**Item No. 2:****ISSUANCE, OFFER AND ALLOTMENT OF COMPULSORILY CONVERTIBLE CUMULATIVE PREFERENCE SHARES OF FACE VALUE OF ₹ 10/- EACH ON PREFERENTIAL BASIS.****Rationale/Objective of Issue:**

- 1. Introduction:** IDFC FIRST Bank is a new-age private sector bank with a vision to create a world class bank in India, focused on Ethical, Digital, and Social Good Banking. It is spread over 60,000 locations including cities, towns, and villages across India.

Over the last six years, IDFC FIRST Bank has undergone a successful transformation—from its legacy as an infrastructure-focused DFI to becoming a modern, technology-driven, pan-India, universal bank. Its services include Retail, MSME, rural, corporate, Trade Finance, Working Capital, Wealth management, Private Banking, Government Banking, Fastag, Cash management, NRI and treasury solutions.

- 2. Business Progress:** It has set up 971 branches which are fresh, spacious, digitally equipped, and has customer friendly staff, and has 1208 ATMs. While it has a physical network, it is built with digital capabilities in approach, scale and scope.

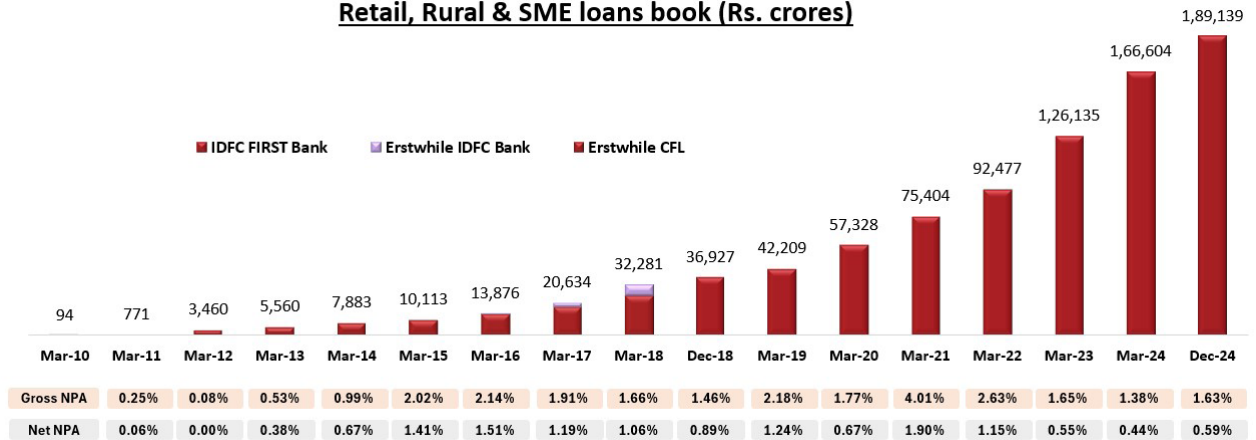

Its franchise is supported by modern, user-friendly digital interface. Deposits grew 6X from ₹ 38,455 crore in December 2018 to ₹ 2,27,316 crore in December 2024. The Bank has inculcated high levels of customer service as one of its key cultural traits. It is also supported by a strong brand, digital user-friendly interface, and technology capabilities.

CASA Ratio grew from 8.7% to 47.7%. The Bank's customer deposits are currently growing at 25.2% YoY and Loans & Advances growing by 20.3% YoY (March 31, 2025, provisional numbers as disclosed). Retail Deposits % as per LCR disclosures have increased from 12.2% to 63% and have reached the league of top 4 private sector banks within six years of merger. Credit Deposit Ratio declined materially from 137% to 95.7%.

*Credit Deposit ratio, including investment in corporate bonds reduced from 169% in December 2018 to 97.5% in December 2024. Loans & Advances include credit substitutes. LCR Deposits are based on average deposits for the quarter ending December 31, 2024.*

- 3. Loan book growth:** The Bank intends to grow the loan book of Retail, Rural, MSME, Commercial, as well as Corporate. The capital will be used for growth of these loans. For instance, the Bank has developed strong capabilities to grow Retail, Rural and MSME business over multiple cycles, and has consistently scaled from ₹ 94 crore in 2010 to ₹ 1.97 lakh crore in 15 years, both institutions put together. This book was initially built at Capital First and scaled at the Bank. We have also launched more businesses along the way. The Bank has maintained high asset quality in this segment, GNPA of ~2% and NNPA ~1% for 14 years across cycles. We expect to continue to grow this business into the future as well with the capital so raised.

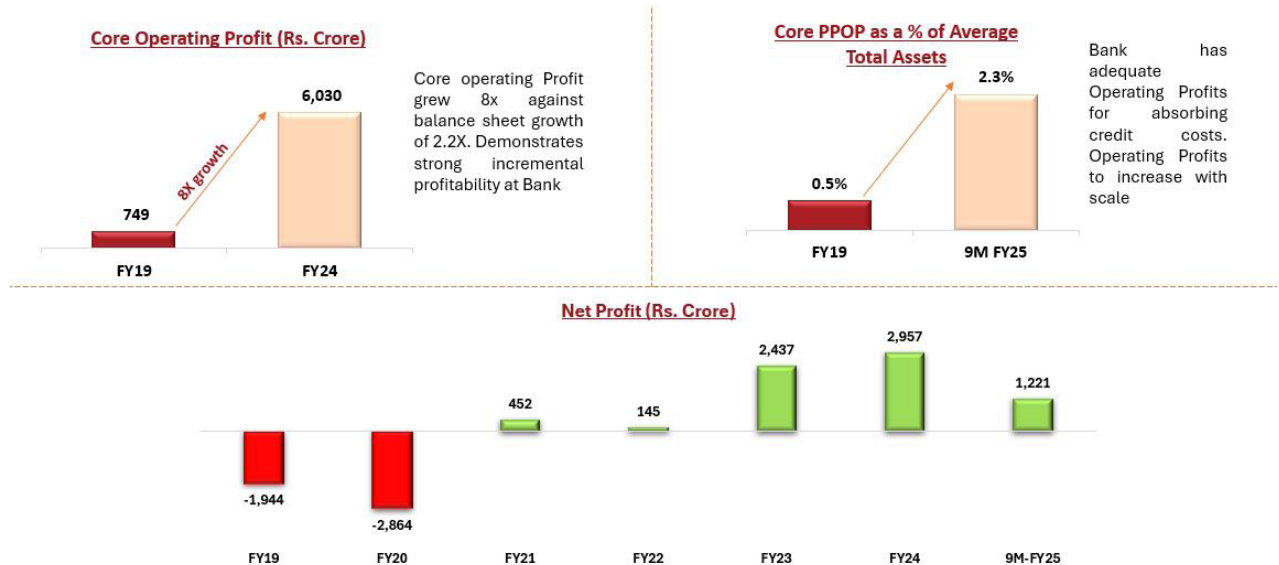

**Retail, Rural & SME loans book (Rs. crores)**

4. **Digital Capabilities:** Bank's mobile banking app was rated #1 in India and #4 globally by Forrester in Digital Experience: Indian Mobile Banking Applications, Q3 2024 and Digital Experience Review™: Global Mobile Banking Apps, Q4 2024.

On the lending side, by using AI/ ML-based underwriting models and API connectivity to India's new digital ecosystems, the Bank has built capabilities for originating high-quality Retail, Rural, and MSME loans, and has built a stable corporate Banking business.

5. **Profitability:** The digital approach in building the Bank has helped increase Core operating profit by 8X from ₹ 749 crore (FY19) to ₹ 6,030 crore (FY24), against balance sheet growth of 2x, demonstrating strong incremental profitability. PAT rose from a loss of ₹ 1,944 crore in FY19 to a profit of ₹ 2,957 crore in FY24.

However, profitability dipped in 9M-FY25 due to industry wide challenges in microfinance. Impact of MFI crisis is tapering off with improvement in collection efficiency in this business.

Core operating profit (Core PPOP) excludes trading gains. All FY19 numbers are as per reported financials for the full year. 9M-FY25 Core Operating Profit was ₹ 5,451 crore.

6. **Set-up stage businesses moving towards profitability.**

We have primarily three key components which sum up to the overall profitability of the Bank.

- Loans:** Already has strong profitability with Cost: Income at 55%. Operating Profit strong at 4.3% (Fig 1)
- Deposits:** Raising Deposits involves branches, ATMs, technology, brand, systems, people etc. This is making loss yet because of set-up stage but moving consistently towards profitability every year. This will break even with scale. (Fig 2)

- (c) **Credit Cards:** Credit Cards is currently making loss because it is a newly launched business but is fast moving towards profitability. Operational breakeven has been quickly achieved within 4 years (Launched in FY 22). (Fig 3) Deposits, Credit Cards and other newly launched businesses are expected to break even with scale which will improve overall profits at the Bank.

## 7. Improving Operating Leverage is a key focus of the Bank.

Technology transformation projects and cost cuts are delivering results. YoY growth in Opex is reducing for the last four consecutive Quarters based on initiatives taken at the Bank. We expect to cut further costs using technology, resulting in improved operating leverage.

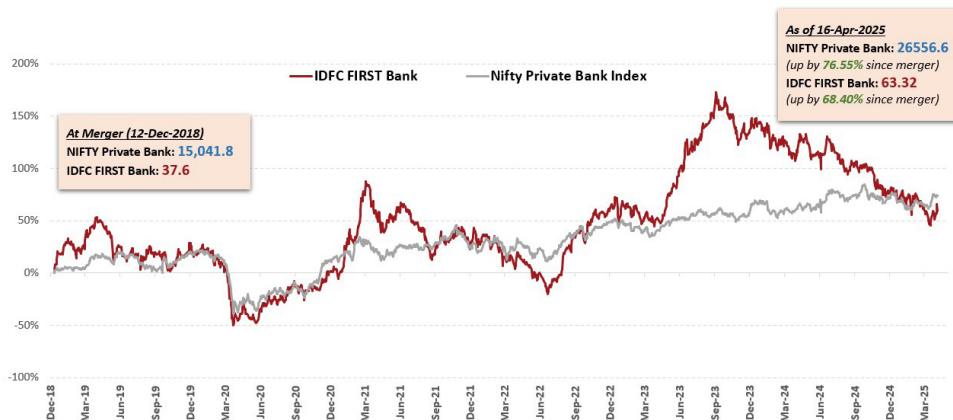

## 8. Growth Capital to scale up the bank:

As mentioned earlier, the Bank has set up a branch network, ATMs, brand and technology to build a stable deposit franchise and launched multiple businesses to be a full-fledged universal bank. These businesses need to be scaled up for optimal profitability. Further, the Bank proposes to grow the overall loan book at ~20% for the next few years.

To enable such scale up, the Bank is raising the required capital for growth. The large fund raise will increase the capital adequacy and reduce the need for frequent fundraising at the Bank.

This high capital adequacy will position the Bank for strong and profitable growth. With this fund raise, the overall capital adequacy will increase from 16.1% to 18.9% (CET- ~16.5%, as calculated on the capital position as of December 31, 2024), strengthening the Bank's balance sheet. It is the endeavour of the Bank to be positioned for strong and self-sustaining profitable growth.
