x. The procedure and instructions for remote e-voting facility for shareholders other than individual shareholders holding securities in demat mode and shareholders holding shares in physical mode are provided as follows:

- a. Open your web browser during the remote e-voting period and navigate to <https://evoting.kfintech.com>
- b. Enter the login credentials (i.e. User ID and password mentioned in the email). Your Folio No. or DP ID and Client ID will be your User ID. However, if you are already registered with KFintech for e-voting, you can use your existing User ID and password for casting your vote.
- c. After entering these details appropriately, click on "LOGIN".

You will now reach password change menu wherein you are required to mandatorily change your login password in the new password field. The new password has to be minimum eight characters consisting of at least one upper case (A-Z), one lower case (a-z), one numeric value (0-9) and a special character (like *, #, @, etc.). The system will prompt you to change your password and update your contact details like mobile number, email ID, etc., on first login. You may also enter a secret question and answer of your choice to retrieve your password in case you forget it. It is strongly recommended that you do not share your password with any other person and that you take utmost care to keep your password confidential.

- d. You need to login again with the new credentials.
- e. On successful login, the system will prompt you to select the e-voting Event Number for **Sagarsoft (India) Limited**.
- f. If you are holding shares in Demat form and had logged on to <https://evoting.kfintech.com> and casted your vote earlier for any other Company, then your existing login id and password are to be used.
- g. On the voting page, enter the number of shares (which represents the number of votes) as on the cut-off date i.e., 30th June, 2025 under "FOR / AGAINST" or alternatively, you may partially enter any number in "FOR" and partially in "AGAINST" but the total number in "FOR / AGAINST" taken together should not exceed your total shareholding as on the cut- off date.

The requisite ISR Forms and nomination forms can be downloaded from the website of the Company at <https://www.sagarsoft.in/investors/> & also from the website of its Registrar and Share Transfer Agents i.e., KFinTech at <https://ris.kfintech.com/clientservices/isc/isrforms.aspx>.

Members holding shares in electronic form are therefore, requested to furnish their details to their

respective Depository Participant ("DP") with whom they are maintaining their demat accounts for updating their PAN, KYC details, Nomination and Bank mandate details etc.

32. Non-Resident Indian Members are requested to inform the Registrar and Share Transfer Agent of the Company, immediately on the change in their residential status on return to India for Permanent settlement together with the particulars of their Bank Account maintained in India with complete Name, Branch, Account type, account number and address of the Bank with PIN code number if not furnished earlier.
33. To prevent fraudulent transactions, members are advised to exercise due diligence and notify the Company of any change in address or demise of any member as soon as possible. Members are also advised not to leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned Depository Participant and holdings should be verified.
34. Members holding shares in physical form, in identical order of names, in more than one folio are requested to send to the Company or RTA, the details of such folios together with the share certificates for consolidating their holdings in one folio. A consolidated share certificate will be issued to such Members after making the requisite changes.
35. The members / investors may send their complaints / queries, if any to the Company's Registrar and Share Transfer Agents' e-mail id: **einward.ris@kfintech.com** or to the Company's official e-mail id: **info@sagarsoft.in**
36. As per Regulation 40 of SEBI (LODR) Regulations, as amended, securities of listed companies can be transferred only in dematerialized form with effect from 1st April, 2019, except in case of request received for transmission or transposition and relogged transfers of securities. Further, SEBI vide its circular no. SEBI/HO/MIRSD/RTAMB/CIR/P/2020/236 dated December 2, 2020 had fixed March 31, 2021 as the cut-off date for re-lodgment of transfer deeds and the shares that are re-lodged for transfer shall be issued only in demat mode.
37. To enhance ease of dealing in securities markets by investors, SEBI has decided that listed companies shall henceforth issue the securities in dematerialized form only (vide Gazette Notification no. SEBI/LADNRO/GN/2022/66 dated January 24, 2022 and SEBI/HO/MIRSD/POD-1/P/CIR/2023/70 dated May 17, 2023) while processing the service request mentioned in the above notification (viz., Issue of duplicate securities certificate, Claim from Unclaimed Suspense Account, Transmission and Transposition etc). In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialized

form. The Members who are desirous to convert their physical holdings into dematerialized form, may contact the Depository Participant of their choice for dematerializing the same. Members may also contact the Company or its Registrars and Transfer Agents, KFintech for assistance in this regard.

38. The information / documents referred to in the Notice with regard to the accounts or any other matter to be placed at the AGM are available for inspection up to the date of AGM and members are also requested to write to the Company on or before 30th June, 2025 through email to info@sagarsoft.in for seeking information, If any, and the same will be replied by the Company suitably.
39. Members may note that the Annual Report for the year 2024-25 is also available on the Company's website www.sagarsoft.in for their download.
40. Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended), Secretarial Standard on General Meetings (SS-2) issued by the Institute of Company Secretaries of India ("ICSI") and Regulation 44 of Listing Regulations read with MCA Circulars and SEBI Circular, the Company is providing remote e-voting facility to its Members in respect of the business to be transacted at the 29th AGM and facility for those Members to participate in the AGM to cast vote through e-voting system during the AGM.
41. A person, whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the depositories as on the cut-off date shall be entitled to avail the facility of remote e-voting or casting vote through e-Voting system during the meeting.
42. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.

43. During the 29th AGM, the Chairman shall, after response to the questions raised by the Members in advance or as a speaker at the AGM, formally propose to the Members participating through VC / OAVM Facility to vote on the resolutions as set out in the Notice of the AGM and announce the start of the casting of vote through the e-voting system. After the Members participating through VC / OAVM Facility, eligible and interested to cast votes, have cast the votes, the e-voting will be closed with the formal announcement of closure of the AGM.
44. The transcript of this meeting, shall be made available on the website of the company.
45. OPPORTUNITIES AND THREATS

We believe the investments we have made, and continue to make, in our people, skillsets & technology as part of our strategy, will enable us to advise and help our clients as they tackle these challenging market conditions.

OUR STRATEGY

Sagarsoft remains committed to operational resilience and market expansion by investing in practices and technologies for delivering differentiated value to customers

Our strategic approach is anchored in four key pillars:

- Applications – Driving efficiency through innovative platforms and products.
- Infrastructure – Delivering robust, scalable, and secure enterprise solutions.
- Data & Analytics – Providing actionable insights for informed decision-making.
- Security – Strengthening digital resilience and cybersecurity protections.

At the core of our strategy is Digital DAIS™, an integrated framework designed to fuse data and technology services through a business-first approach. This model empowers clients with agility, innovation, and measurable performance improvements, ensuring lasting competitive differentiation.

OUTLOOK, RISKS AND CONCERNS

AI-driven automation is set to accelerate, with businesses prioritizing efficiency and enhanced decision-making. Edge computing and IoT proliferation will unlock real-time data processing and low-latency applications. As AI, cloud, and cybersecurity investments continue to expand, adaptability will remain a key competitive advantage.

Furthermore, sustainability is emerging as a pivotal factor in client engagement and regulatory compliance across global markets. Organizations that embrace agility, innovation, and collaboration will be well-positioned to navigate macroeconomic uncertainties. Despite ongoing market fluctuations, the technology sector remains resilient, with enterprise software and IT services sustaining demand for large-scale cost optimization and automation solutions.

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
M/s. Sagarsoft (India) Limited,
Plot No.111, Road No.10,
Jubilee Hills, Hyderabad-500033.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Sagarsoft (India) Limited** (hereinafter called “the Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company, during the audit period covering the financial year ended on March 31, 2025, complied with the statutory provisions listed hereunder and also the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2025 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;

Independent Auditor's Report

To the Members of Sagarsoft (India) Limited

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Sagarsoft (India) Limited ('the Company'), which comprise the Standalone Balance Sheet as at 31 March 2025, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Cash Flow and the Standalone Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including material accounting policy information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
5. We have determined the matter described below to be the key audit matter to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
Revenue recognition	Our audit included, but was not limited to, the following procedures:
<ul style="list-style-type: none"> The Company derives revenue primarily from staffing and Information Technology (IT) related services. Revenue is recognised as the related services are performed in accordance with contractual terms. The Company's invoicing cycle is on contractual predetermined dates and recognised as receivables based on customer acceptances for delivery of work / attendance of staff. There is a risk of revenue being overstated, resulting from pressure the management may feel to achieve the performance targets at the reporting period end. 	<ul style="list-style-type: none"> Assessed the appropriateness of the revenue recognition accounting policies in accordance with Ind AS 115 – Revenue from contracts with customers ('Ind AS 115'). Evaluated the design, implementation and tested the operating effectiveness of key controls over revenue recognition. Performed substantive testing by selecting samples of revenue transactions recorded during the year by verifying the underlying documents, which include service agreements, approval of the project manager and/or customer approved timesheets.

Key audit matter	How our audit addressed the key audit matter
<ul style="list-style-type: none"> Due to materiality of the amounts involved and above said considerations, revenue recognized from staffing and IT related services is determined to be a key audit matter for the current year audit. Refer Note 2.2(c) to the Standalone Financial Statements – Summary of the material accounting policies and Note 19 for the revenue recognized during the year. 	<ul style="list-style-type: none"> Tested the completeness of revenue by mapping the cost incurred towards the billable staff working on various projects to the invoices billed / recognized during the year. Obtained confirmations on a sample basis from customers for balances outstanding as at the year end. Evaluated the appropriateness and adequacy of disclosures made in the standalone financial statements for revenue recognition from sale of staffing and IT related services for appropriateness in accordance with the accounting standards.

Information other than the Standalone Financial Statements and Auditor's Report thereon

6. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

7. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under Section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act

for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

8. In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
9. Those Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
11. As part of an audit in accordance with Standards on Auditing, specified under Section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
 - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

15. As required by Section 197(16) of the Act, based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V to the Act.
16. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of Section 143(11) of the Act we give in the Annexure A a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
17. Further to our comments in Annexure A, as required by Section 143(3) of the Act based on our audit, we report, to the extent applicable, that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;
 - b) Except for the matters stated in paragraph 17(h) (vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The standalone financial statements dealt with by this report are in agreement with the books of account;
 - d) In our opinion, the aforesaid standalone financial statements comply with Ind AS specified under Section 133 of the Act;

- e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2025 from being appointed as a director in terms of Section 164(2) of the Act;
- f) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph 17(b) above on reporting under section 143(3)(b) of the Act and paragraph 17(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended);
- g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company as on 31 March 2025 and the operating effectiveness of such controls, refer to our separate report in Annexure B wherein we have expressed an unmodified opinion; and
- h) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigation which would impact its financial position as at 31 March 2025;
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2025;
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2025;
- iv. a. The management has represented that, to the best of its knowledge and belief, as disclosed in note 31(i) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;
- b. The management has represented that, to the best of its knowledge and belief, as disclosed in note 31(ii) to the standalone financial

statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.

v. As stated in note 27 to the accompanying standalone financial statements, the Board of Directors of the Company have proposed final dividend for the year ended 31 March 2025 which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend. The final dividend paid during the year ended 31 March 2025 by the company that was declared for the previous year is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.

vi. As stated in note 37 to the standalone financial statements and based on our examination which included test checks, the Company, in respect of financial year commencing on 1 April 2024, has used an accounting software (Tally Prime) for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with where such feature was enabled. Furthermore, the audit trail has been preserved by the Company as per the statutory requirements for record retention, except for the period 1 April 2023 to 31 May 2023.

Annexure B to the Independent Auditor's Report of even date to the members of Sagarsoft (India) Limited on the standalone financial statements for the year ended 31 March 2025

Independent Auditor's Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the standalone financial statements of Sagarsoft (India) Limited ('the Company') as at and for the year ended 31 March 2025, we have audited the internal financial controls with reference to standalone financial statements of the Company as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Standalone Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with Reference to Standalone Financial Statements

6. A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Standalone Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Summary of material accounting policies and other explanatory information

1. Company overview

Sagarsoft (India) Limited ('the Company') (CIN: L72200TG1996PLC023823) is a public limited company incorporated and domiciled in India and having its registered office at Plot no 111, Road no 10, Jubilee Hills, Hyderabad – 500033, Telangana, India. The shares of the Company are traded on the BSE Limited. The Company is engaged in the business of providing Staffing and Information Technology related services.

2. Basis of preparation of standalone financial statements

2.1 Statement of compliance

The standalone financial statements of the Company have been prepared in accordance with accounting principles generally accepted in India, Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 ("the Act"), read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and presentation requirement of Division II of Schedule III to the Act, including the amendments to Schedule III notified by the Ministry of Corporate Affairs ("MCA") vide its notification dated 24 March 2021 and guidelines issued by the Securities Exchange Board of India ("SEBI").

These standalone financial statements have been prepared by the Company as a going concern based on relevant Ind-AS that are effective or elected for early adoption at the Company's annual reporting date, 31 March 2025. These standalone financial statements were authorised for issuance by the Company's Board of Directors on 14 May 2025.

These standalone financial statements have been prepared on historical cost convention, except for the following material items:

- (a) Financial assets are measured at either at fair value or at amortised cost depending upon the classification.
- (b) Employee defined benefits assets / (liability) are recognised as the net total of the fair value of plan assets, plus actuarial losses, less actuarial gains, and the present value of the defined benefit obligations.

The standalone financial statements are presented in Indian Rupees (₹) and all values are rounded to the nearest lakhs, except when otherwise indicated.

2.2 Summary of material accounting policies

a) Current vs non-current classification:

The Company presents assets and liabilities in the

standalone balance sheet based on current / non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current

A liability is current when it is:

- Expected to be settled in normal operating cycle
- Held primarily for the purpose of trading
- Expected due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b) Foreign currency transactions and balances

The Company's standalone financial statements are presented in Indian Rupees (₹), which is also its functional currency.

Transactions in foreign currency are initially recorded at exchange rates prevailing on the date of transactions. Monetary items denominated in foreign currencies (such as cash, receivables, payables etc.) outstanding at the end of reporting period, are translated at the functional currency spot rate of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in the standalone statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial

transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

Any gains or losses arising due to differences in exchange rates at the time of translation or settlement are accounted for in the standalone statement of profit and loss either under the head foreign exchange fluctuation or interest cost, as the case may be, except those relating to long-term foreign currency monetary items.

c) Revenue recognition

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised services to the customers in an amount that reflects the consideration the Company expects to receive in exchange for those services ("transaction price"). When there exists uncertainty as to collectability, revenue recognition is postponed until such uncertainty is resolved.

Revenue is measured on the basis of transaction price, after deduction of any discounts and any taxes or duties collected on behalf of the Government such as goods and services tax, etc. Revenue is only recognised to the extent that it is highly probable a significant reversal will not occur.

Sale of services

The contract with customer, generally contains a single performance obligation and revenue is recognized over time based on satisfaction of performance criteria included in contractual arrangements with customers, measured at transaction price. The Company does not expect to have any contracts where the period between the transfer of the promised services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money. Refer note 19 for details.

The Company's trade receivables are rights to consideration that are unconditional. Unbilled revenues comprising revenues in excess of invoicing are classified as financial asset when the right to consideration is unconditional and is due only after a passage of time.

Interest Income

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective

interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included under other income in the standalone statement of profit and loss.

Dividend income

Dividend income is recognized when the Company's right to receive dividend is established.

d) Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax is recognised in the standalone statement of profit and loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the Balance Sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and,

at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax is recognised in the standalone statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the deferred tax is also recognised in other comprehensive income or directly in equity, respectively.

e) **Property, plant and equipment**

Property, plant and equipment are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and any attributable cost of bringing the asset to its working condition and location for the intended use. All other repair and maintenance costs are recognised in the standalone statement of profit and loss as incurred. Subsequent expenditure on property, plant and equipment after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Depreciation is provided on the basis of straight-line method at the useful life and in the manner prescribed in Schedule II of the Companies Act, 2013. Management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The following are the useful lives considered by the management:

Asset class	Useful life (in years)
Computers	3
Office equipment	5
Furniture and Fixtures	10
Vehicles	8

An item of property, plant and equipment and any significant part initially recognised is derecognised

upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from de-recognition of a tangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the standalone statement of profit and loss when the asset is derecognised.

f) **Leases**

The Company as a lessee

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or

the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the remeasurement of lease liability due to modification as an adjustment to the Right-of-use asset and Statement of Profit and Loss depending upon the nature of modification. Where the carrying amount of the Right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the remeasurement in the Statement of Profit and Loss.

g) Employee benefits

Short term benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined contribution plans

The Company's contributions to defined contribution plans are charged to the statement of profit and loss as and when the services are received from the employees.

Defined benefit plans

The liability in respect of defined benefit plans and other post-employment benefits is calculated using the projected unit credit method consistent with the advice of qualified actuaries. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of government bonds that have terms to maturity approximating to the terms of the related defined benefit obligation. The current service cost of the defined benefit plan, recognised in the statement of profit and loss in employee benefit expense, reflects the increase in the defined benefit obligation resulting from employee service in the current year, benefit changes, curtailments and settlements. Past service costs are recognised immediately in the statement of profit and loss. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of

plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions for defined benefit obligation and plan assets are recognised in OCI in the period in which they arise. The Company recognises gains or losses on the settlement of a defined benefit plan obligation when the settlement occurs.

Compensated absences

The Company operates a long-term leave encashment plan in India. Accrued liability for leave encashment including sick leave is determined on actuarial valuation basis using Projected Unit Credit (PUC) Method at the end of the year and provided completely in profit and loss account as per Ind AS - 19 "Employee Benefits". The Company presents the entire leave as a current liability in the Standalone Balance Sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

h) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in one category:

- Debt instruments at amortised cost

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balances.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables that do not contain a significant financing component.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument; and
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the standalone statement of profit and loss. This amount is reflected under the head 'other expenses' in the standalone statement of profit and loss. The standalone balance sheet presentation for various financial instruments is described below:

- Financial assets measured at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the standalone balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings or payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the standalone statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes

in own credit risk are recognized in OCI. These gains/ losses are not subsequently transferred to the standalone statement of profit and loss. However, the company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the standalone statement of profit and loss. The company has not designated any financial liability as at fair value through profit and loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the standalone statement of profit and loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the standalone statement of profit and loss.

This category generally applies to borrowings from banks.

Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid as per agreed terms. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the standalone statement of profit and loss.

i) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends, if any, and attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

j) Cash flow statement

The standalone cash flow statement is prepared in accordance with the Indirect method. Standalone cash flow statement presents the cash flows by operating, financing and investing activities of the Company. Operating cash flows are arrived by adjusting profit or loss before tax for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments, and items of income or expense associated with investing or financing cash flows.

k) Cash and cash equivalents

Cash and cash equivalent in the standalone balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the standalone cash flow statement, cash and cash equivalents consist of cash at banks and on hand and deposits, as defined above, net of outstanding loans repayable on demand from banks as they are considered an integral part of the Company's cash management.

l) Cash dividends to equity holders

Annual dividend distribution to the shareholders is recognised as a liability in the period in which the dividend is approved by the shareholders. Any interim dividend paid is recognised on approval by Board of Directors. Dividend payable on distribution is recognised directly in equity.

m) Investments in subsidiary

The Company has elected to recognize its investments in equity instruments in subsidiary at cost in accordance with the option available in Ind AS 27, 'Separate Financial Statements'.

2.3 Key accounting estimates, judgements and assumptions

The preparation of the Company's standalone financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

a. Defined benefit plans and other long-term benefit plan

The cost and present value of the defined benefit gratuity plan and leave encashment (other long-term benefit plan) are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation and other long-term benefits are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

b. Useful lives of depreciable assets

Management reviews the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets to the Company.

c. Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives.

d. Expected credit loss on financial assets

On application of Ind AS 109, the impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history of collections, customer's credit-worthiness, existing market conditions as well as forward looking estimates at the end of the each reporting period.

2.4 Standards and recent pronouncements issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31 March 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

29. Financial risk management objectives and policies

Financial Risk Management Framework

The Board of Directors is responsible for developing and monitoring the Company's risk management policies.

The Company's principal financial liabilities comprises of borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables and cash and bank balances that the Company derives directly from its operations.

The Company is exposed primarily to credit risk, liquidity risk and market risk, which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Company.

A. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk arises primarily from financial assets such as trade receivables, balances with banks and loan and other receivables.

Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, cash and bank balances and loans. None of the financial instruments of the Company result in material concentration of credit risk.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹4,072.34 as of 31 March 2025 (31 March 2024: ₹4,094.39) being the total of the carrying amount of financial assets.

Financial assets that are neither past due nor impaired

None of the Company's cash equivalents, loans and other financial assets were either past due or impaired as at 31 March 2025 and 31 March 2024. The Company has diversified its portfolio of investment in cash and cash equivalents and term deposits with various banks which have secure credit ratings, hence the risk is reduced. Loans given to related parties are tested for impairment where there is an indicator. Other financial assets represent security deposits given to lessors and other assets. Credit risk associated with such deposits and other assets is relatively low.

Financial assets that are past due but not impaired

The Company's credit period for customers generally 30 days. The aging of trade receivables that are past due but not impaired is given below:

Particulars	31 March 2025	31 March 2024
Past due not impaired:		
0 - 30 days	163.57	587.94
More than 30 days	258.55	80.14
Total	422.12	668.08

Ind AS requires expected credit losses to be measured through a loss allowance. The Company assesses at each balance sheet date whether a financial asset or a group of financial assets are impaired. Expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition. The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix if they past due. The provision matrix takes into account historical credit loss experience and is adjusted for forward-looking information. Based on such data, loss on collection of receivable is not material, hence no additional provision considered.

B. Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining cash and cash equivalents and the cash flows generated from operations.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

Independent Auditor's Report

To the Members of Sagarsoft (India) Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of Sagarsoft (India) Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), as listed in **Annexure 1**, which comprise the Consolidated Balance Sheet as at 31 March 2025, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India of the consolidated state of affairs of the Group, as at 31 March 2025, and their consolidated profit (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
5. We have determined the matter described below to be the key audit matter to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
Revenue recognition <ul style="list-style-type: none"> The Group derives revenue primarily from staffing and Information Technology (IT) related services. Revenue is recognised as the related services are performed in accordance with contractual terms. The Group's invoicing cycle is on contractual predetermined dates and recognised as receivables based on customer acceptances for delivery of work / attendance of staff. There is a risk of revenue being overstated, resulting from pressure the management may feel to achieve the performance targets at the reporting period end. 	Our audit included, but was not limited to, the following procedures: <ul style="list-style-type: none"> Assessed the appropriateness of the revenue recognition accounting policies in accordance with Ind AS 115 – Revenue from contracts with customers ('Ind AS 115'). Evaluated the design, implementation and tested the operating effectiveness of key controls over revenue recognition. Performed substantive testing by selecting samples of revenue transactions recorded during the year by verifying the underlying documents, which include service agreements approval of the project manager and / or customer approved time sheets.

Key audit matter	How our audit addressed the key audit matter
<ul style="list-style-type: none"> Due to materiality of the amounts involved and above said considerations, revenue recognized from staffing and IT related services is determined to be a key audit matter for the current year audit. Refer Note 2.2(d) to the Consolidated Financial Statements – Summary of the material accounting policies and Note 18 for the revenue recognized during the year. 	<ul style="list-style-type: none"> Tested the completeness of revenue by mapping the cost incurred towards the billable staff working on various projects to the invoices billed / recognized during the year. Obtained confirmations on a sample basis from customers for balances outstanding as at the year end. Evaluated the appropriateness and adequacy of disclosures made in the consolidated financial statements for revenue recognition from sale of staffing and IT related services for appropriateness in accordance with the accounting standards.

Information other than the Consolidated Financial Statements and Auditor's Report thereon

6. The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

7. The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS specified under Section 133 of the Act read with the Companies

(Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India. The Group's Board of Directors are also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of consolidated Ind AS financial statements. Further, in terms of the provisions of the Act the Group's Board of Directors are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.

8. In preparing the consolidated financial statements, the Group's Board of Directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
9. The Group's Board of Directors are also responsible for overseeing the financial reporting process of the companies included in the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

11. As part of an audit in accordance with Standards on Auditing specified under Section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate,

to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern;

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the consolidated financial statements, of which we are the independent auditors.

12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other matter

15. We did not audit the financial information of two subsidiaries, whose financial information reflects total assets of ₹35.50 Lakhs as at 31 March 2025, total revenues of Nil and net cash inflows amounting to ₹31.90 Lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial information are unaudited and has been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it

relates to the amounts and disclosures included in respect of the aforesaid subsidiaries, is based solely on such unaudited financial information. In our opinion and according to the information and explanations given to us by the management, these financial information are not material to the Group.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matter with respect to our reliance on the financial information certified by the management.

Report on other Legal and Regulatory Requirements

16. As required by Section 197(16) of the Act, based on our audit, we report that the Holding Company whose financial statements have been audited under the Act have paid remuneration to their respective directors during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V to the Act.
17. As required by clause (xxi) of paragraph 3 of Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of Section 143(11) of the Act based on the consideration of the Order report issued by us, of companies included in the consolidated financial statements and covered under the Act we report that there are no qualifications or adverse remarks reported in the respective Order reports of such companies.
18. As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - b) Except for the matters stated in paragraph 18(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;
 - c) The consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d) In our opinion, the aforesaid consolidated financial statements comply with Ind AS

specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015;

- e) On the basis of the written representations received from the directors of the Holding Company, and taken on record by the Board of Directors of the Holding Company, covered under the Act, none of the directors of the Group, are disqualified as on 31 March 2025 from being appointed as a director in terms of Section 164(2) of the Act.
- f) The qualification relating to the maintenance of accounts and other matters connected therewith with respect to the consolidated financial statements are as stated in paragraph 18(b) above on reporting under Section 143(3) (b) of the Act and paragraph 18(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended);
- g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, and the operating effectiveness of such controls, refer to our separate report in '**Annexure A**' wherein we have expressed an unmodified opinion; and
- h) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. There were no pending litigations as at 31 March 2025 which would impact the consolidated financial position of the Group;
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2025;
 - iii. There were no amounts which were required to be transferred, to the Investor Education and Protection Fund by the Holding Company, during the year ended 31 March 2025;
 - iv. a. The management of the Holding Company has represented to us that, to the best of their knowledge and belief, as disclosed in note 30(i) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Holding Company to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with

the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;

- b. The management of the Holding Company has represented to us, to the best of their knowledge and belief, as disclosed in the note 30(ii) to the accompanying consolidated financial statements, no funds have been received by the Holding Company, from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Holding Company, its shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c. Based on such audit procedures performed by us, as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
- v. As stated in note 26 to the accompanying consolidated financial statements, the Board of Directors of the Holding Company have proposed final dividend for the year ended 31 March 2025 which is subject to the approval of the members at

the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend. In respect of the dividend paid during the year ended 31 March 2025 by the holding company that was declared for the previous year is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.

- vi. As stated in note 36 to the consolidated financial statements and based on our examination which included test checks, the Holding Company, in respect of financial year commencing on 1 April 2024, has used an accounting software (Tally Prime) for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Furthermore, the audit trail has been preserved by the Holding Company as per the statutory requirements for record retention, except for the period 1 April 2023 to 31 May 2023.

Annexure A to the Independent Auditor's Report of even date to the members of Sagarsoft (India) Limited on the consolidated financial statements for the year ended 31 March 2025

Independent Auditor's Report on the internal financial controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the consolidated financial statements of Sagarsoft (India) Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), as at and for the year ended 31 March 2025, we have audited the internal financial controls with reference to financial statements of the Holding Company, which is a company covered under the Act, as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The Board of Directors of the Holding Company, is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note

require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Holding Company, as aforesaid.

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company, which is company covered under the Act, has in all material respects, adequate internal financial controls with reference to consolidated financial statements and such controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

2.2 Summary of material accounting policies

a) Basis of consolidation

Subsidiaries

Subsidiaries are all entities (including special purpose entities) that are controlled by the Parent Company. Control exists when the Parent Company is exposed to or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through power over the entity. In assessing control, potential voting rights are considered only if the rights are substantive. The financial statements of subsidiaries are included in these consolidated financial statements from the date that control commences until the date that control ceases. Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and consolidated balance sheet, respectively. For the purpose of preparing these consolidated financial statements, the accounting policies of subsidiaries have been changed where necessary to align them with the policies adopted by the Parent Company.

Consolidation procedure:

- (a) Combine like items of assets, liabilities, equity, income, expenses, and cash flows of the Parent Company with those of its subsidiaries.
- (b) Offset (eliminate) the carrying amount of the Parent Company's investment in each subsidiary and the Parent Company's portion of equity of each subsidiary.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses, and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognised in assets, such as Property, plant and equipment are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the Parent Company and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

List of entities included in the consolidated financial statements is as under:

Name of the entity	Relationship	Country of incorporation	Proportion of ownership interest as at	
			31 March 2025	31 March 2024
ITCATS LLC	Subsidiary	USA	100%	100%
SAPPLICA INC #	Step-down Subsidiary	USA	60%	60%
ELITE COMPUTER CONSULTANTS, L.P.@	Step-down Subsidiary	USA	100%	-

IT CATS LLC has invested in Sapplica Inc. on 05 March 2024.

@ IT CATS LLC acquired Elite Computer Consultants, L.P. on 28 February 2025.

b) Current vs non-current classification:

The Group presents assets and liabilities in the Consolidated balance sheet based on current / non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current

A liability is current when it is:

- Expected to be settled in normal operating cycle
- Held primarily for the purpose of trading
- Expected due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition

of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

c) Foreign currency transactions and balances

The Group's Consolidated financial statements are presented in Indian Rupees (₹), which is also its functional currency.

Transactions in foreign currency are initially recorded at exchange rates prevailing on the date of transactions. Monetary items denominated in foreign currencies (such as cash, receivables, payables etc.) outstanding at the end of reporting period, are translated at the functional currency spot rate of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in the Consolidated statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

Any gains or losses arising due to differences in exchange rates at the time of translation or settlement are accounted for in the Consolidated statement of profit and loss either under the head foreign exchange fluctuation or interest cost, as the case may be, except those relating to long-term foreign currency monetary items.

d) Revenue recognition

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised services to the customers in an amount that reflects the consideration the Group expects to receive in exchange for those services ("transaction price"). When there exists uncertainty as to collectability, revenue recognition is postponed until such uncertainty is resolved.

Revenue is measured on the basis of transaction price, after deduction of any discounts and any taxes or duties collected on behalf of the Government such as goods and services tax, etc. Revenue is only recognised to the extent that it is highly probable a significant reversal will not occur.

Sale of services

The contract with customer for staffing and Information Technology related services, generally contains a single performance obligation and revenue is recognized over time based on satisfaction of performance criteria included in contractual arrangements with customers, measured at transaction price. The Group does not expect to have any contracts where the period between the transfer of the promised services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money. Refer note 18 for details.

The Group's receivables are rights to consideration that are unconditional. Unbilled revenues comprising revenues in excess of invoicing are classified as financial asset when the right to consideration is unconditional and is due only after a passage of time. Unbilled revenues are presented under trade receivables.

Interest income

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call, and similar options) but does not consider the expected credit losses. Interest income is included under other income in the Consolidated statement of profit and loss.

e) Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax is recognised in the Consolidated statement of profit and loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the Balance Sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax is recognised in the Consolidated statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the deferred tax is also recognised in other comprehensive income or directly in equity, respectively.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

f) Property, plant and equipment

Property, plant and equipment are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and any attributable cost of bringing the asset to its working condition and location for the intended use. All other repair and maintenance costs are recognised in the Consolidated statement of profit and loss as incurred. Subsequent expenditure on property, plant and equipment after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from de-recognition of a tangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Consolidated statement of profit and loss when the asset is derecognised.

Depreciation is provided on the basis of straight-line method at the useful life and in the manner prescribed in Schedule II of the Companies Act, 2013 for assets held by the Holding Company. The subsidiary depreciates its assets over the estimated useful life of 5 to 7 years. Management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used

g) Leases

The Group as a lessee

The Group's lease asset classes primarily consist of leases for buildings. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the

Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For leases with reasonably similar characteristics, the Group, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Group is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Group recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the Right-of-use asset and Statement of Profit and Loss depending upon the nature of modification. Where the carrying amount of the Right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognises any remaining amount of the re-measurement in the Statement of Profit and Loss.

h) Business combinations and goodwill

Business combinations are accounted for using the acquisition method, regardless of whether equity instruments or other assets are acquired. The acquisition date is the date on which control is transferred to the acquirer. Control exists when the

Company is exposed to or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through power over the entity. In assessing control, potential voting rights are considered only if the rights are substantive.

The Company determines that it has acquired a business when the acquired set of activities and assets include an input and a substantive process that together significantly contribute to the ability to create outputs. The acquired process is considered substantive if it is critical to the ability to continue producing outputs, and the inputs acquired include an organised workforce with the necessary skills, knowledge, or experience to perform that process or it significantly contributes to the ability to continue producing outputs and is considered unique or scarce or cannot be replaced without significant cost, effort, or delay in the ability to continue producing outputs.

The consideration transferred for the acquisition of a subsidiary is comprised of:

- fair values of the assets transferred;
- liabilities incurred to the former owners of the acquired business;
- equity interests issued by the Company;
- fair value of any asset or liability resulting from a contingent consideration arrangement; and
- fair value of any pre-existing equity interest in the subsidiary.

At the acquisition date, the identifiable assets acquired, and liabilities and contingent liabilities assumed are, with limited exceptions, measured initially at their fair values. For each business combination, the Company elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

Contingent consideration is classified either as equity or a financial liability. Contingent consideration classified as equity is not re-measured and its subsequent settlement is accounted for within equity. Amounts classified as a financial liability are subsequently re-measured to fair value, with changes in fair value recognised in the consolidated statement of profit and loss.

Goodwill is initially measured at cost, being the excess of the aggregate of:

- the consideration transferred,
- the amount of any non-controlling interest in the acquired entity, and

- the acquisition-date fair value of any previous equity interest in the acquired entity.

over the fair value of the net identifiable assets acquired.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

If the fair value of the net identifiable assets acquired exceeds the consideration transferred, the excess is recognized as a gain on bargain purchase in the consolidated statement of profit and loss. Conversely, if the consideration transferred exceeds the fair value of net assets acquired, the difference is allocated to identifiable intangible assets such as customer contracts, where applicable, and the remainder, if any, is recognized as goodwill.

Customer Contracts

Customer contracts acquired in a business combination are recognized as identifiable intangible assets when they meet the recognition criteria under Ind AS 103 and Ind AS 38. These are initially measured at fair value as at the acquisition date and are subsequently amortized over their estimated useful lives, which are determined based on the expected pattern of economic benefits, typically on a straight-line basis.

i) Employee benefits

Short term benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined contribution plans

The Company's contributions to defined contribution plans are charged to the consolidated statement of profit and loss as and when the services are received from the employees.

Defined benefit plans

The liability in respect of defined benefit plans and other post-employment benefits is calculated using the projected unit credit method consistent with the advice of qualified actuaries. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of government bonds that have terms to maturity

approximating to the terms of the related defined benefit obligation. The current service cost of the defined benefit plan, recognised in the consolidated statement of profit and loss in employee benefit expense, reflects the increase in the defined benefit obligation resulting from employee service in the current year, benefit changes, curtailments, and settlements. Past service costs are recognised immediately in the consolidated statement of profit and loss. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the consolidated statement of profit and loss. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions for defined benefit obligation and plan assets are recognised in OCI in the period in which they arise. The Company recognises gains or losses on the settlement of a defined benefit plan obligation when the settlement occurs.

Compensated absences

The Group operates a long-term leave encashment plan in India. Accrued liability for leave encashment including sick leave is determined on actuarial valuation basis using Projected Unit Credit (PUC) Method at the end of the year and provided completely in profit and loss account as per Ind AS - 19 "Employee Benefits". The Group presents the entire leave as a current liability in the Consolidated Balance Sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

j) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets, excluding trade receivables are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Trade receivables that do not contain a significant financing component are measured at transaction price.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in one category:

- Debt instruments at amortised cost

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balances

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables that do not contain a significant financing component.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the

expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Consolidated statement of profit and loss. This amount is reflected under the head 'other expenses' in the Consolidated statement of profit and loss. The Consolidated balance sheet presentation for various financial instruments is described below:

Financial assets measured at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the Consolidated balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings or payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid as per agreed terms. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced

by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Consolidated statement of profit and loss.

k) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends, if any, and attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares, if any.

l) Cash flow statement

The Consolidated cash flow statement is prepared in accordance with the Indirect method. Consolidated cash flow statement presents the cash flows by operating, financing and investing activities of the Group. Operating cash flows are arrived by adjusting profit or loss before tax for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments, and items of income or expense associated with investing or financing cash flows.

m) Cash and cash equivalents

Cash and cash equivalent in the Consolidated balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the Consolidated cash flow statement, cash and cash equivalents consist of cash at banks and on hand and deposits, as defined above, net of outstanding loans repayable on demand from banks as they are considered an integral part of the Group's cash management.

n) Cash dividends to equity holders

Annual dividend distribution to the shareholders is recognised as a liability in the period in which the dividend is approved by the shareholders. Any interim dividend paid is recognised on approval by Board of Directors. Dividend payable on distribution is recognised directly in equity.

2.3 Key accounting estimates, judgements and assumptions

The preparation of the Group's Consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

a. Defined benefit plans and other long-term benefit plan

The cost and present value of the defined benefit gratuity plan and leave encashment (other long-term benefit plan) are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation and other long-term benefits are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

b. Useful lives of depreciable assets

Management reviews the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets to the Group.

c. Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Group's operations taking into account the location of the underlying asset and the availability of suitable alternatives.

(d) Impairment on Goodwill:

Goodwill recognized on business combination are tested for impairment at least annually or when events occur or changes in circumstances indicate that the recoverable amount of the asset or the cash generating unit (CGU) to which these pertain is less than the carrying value. The recoverable amount of the asset or the CGU is higher of value-in-use and fair value less cost of disposal. The calculation of value in use of a CGU involves use of significant estimates and assumptions which includes turnover and earnings multiples, growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions.

2.4 Standards and recent pronouncements issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31 March 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

27. Categories of Financial instruments and their fair values

The carrying amount of all financial assets and financial liabilities appearing in the consolidated financial statements are carried at amortised cost and are reasonable approximate of their fair value.

The fair value of the financial assets and financial liabilities are included at an amount at which the instruments could be exchanged in a current transaction between the willing parties, other than in a forced or liquidation sale.

28. Financial risk management objectives and policies**Financial Risk Management Framework**

The Board of Directors is responsible for developing and monitoring the Group's risk management policies.

The Group's principal financial liabilities comprises of borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the operations. The Group's principal financial assets include loans, trade and other receivables and cash and bank balances that the Group derives directly from its operations.

The Group is exposed primarily to credit risk, liquidity risk and market risk, which may adversely impact the fair value of its financial instruments. The Group assesses the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Group.

A. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk arises primarily from financial assets such as trade receivables, balances with banks and loan and other receivables.

Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, cash and bank balances and loans. None of the financial instruments of the Company result in material concentration of credit risk.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹8,719.62 as of 31 March 2025 (31 March 2024: ₹8,686.01) being the total of the carrying amount of financial assets.

Financial assets that are neither past due nor impaired

None of the Group's cash equivalents were either past due or impaired as at 31 March 2025 and 31 March 2024. The Group has diversified its portfolio of investment in cash and cash equivalents and term deposits with various banks which have secure credit ratings, hence the risk is reduced. Loans given to related parties are tested for impairment where there is an indicator. Other financial assets represent security deposits given to lessors and other assets. Credit risk associated with such deposits and other assets is relatively low.

Financial assets that are past due but not impaired

The Group's credit period for customers generally ranges from 30-100 days. Ageing of trade receivables that are past due but not impaired is as under:

Particulars	As at	
	31 March 2025	31 March 2024
Past due not impaired:		
0 - 30 days	794.20	1,116.00
More than 30 days	615.05	458.30
Total	1,409.25	1,574.30

Ind AS requires expected credit losses to be measured through a loss allowance. The Company assesses at each balance sheet date whether a financial asset or a group of financial assets are impaired. Expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition. The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix and loans if they past due. The provision matrix takes into account historical credit loss experience and is adjusted for forward-looking information. Based on such data, loss on collection of receivable is not material, hence no additional provision considered.

B. Liquidity risk

Liquidity risk refers to the risk that the Group cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Group manages liquidity risk by maintaining cash and cash equivalents and the cash flows generated from operations.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

As at 31 March 2025	On demand	Up to 1 year	More than 1 year	Total

C. Market risk:

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

i. Foreign exchange risk:

Foreign currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The majority of Holding Company's revenue is generated in US dollars, as a result, as the rupee appreciates or depreciates against foreign currencies, the results of the entity's operations are impacted.

(a) Significant foreign currency risk exposure relating to financial assets expressed in ₹ terms are as follows:

Particulars	31 March 2025	31 March 2024

USD sensitivity		
₹/USD - Increase by 5%	159.09	193.21
₹/USD - Decrease by 5%	(159.09)	(193.21)

ii Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's investments and borrowings are fixed interest rate bearing instruments. Therefore, the Group is not exposed to interest rate risk.

29. Capital risk management

Capital includes equity capital and all other reserves attributable to the equity holders of the parent. The primary objective of the capital management is to ensure that it maintain an efficient capital structure and healthy capital ratios in order to support its business and maximise shareholder's value. The Group manages its capital structure and make adjustments to it, in light of changes in economic conditions or its business requirements. To maintain or adjust the capital structure, company may adjust the dividend payment to shareholders return capital to shareholders or issue new shares.

The Group monitors capital using a debt to capital employed ratio which is debt divided by total capital plus debt. The Group's policy is to keep this ratio at an optimal level to ensure that the debt related covenants are complied with. However, as at 31 March 2025 and 31 March 2024, the Group's cash and cash equivalents exceeded its debt (including lease liabilities), resulting in a net cash position.

30. Disclosure pursuant to requirements of Rule 11(e) (i) & (ii) of the Companies (Audit and Auditors) Rules

- (i) No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Group to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries") with the understanding, whether recorded in writing or otherwise, that the Intermediary shall lend or invest in party identified by or on behalf of the Group (Ultimate Beneficiaries).

37. Goodwill

Goodwill arising upon business combinations is not amortised but tested for impairment at least annually or more frequently if there is any indication that the cash generating unit to which goodwill is allocated is impaired. For the purposes of impairment testing, carrying amount of goodwill has been allocated to the following Cash Generating Unit (CGU) as follows:

Particulars	As at	
	31 March 2025	31 March 2024
Business acquisition of ITCATS LLC		
Opening balance	868.64	868.64
Additions during the year	-	-
Impaired during the year	-	-
Closing balance	868.64	868.64

The recoverable amount of goodwill has been assessed using a value-in-use model. Value in use is calculated as the net present value of the projected post-tax cash flows plus a terminal value of the cash generating unit to which the goodwill is allocated. Initially a post-tax discount rate is applied to calculate the net present value of the post-tax cash flows. The cash flow projections include specific estimates for five years developed using internal forecasts and a

(All amounts in ₹ lakhs, except share data and where otherwise stated)

terminal growth rate thereafter of 3.80% per annum, discounted using weighted average cost of capital of 17%. The planning horizon reflects the assumptions for short-to-mid term market developments which are based on key assumptions such as margins, expected growth rates based on past experience, new product launches and management's expectations / extrapolation of normal increase / steady terminal growth rate. Discount rate reflects the current market assessment of the risks.

The management believes that any reasonable possible change in the key assumptions would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the cash generating unit.

38. Business combinations
