It is clarified that Excluded Liabilities shall continue to remain the liabilities of the Transferor Company and shall not be transferred to the Transferee Company as part of the Divestment Business Undertaking and the Transferee Company shall not assume or otherwise be liable in respect of Excluded Liabilities.

- 6.1.2 Where any of the Divestment Liabilities have been partially or fully discharged by the Transferor Company on or after the Appointed Date and prior to the Effective Date, such discharge shall be deemed to have been for and on account of the Transferee Company. All the Divestment Liabilities and obligations incurred by the Transferor Company for the operations of the Divestment Liabilities on or after the Appointed Date and prior to the Effective Date shall be deemed to have been incurred for and on behalf of the Transferee Company and to the extent any Divestment Liabilities are outstanding on the Effective Date, they shall also without any further act, instrument or deed be and stand transferred to the Transferee Company and shall become the liabilities and obligations of the Transferee Company.

- 6.1.5 The transfer and vesting of the assets comprised in the Divestment Business Undertaking to and in the Transferee Company upon the coming into effect of this Scheme shall be subject to the Encumbrances, if any, affecting the same as hereinafter provided.
- 6.1.6 In so far as the existing Encumbrances in respect of the Divestment Liabilities are concerned, such Encumbrances shall, without any further act, instrument or deed be modified and shall be extended to and shall operate only over the assets comprised in the Divestment Business Undertaking which have been Encumbered in respect to the Divestment Liabilities and are transferred to the Transferee Company pursuant to this Scheme and such Encumbrances shall not relate or attach to any other assets of the Transferee Company. Provided that if any of the assets comprised in the Divestment Business Undertaking which are being transferred to the Transferee Company pursuant to this Scheme have not been Encumbered in respect of the Divestment Liabilities, such assets shall remain unencumbered and the existing Encumbrances referred to above shall not be extended to and shall not operate over such assets. The Scheme shall not operate to enlarge the Encumbrances, nor shall the Transferee Company be obliged to create any further or additional security after the Scheme has become effective or otherwise. The absence of any formal amendment which may be required by a lender or trustee or third party shall not affect the operation of the above.
- 6.1.7 In so far as any Encumbrance over Divestment Assets are concerned and to the extent that such Encumbrance relates to any Excluded Liabilities, such Divestment Asset shall, without any further act, instrument, or deed, be released and such Divestment Assets shall no longer be available as Encumbrances for such Excluded Liabilities. The absence of any formal amendment which may be required by a lender or a third party to effect such release shall not affect the operation of the foregoing sentence.
- 6.1.8 In so far as the assets of the Other Business are concerned, any Encumbrance over them, to the extent they relate to the Divestment Liabilities shall, without any further act, instrument, or deed be released and discharged from such security. The absence of any formal amendment which may be required by a lender or a third party to effect such release shall not affect the operation of the foregoing sentence.
- 6.1.9 In so far as the existing Encumbrances in respect of the loans and other liabilities relating to the Excluded Liabilities are concerned, such Encumbrances shall, without any further act, instrument or deed be continued with the Transferor Company, only on the assets relating to the Other Business and the assets of the Divestment Business Undertaking shall stand released therefrom.
- 6.1.10 If any Encumbrance of the Transferor Company for the operations of the Divestment Business Undertaking exists as on the Appointed Date, but has been partially or fully released thereafter by the Transferor Company on or after the Appointed Date but prior to the Effective Date, such release shall be deemed to be for and on account of the Transferee Company upon the coming into effect of the Scheme and all Encumbrances incurred by the Transferor Company for the operations of the Divestment Business Undertaking on or after the Appointed Date and prior to the Effective Date shall be deemed to have been incurred for and on behalf of the Transferee Company, and such Encumbrances shall not attach to any property of the Transferor Company.

- 6.1.11 The provisions of this Clause shall operate, notwithstanding anything to the contrary contained in any instrument, deed or writing or the terms of sanction or issue or any security document, all of which instruments, deeds, and writings and the terms of sanction or issue of any security document shall stand modified and/or superseded by the foregoing provisions. It is expressly clarified that, save as mentioned in this Scheme, no other terms or conditions of the Divestment Liabilities are modified by virtue of this Scheme except to the extent that such amendment is required by necessary implication.
- 6.1.12 Upon the coming into effect of this Scheme, the borrowing limits of the Transferee Company in terms of Section 180(1)(c) of the Act shall be deemed increased without any further act, instrument or deed to the equivalent of the aggregate borrowings forming part of the Divestment Liabilities, if any, transferred by the Transferor Company to the Transferee Company pursuant to the Scheme. Such limits shall be incremental to the existing borrowing limits of the Transferee Company.
- 6.1.13 The interests of all the unsecured creditors of the Transferor Company in connection with the Divestment Business Undertaking and the Transferee Company, including its unsecured creditors, remain unaffected by this Scheme as the assets of the Transferee Company upon the effectiveness of the Scheme will be more than its liabilities and as such sufficient to discharge such liabilities.
- 6.1.14 Without prejudice to the provisions of the foregoing Clauses and with effect from the Effective Date, the Parties shall enter into and execute such other deeds, instruments, documents and/or writings and/or do all acts and deeds as may be required, including the filing of necessary particulars and/or modification(s) of charge, with the jurisdictional RoC to give formal effect to the provisions of this Clause.

1. Introduction and Brief History

- 1.1. Indo Gulf Fertiliser Division (“IGF Division”) of Grasim Industries Limited (“GIL” or the “Transferor”) is engaged in the business of manufacture, trading and sale of urea, customised fertilisers, agri-inputs, crop protection, plant and soil health products and speciality fertilisers and has its manufacturing facilities located at Jagdishpur, District Amethi, in the State of Uttar Pradesh, India.
- 1.2. There is a proposal before the Board of Directors of GIL to transfer the IGF Division of GIL to Indorama India Private Limited (“Transferee”) on a slump sale basis for a lump sum consideration (subject to certain customary closing adjustments as agreed between the Transferor and Transferee) under a scheme of arrangement under section 230 to 232 of the Companies Act, 2013. It is understood that the Appointed date of the transaction shall be the Effective Date.
- 1.3. In this regard, I have been called upon by the management of GIL (“the Management”) vide Engagement Letter dated November 6, 2020 to undertake the fair valuation of IGF Division for the purpose of transfer.
- 1.4. Accordingly, this valuation report (“Report”) sets out the findings of the valuation exercise. For the purpose of this Report, I have considered the Valuation Date of September 30, 2020 (“Valuation Date”).

1.5. Key financial data of IGF Division

Key financial data of IGH Division is mentioned hereunder for ready reference:

Particulars	(INR in crores)	
	FY 2018-19	FY 2019-20
<u>Revenue</u>		
Urea Business	2,517	2,339
Non-Urea Business	293	339
Total	2,810	2678
EBITDA*	253	213

Source: Management

*EBITDA is before allocation of corporate overheads and after adjusting non-operating income..

Further, above EBITDA excludes exceptional items

It may herein be noted that the Urea Business has to shut down for maintenance every 18 months. There was a shut-down in FY 2019-20 on account of the same.

2. Data obtained

2.1. I have called for and obtained such data, information, etc. as were necessary for the purpose of the assignment, which have been, as far as possible, made available to me by the Management.

Appendix A hereto broadly summarizes the data obtained.

2.2. For the purpose of my assignment, I have relied on such data summarized in the said Appendix and other related information and explanations provided to me in this regard.

3. Approach to Valuation

- 3.1. As mentioned above, the valuation is to be carried in accordance with the Rules based on internationally accepted pricing methodology.
- 3.2. It is universally recognized that valuation is not an exact science and that estimating values necessarily involves selecting a method or an approach that is suitable for the purpose.
- 3.3. It may be noted that the Institute of Chartered Accountants of India (ICAI) on June 10, 2018 has issued the ICAI Valuation Standards (“IVS”) effective for all the valuation reports issued on or after July 1, 2018. The IVS shall be mandatory for the valuation done under the Companies Act, 2013, and recommendatory for valuation carried out under other statutes/ requirements. I have given due cognizance to the same in carrying out the valuation exercise.
- 3.4. For the purpose of arriving at valuation of IGF, I have considered the valuation base as ‘Fair Value’. My valuation, and this report, is based on the premise of ‘going concern’. Any change in the valuation base, or the premise could have significant impact on my valuation exercise, and therefore, this Report.
- 3.5. IVS 301 on Business Valuations deals with valuation of a business or business ownership interest (i.e. it includes valuation of equity shares).
- 3.6. IVS 301 specifies that generally, the following three approaches for valuation of business/business ownership interest are used:
 - Market approach
 - Income approach
 - Cost approach
- 3.7. Each of the above approaches are discussed in the following paragraphs.

3.8. **Market Approach:**

3.8.1. Market Price Method:

This method involves determining the market price of an entity based on its traded price on the stock exchange over a reasonable period of time. The market price of GIL reflects the combined values of all the business taken together and therefore, not reflective of the isolated value of the IGF Division. Therefore, the Market Price Method is not used to determine the value of the IGF Division.

3.8.2. Comparable Companies Multiple Method (“CCM”):

This method involves valuing the equity shares by using market multiples of listed companies in the similar sphere of operations as IGF Division (“Comparable Companies” or “Comparables”) to determine its value.

- 3.8.2.1. I have used the Enterprise Value to Earnings Before Interest Tax, Depreciation and Amortization Multiple (“EV/EBITDA Multiple”) to derive the value of IGF Division under this method. I have followed the following steps to derive the value of IGF Division:

- 3.8.2.2. For the purpose of arriving at the value under this method I have considered the profitability of the IGF Division for year ended March 31, 2019 and March 31, 2020.
- 3.8.2.3. The amount of Depreciation and Interest has been added to Adjusted Profit before Tax (“APBT”) to arrive at Adjusted Earnings before Interest, Tax, Depreciation and Amortization (“Adjusted EBITDA”) for the Trailing Twelve Months (“TTM”) ended March 31, 2019 and March 31, 2020. I have considered average of the Adjusted EBITDA for the year ended March 31, 2019 and March 31, 2020 to arrive at the maintainable Adjusted EBITDA for IGF Division.
- 3.8.2.4. I have then computed the Market Capitalization of Comparable Companies in similar sphere of operations (“Comparables”) for an appropriate period as at the Valuation Date. Further, I have computed the Adjusted Market Capitalization of the Comparables by reducing the amount of cash and bank balances, other surplus assets and fair value of investments from the Market Capitalization.
- 3.8.2.5. I have then computed the Enterprise Value (“EV”) to Earnings before Interest, Tax, Depreciation and Amortization multiple (“EV/EBITDA multiple”) for Comparables. EV of the Comparables has been arrived at by adding the amount of debt, preference share capital and minority interest, if any, to the Adjusted Market Capitalization of the Comparables. The EBITDA of comparable companies is based on the average EBITDA for the year ended March 31, 2019 and the year ended March 31, 2020.
- 3.8.2.6. The Average EV/EBITDA multiple of the Comparables is applied to the EBITDA of IGF Division to arrive at the EV of the said Division.
- 3.8.2.7. The EV so arrived at is reduced by the amount lease liabilities as at the Valuation Date and by the amount of contingent liabilities likely to crystallize to arrive at the Business Value.
- 3.8.2.8. It may herein be noted that the Working Capital in the industry in which IGF Division operates is volatile and is one of the major drivers for the value. The working capital on the proposed transfer has been fixed between the Transferor and Transferee. The value derived under this method does not take into consideration the agreed amount of working capital. I have therefore, used the value under this method only as a crosscheck and not the primary method to derive the fair value of IGF Business.

3.9. **Income Approach:**

- 3.9.1. Income Approach is a valuation approach that converts maintainable or future amounts (e.g., cash flows or income and expenses) to a single current (i.e., discounted or capitalised) amount. An approach based on earnings is relevant in case of companies generating a steady stream of income.
- 3.9.2. As for IGF, I have used the DCF Method to derive a value under the Income Approach. The broad steps followed to derive a value under these approaches are discussed hereunder:

3.9.3. DCF Method:

3.9.3.1. For the purposes of arriving at a value under the DCF Method, I have relied on the projections and business plan provided by the Management. It may herein be noted that the projections are responsibility of the Management. I have, therefore, not performed any audit, review or examination of any prospective information used and therefore, do not express any opinion with regards to the same. However, I have reviewed the projections for their acceptability.

3.9.3.2. Under the DCF Approach, the future cash flows are appropriately discounted to arrive at a value of the enterprise on a going concern basis. This value would, primarily, be based on the present value of such future cash flows generated.

I have considered the Projected Earnings before Depreciation, Interest, Tax and Amortisation (“EBIDTA”) adjusted for non-operating income and expenses of IGF for future three years starting from the Financial Year to end on March 31, 2021 to the Financial Year to end on March 31, 2024.

3.9.3.3. Such EBIDTA is then adjusted for the projected tax out-flow, capital outlays and also by increase or decrease in working capital so as to arrive at “Free Cash Flows” available for the respective future years.

3.9.3.4. Perpetuity beyond the projected period is considered as follows:

3.9.3.4.1. For the Urea Business: based on the normalised cash flows so as to get the enterprise value on a going concern basis considering a growth of 5%.

3.9.3.4.2. For Non-Urea Business: This Business is in high growth phase in the projected period. Therefore, I have used a H-model and considered that the growth rate for the non-urea business would be 20.25%¹ to 5% over a ten year period with 5% growth beyond 10 years in perpetuity.

3.9.3.5. Free Cash Flows for the projected years and the perpetuity value are discounted using the Weighted Average Cost of Capital (“WACC”) as the discounting factor to arrive at their Net Present Value (“NPV”) as at the Valuation Date. For the purpose of arriving at the WACC I have considered the industry debt equity ratio of comparable companies.

3.9.3.6. The aggregate of such present values of Free Cash Flows and the perpetuity value is the Enterprise Value of IGF as at the Valuation Date. From the enterprise value arrived at above, I have reduced the amount of contingent liabilities expected to crystallize and debt proposed to be transferred with the division to arrive at the Business Value of IGF Division. It is understood that no cash shall be transferred with the Division and debt that would be transferred would only comprise of Special Banking Arrangement Loan in respect of outstanding subsidy.

¹ Growth rate in EBITDA of the Non-Urea Business in the last projected year

3.10. Cost Approach:

3.10.1. It is a valuation approach that reflects the amount that would be required currently to replace the service capacity of an asset (often referred to as current replacement cost). IVS 301 on Business Valuations and IVS 103 on Valuation Approaches and Methods specify that common methodologies for the Cost Approach are the Replacement Cost Method and the Reproduction Cost Method. These methods involve determining the value of the asset based on the cost that would have to be incurred to recreate/replicate the asset with substantially the same utility as that of the asset under valuation.

3.10.2. I note that the IGF Division was merged with GIL pursuant to the merger of Aditya Birla Nuvo Limited in to GIL in 2017. Pursuant to the said merger, the assets and liabilities of IGF Division were recorded in the books of GIL at fair value as on the date of transfer. However, I do not have the current replacement cost of these assets. Therefore, I have not applied the cost approach to determine its value.

3.11. Fair Value:

I have arrived at the fair value of the IGF Division on the Valuation Date under DCF Approach which I have crosschecked with the business values derived under EV/EBITDA Multiple Method.

Further, it may be noted that the value obtained under both the approaches is based on a going concern assumption, which is based on perpetual existence. Therefore, the same would hold good till the underlying assumptions on growth and other factors such as the risk free rate, the equity risk premium of the market, beta of companies etc. remain in similar range.

4. Observations and Conclusion

Based on the foregoing data, considerations and following the aforesaid steps, in our opinion, the fair value of the IGF Division is Rs. 1947.8 crores. (including a Target Working Capital of Rs. 1248.8 Crs)
The fair value of IGF Division under various methods is as follow:

(Amt in Rs. crores)

Valuation Approach	IGF Division	
	Business Value	Weightage
Market Approach: EV/EBITDA Multiple Method	1730.9	Used as crosscheck – refer para 3.8.2.8
Income Approach; DCF Method	1947.8	100%
Cost Approach	-	Not considered in recommending the value- refer para 3.10
Final Business Value	1947.8

Value obtained under both the approaches is based on a going concern assumption, which is based on perpetual existence.

- a. **DCF Method:** The future cash flows are appropriately discounted to arrive at a value of the enterprise on a going concern basis ("**Enterprise Value/ EV**"). The EV so arrived at is reduced by the amount of contingent liabilities expected to crystallize, debt and debt like items proposed to be transferred with the IGF Business.
- b. **Comparable Companies Multiple Method:** The Enterprise Value / Earnings Before Interest, Tax, Depreciation & Amortisation ("**EV/EBITDA**") multiple of the comparable listed companies, i.e., companies in the similar sphere of operations ("**Comparables**") is computed. The average EV/EBITDA multiple of all such

**Review Report to
The Board of Directors
Grasim Industries Limited**

1. We have reviewed the accompanying statement of unaudited standalone financial results of Grasim Industries Limited (“the Company”) for the quarter ended 31 December 2020 and year to date from 1 April 2020 to 31 December 2020 (“the Statement”) attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements), 2015 as amended (the “Listing Regulation”).
2. This Statement, which is the responsibility of the Company’s management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 “Interim Financial Reporting” (“Ind AS 34”), prescribed under Section 133 of the Companies Act, 2013, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity” issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

(a) As per the directives of the Central and State Governments in the wake of COVID-19 pandemic, the Company had suspended operations across its plants w.e.f. 25th March, 2020, except for Fertiliser business, where operations continued uninterrupted. During the quarter ended 30th June 2020, the Company resumed operations at all its' plants in accordance with the Government guidelines and is continuously in process of further scaling up the operations. The management believes that impact is short term and temporary in nature and there is no significant impact on recoverability of carrying value of its assets and future operations.

(b) Estimation uncertainty relating to COVID-19 global health pandemic in Aditya Birla Capital Limited (ABCL), a subsidiary of the Company:

The Group recognizes the need to make reasonable estimation of the economic impact of this pandemic on the obligation on account of policy liabilities, recoverability of Goodwill, repayment ability of its borrowers, and make additional provisions as considered appropriate, over-and-above the extant provisions as per the Group's ECL policy, for expected credit losses. The Group has segmented its portfolio basis various parameters to ascertain the likely detrimental impact on the credit risk in the portfolio as a result of the economic fallout of COVID-19 and basis its estimates, assumptions and judgements arrived at the additional provision required to take care of the expected credit loss in its financial results. Given the continued uncertainty over the potential macro-economic condition and the final decision of the Hon'ble Supreme Court in relation to NPA classification of accounts under moratorium, the impact of economic fallout of the COVID-19 on the carrying value of assets and obligations of the Group may be different from that expected as at the date of approval of these financial results. The Group will continue to closely monitor any material changes to future economic conditions and suitable adjustments as considered appropriate will be given in the respective future period.

3. Resolution Framework for COVID-19 related Stress in ABCL:

The Company and its subsidiary Ultratech Cement Limited (UltraTech) is continuing to provide for income tax at old rates, based on the available outstanding MAT credit entitlement and various exemptions and deductions available under the Income Tax Act, 1961.

However, the Company and UltraTech had applied the lower income tax rates on the deferred tax assets / liabilities to the extent these were expected to be realised or settled in the future period when the Group may be subjected to lower tax rate and accordingly reversed opening net deferred tax liability with a one-time corresponding credit of ₹ 2,350.20 Crore under deferred tax during the year ended 31st March 2020, while some of its subsidiaries, joint ventures & associates have availed the option to pay income tax at the lower rate. Consequently, wherever applicable, the opening deferred tax asset/liabilities had been measured at the lower rate, with a one-time corresponding debit of ₹ 15.89 Crore and credit of ₹ 353.98 Crore under deferred tax and share in profit/(loss) of equity accounted investees to the Statement of Profit and Loss respectively for the period nine month ended 31st December 2019 and year ended 31st March 2020.

Independent Auditor’s limited review report on unaudited quarterly and year to date consolidated financial results of Grasim Industries Limited under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

**Review Report to
The Board of Directors
Grasim Industries Limited**

1. We have reviewed the accompanying Statement of unaudited consolidated financial results of Grasim Industries Limited (“the Parent”) and its subsidiaries (the Parent and its subsidiaries together referred to as “the Group”), its associates and joint ventures for the quarter ended 31 December 2020 and year to date from 1 April 2020 to 31 December 2020 (“the Statement”) attached herewith, being submitted by the Parent pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (“the Listing Regulations”).
2. This Statement, which is the responsibility of the Parent’s Management and approved by the Parent’s Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) “Interim Financial Reporting” prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity” issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the Circular No. CIR/CFD/CMD1/44/2019 dated March 29, 2019 issued by the Securities and Exchange Board of India under Regulation 33(8) of the Listing Regulations, to the extent applicable.

4. The Statement includes the results of the entities mentioned in Annexure I to the statement.

5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of other auditors referred to in paragraph 10 and 11 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013, as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.
6. The statutory auditors of UltraTech Cement Limited ("UltraTech"), a subsidiary Company, without modifying their conclusion on the unaudited consolidated financial results of UltraTech have drawn attention to note 7 to the Statement which describes the following matters:
 - a. In terms of the Order issued by the Competition Commission of India ("CCI") against UltraTech including Demerged Cement Division of Century Textiles and Industries Limited ("Demerged Cement Division") dated 31 August 2016, the CCI had imposed penalty of Rs. 1,449.51 crores for alleged contravention of the provisions of the Competition Act, 2002 by UltraTech (including Demerged Cement Division). UltraTech (including Demerged Cement Division) had filed an appeal against the CCI Order before the Competition Appellate Tribunal ("COMPAT") which was subsequently transferred to the National Company Law Appellate Tribunal ("NCLAT"). In July 2018, NCLAT completed its hearing on the matter and disallowed the appeal filed by UltraTech (including Demerged Cement Division) against the CCI order. Aggrieved by the order of NCLAT, UltraTech (including Demerged Cement Division) has filed an appeal before the Honorable Supreme Court, which has granted a stay against the NCLAT order on the condition that UltraTech (and Demerged Cement Division) deposits 10% of the penalty amounting to Rs. 144.95 crores, which has been deposited. Based on a competent legal opinion obtained by UltraTech (and Demerged Cement Division), UltraTech believes that it has a good case in this matter. Considering the uncertainty relating to the outcome of this matter, no provision has been considered in the books of account.
 - b. UltraTech had filed an appeal before COMPAT and received the stay order dated 10 April 2017. Consequent to reconstitution of tribunals by the Government, this matter was transferred to the NCLAT for which hearing is pending. Based on a competent legal opinion, UltraTech believes that it has a good case in this matter. Considering the uncertainty relating to the outcome of this matter, no provision has been considered by UltraTech in the books of accounts.

- Our operations are subject to operational risks such as industrial accidents, breakdown of equipment and labour disputes. If any of these risks were to materialize, our business and results of operations could be adversely affected.
- We are subjected to certain risks consequent to our operations involving the manufacture, usage and storage of various hazardous substances. Accidents could result in the slowdown or stoppage of our operations and could also cause damage to life and property.
- Our inability to meet the quality norms prescribed by the Government may be detrimental to our business and any non-compliance of such norms may result in imposition of penalties or other adverse action by regulatory and statutory authorities.
- Any change in environmental laws, health and safety regulations may have a significant impact on our business.
- We rely on information technology systems, networks and infrastructure to operate our business and any interruption or breakdown in such systems, networks or infrastructure or our technical systems could impair our ability to effectively deliver our products and services.
- We have long term leasehold rights of the properties on which our Registered and Corporate Office and a few of our manufacturing facilities are located.
- Our inability to attract, train and retain qualified personnel and successfully operate our logistics centers and warehouses may have an effect on our results of operations.
