹ in crores)	
	As at 31/03/2024	As at 31/03/2023
Fixed Rate Borrowings	1900.00	2150.00
Floating Rate Borrowings	1135.86	1482.36
Total Borrowings (Gross)	3035.86	3632.36

Sensitivity analysis :

The sensitivity analysis has been determined based on the exposure to interest rates for unhedged floating rate liabilities. A 0.50% decrease in interest rates and other variables held constant, would have led to approximately gain of ₹ 2.48 crores (Previous Year : ₹ 3.71 crores) in the Statement of Profit and Loss. A 0.50% increase in interest rate would have led to an equal but opposite effect.

(iii) Price risk :

The Group is mainly exposed to the price risk due to its investment in debt mutual funds. The price risk arises due to uncertainties about the future market values of these investments.

Sensitivity analysis :

A 1% increase in prices would have led to approximately an additional gain of ₹ 16.28 crores (Previous Year : ₹ 12.89 crores) in the Statement of Profit and Loss. A 1% decrease in prices would have led to an equal but opposite effect.

(iv) Credit risk management :

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in financial loss to the Group. The major class of financial asset of the Group is trade receivables. For credit exposures to customer, the management assesses the credit quality of the customer, taking into account its financial position, past experience and other factors.

As the Group does not hold any collateral, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the statement of financial position.

Cash and Cash Equivalents, derivatives and mutual fund investments :

Credit risk on cash and cash equivalents is limited as the Group invests in deposits with banks with high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investments in liquid mutual funds units from reputed funds. For derivative and financial instruments, the Group attempts to limit the credit risk by only dealing with reputable banks having high credit ratings assigned by credit rating agencies.

Trade receivables :

Trade receivables consist of a large number of various types of customers, spread across geographical areas. Credit risk arising from trade receivables is managed in accordance with the Group's established policy, procedures and control relating to customer credit risk management. Ongoing credit evaluation is performed on these trade receivables and where appropriate, allowance for losses are provided.

Exposure to credit risk :

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹ 7769.20 crores as at March 31, 2024 (as at March 31, 2023 : ₹ 6223.96 crores), being the total of cash and cash equivalents, other bank balances, trade receivables, investments in mutual funds and other financial assets including derivatives instruments.

The ageing analysis of the trade receivables (excluding unbilled receivables) of the Group that are past due but not provided as doubtful debts is as follows :

	(₹ in crores)	
	As at 31/03/2024	As at 31/03/2023
Overdue		
- Less than 180 days	207.41	213.72
- More than 180 days	22.76	33.58
	230.17	247.30

The carrying amounts of trade receivables (excluding unbilled receivables) provided as doubtful debts are as follows :

	(₹ in crores)	
	As at 31/03/2024	As at 31/03/2023
Overdue		
- Less than 180 days	3.25	7.58
- More than 180 days	29.43	34.69
Less : Allowance for doubtful debts	(32.68)	(42.27)
	-	-

(v) Liquidity risk management :

Liquidity risk may arise from inability to meet financial obligations, including loan repayments and payments for vessel acquisitions. This is dealt with by keeping low leverage, as a result of which the Group is able to borrow even in challenging markets. It is also mitigated by keeping substantial liquidity at all times, which enables the Group to capitalise on any opportunities that may arise.

The following table shows the maturity analysis of the financial liabilities based on contractually agreed undiscounted cash flows :

Note 41 : Government Grants

The Group receives government assistance in the form of Duty Free Credit Entitlement Certificates (DFCEC) under Service Exports From India Scheme (SEIS), which are issued to eligible Indian service providers having free foreign exchange earnings. It can be utilised for duty-free imports of office and professional equipment, spares, furniture and consumables or any other items notified by the Government from time to time.

Following are the balances of DFCEC under SEIS held by the Group (Refer Note 26) :

(₹ in crores)

	Current Year	Previous Year
Opening Balance	-	-
Add : Licenses received during the year	-	15.11
Less : Licenses sold during the year (Previous Year : Sold at a loss of ₹ 0.32 crore)	-	(15.11)

Note 42 : Contract Balances

(₹ in crores)

Particulars	As at 31/03/2024	As at 31/03/2023
Trade Receivables	287.08	295.00
Contract Assets	409.76	308.61
Contract Liabilities	29.99	38.76

(₹ in crores)

Particulars	Current Year	Previous Year
Revenue recognised in the reporting period included in opening contracted liabilities	38.76	28.36

Contract assets include mainly unbilled revenue. Contract liabilities are towards charter hire received in advance and part of the freight amount received for incomplete voyages which will be recognised as per progress of the voyage.

Applying the practical expedient as given in Ind AS 115, 'Revenue from Contracts with Customers', the Group has not disclosed the remaining performance obligation related to contracts as the original expected duration of these contracts is one year or less.

Payment terms differ for each charter party contract. In case of time charter, the amounts receivable from customers become due in advance on raising of invoice and in case of voyage charter, after expiry of credit period which on an average is a maximum of 90 days.

Note 43 : Time Charter

The Group has entered into time charter agreements for vessels and rigs.

Future charter hire receivables under these time charter arrangements are as follows :

	(₹ in crores)	
Particulars	As at 31/03/2024	As at 31/03/2023
Total Future Time Charter Receivables *		
- Less than 1 year	1142.46	1021.83
- More than 1 year and less than 2 years	746.41	573.77
- More than 2 years and less than 3 years	329.63	415.48
- More than 3 years and less than 4 years	40.91	201.62
- More than 4 years and less than 5 years	12.74	40.30
- More than 5 years	-	20.04

* the receivables (undiscounted) are calculated on full term employment basis at operating days rates as per time charter agreements (excluding vessels under pool arrangement).

Note :

The Group's operations include deployment of vessels on time charter basis and provision of drilling services involving use of rigs for short to medium term. The operation and maintenance of the rigs and vessels given on time charter, which includes specialised activities, is responsibility of the Group under the contract. Accordingly, the Group deploys trained and skilled crew to undertake offshore drilling operations using the rigs and to run the vessels for providing logistics services or for shipment of cargo, and ensures maintenance of these assets including dry docking, as per applicable regulatory standards. The charterer does not deploy its crew for these activities. The time charter rate negotiated with the charterer for provision of services which, inter-alia, involves all the above activities is a lumpsum day rate as per the industry practice, and hence, it is not possible to segregate any lease component embedded in the time charter rate for the purposes of the Ind AS 116, 'Leases'.

Note 44 :

During the previous year, the Group received claim from insurance company of ₹ 44.73 crores towards full and final settlement for vessel Greatship Rohini which had met with a major fire accident during the financial year 2020-21. The claim has been recognised as other income during the previous year.

Note 45 :

On March 23, 2022, the Ministry of Corporate Affairs notified amendments to certain Indian Accounting Standards vide the Companies (Indian Accounting Standards) Amendment Rules, 2022 ("The Rules 2022") effective for annual periods beginning on or after April 1, 2022. The Rules 2022 notified an amendment to Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets' - "Onerous Contracts"- "Cost of Fulfilling a Contract" regarding costs a Group should include as the cost of fulfilling a contract when assessing whether a contract is onerous. The amendment extends the definition of cost of fulfilling a contract to include allocation of other costs that relate directly to fulfilling a contract. During the previous year, the adoption of this amendment as at April 1, 2022 has resulted in a reduction of ₹ 29.30 crores in the opening Retained Earnings with a corresponding provision for onerous contracts as prescribed in the Rules 2022.
